Home Lodge Directory.

Home Lodge No. 87, Andover, N. Y. Meetings on Wednesday evening. Visiting frequently. Address: W. C. T. U. Mrs. Dr. McClary, W. C. T. U.

Fire at Hornellsville.

Just as we go to press, we learn that a fire broke out in the Bros House. To what extent we are unable to learn any further than that the Osborne House is all right.

The mothers of Fredonia had a baby party a short time since. Some thirty young girls and ladies between the ages of six weeks and two years were present—82 all told besides their "mamas."—Every thing was lovely and every baby handsome.—Catt. Republican.

Mr. S. V. R. Hammond, says the Cattaraugus Republican, formerly a member of the 116th N. Y. Vols., was run over by the cars and killed, near Angola, a few days ago. The deceased was forty years of age and leaves a wife and five children in destitute circumstances.

TEACHERS INSTITUTE.—The Teachers of Allegany county will hold their next annual session, at Belmont, commencing next Monday, at 10 o'clock, and continue two weeks. It will be under the instruction of Prof. James Johannet. Able and competent Teachers will be furnished by the Department of public instruction. Prof. S. K. White of Friendship, will conduct the musical exercises.

IMPORTANT TO PRODUCERS AND STOCK BUYERS.—We understand that by a recent decision of the Commissioners of Internal Revenue, all persons who buy any kind of corn produce, and all persons buying cattle, on commission for others, or by the day, or in any way, are held to be liable to the Internal Revenue, or license tax; and that if they do not, he will add 50 per cent to the amount of the tax, if he looks them up. This is true of all kinds of business.

CHEESE SALES.—The following report of recent sales of cheese, from the several factories, we take from the Cattaraugus Republican:—Leon Factory by L. T. Wheeler, on the 20th ult., 426 boxes for 15c. Mr. Wheeler purchased 570 boxes of the Stobbens Factory, Mansfield for 15 1/2c on Monday of last week. Little Valley Factory, has sold for 15 1/4c to N. Manley. The Jewett Factory at Ellipticville, has sold to C. L. Sprague for 15 1/4c. The Allen Factory, in Mansfield has sold for 15 1/2c.

LETTERS LIST.—List of letters remaining uncalled for in the Post Office at Andover, N. Y., for the month of September, 1888:

GENTLEMEN'S LIST. John Buckley, Thomas Donnelly, G. M. Dickinson, John R. Fields, W. H. Hulbert, John Linehan, William Simkin.

LADIES LIST. Dida Mc Baker, Mary A. Hunt, Mrs. S. Hervey, Annie E. Worrell. Persons calling for the above letters will please say advertised.

GEORGE A. GREEN, P. M.

ANDOVER UNION GRADED SCHOOL.—This School under the management of Prof. Wright, is fast gaining ground as a first class school. It has now nearly two hundred scholars in attendance. Professor Wright exacts from every scholar once in two weeks, either a Composition, Declamation, or contribute an article to the paper, known as the Andover School Budget. And all the scholars seem to have for their motto, I. X. L. On Friday last we had one of these public Exhibitions and we are sorry that so few of our citizens showed an interest enough to attend. The Exhibition was good, and the reading and declamation would be hard to beat. The paper was full of interest, and was well read by Miss. Clinie Palmer, and Miss. Mary Robinson. We are in hopes to see our citizens turn out and fill the house full at the next Examination, which will be on one week from this week Friday.

Bro.—Roswin Hardy yesterday presented us with a pair of Strawberry apples. The largest one measuring 12 inches in circumference, and the smallest one 11 1/2 inches. Weighing on an average 11 3/4 ounces. They were as fine a lot of apples as we have seen in a good while, and Roswin, we appreciate your kindness in remembering us.

AN ERROR.—In an article noticing the shipment of Butter from this station, it should have read "over thirty tons" instead of "over three." This week shipments will fully equal that amount.

DEER KILLED.—On Wednesday morning last, Mr. Isaac Smith shot a deer between his house and Mr. Dittine's about one mile and a half South East of this place. We understand that several have been seen further South this fall.

Bro.—Roswin Hardy yesterday presented us with a pair of Strawberry apples. The largest one measuring 12 inches in circumference, and the smallest one 11 1/2 inches. Weighing on an average 11 3/4 ounces. They were as fine a lot of apples as we have seen in a good while, and Roswin, we appreciate your kindness in remembering us.

A SUNDAY PAPER.—Messrs. J. B. Lippincott & Co., of Philadelphia, announce that they have made arrangements for the future publication, in this country, of Dr. Guthrie's Sunday Magazine, commencing with the number for October next, forming the first of a new volume, the consecutive numbers to be issued simultaneously with their appearance in England, and to be, in respect to letterpress and illustration, a fac simile of the English edition. We have no doubt but this new publication will meet with a very liberal patronage from the American people. Terms, \$3.50 per annum. Address J. B. Lippincott & Co., 717 Market street, Philadelphia, Pa.

AMERICAN INSTITUTE.—Grand National Exhibition open daily, in New-York, is one of the most interesting places to visit in that city. The Machinery department, now in full motion, is a wonderful display, with the Bullock Printing Press, Lyell's Looms, and hundreds of Machines driven by steam and electricity. It has never been equalled on this continent in interest to all The Wool Growers, and the Manufacturers of Cotton and Silk, make a fine display. The Exhibition is enlivened Wednesday and Saturday afternoons, and every evening, by a complete orchestra.

AN EXPLOSION.—On Sunday night last, at about 8 o'clock, Wm. L. Catlin, residing at Elm Valley, started to go down cellar with a pan of Butter in one hand and a Kerosene lamp in the other, and undertook to shut the door with the hand that he held the lamp with. On the second step, some of the women had carelessly set several milk pans, and in shutting the door stepped down upon the pans, which threw him and he fell to the bottom breaking the lamp and completely covering his right side with oil, setting his clothing on fire. Mr. Catlin discovering that the outside cellar door was open, ran out into the yard where there was a lot of high grass and commenced rolling in it until he had put out the fire. Mr. C. until he had put out the fire, and his right side was badly burned through three thicknesses of cloth. Though not in any way considered serious.

This should serve as a warning to others who are likewise many time careless in handling Kerosene lamps.

The readers of the ADVERTISER will please take notice that VanSickle & Burrows still hold out their shingle and extend an invitation to all to call and examine their stock of goods, which is at all times full and complete. They are now receiving their New Fall Stock, which defies competition in variety, durability and cheapness. Aside from their general stock of Dry Goods and Domestic, your special attention is called to their line of Cloths and Cassimers, consisting of Andover Woolen Manufacturing Co.'s of all grades, also some of the finest makes of Harris Cas's, thirty-one inches wide, superior to anything else manufactured in the line of Cassimers. Just call and see them.

Any one wanting a good Stoga, Kip, or French Calf Boot, can depend upon getting as good an article as is manufactured in the State, warranted to give satisfaction. Call and examine before purchasing elsewhere.

In addition to their business they have received the agency of the Wood Improved Favorite Sewing Machine which is not second to any machine in use. Any one wanting a Sewing Machine will do well to call and examine the same on exhibition at their store.

TERRIBLE ACCIDENT AT PERKINSVILLE.—A sad and fatal accident occurred at Perkinsville, six miles south of Dansville, on Friday, the 24 ult., by which a bright, active boy lost his life. On the afternoon of that day Johnny Miller, son of Peter Miller of Perkinsville, took his elder brother's place in the saw mill of Mr. Jacob Smith and commenced his work, which was to take the boards away from the saw.

The saw, a circular one, about three feet and a half in diameter, was from the person who takes away the boards, which have to be swung over his head. Mr. John Rorer the experienced Sawyer of the mill cautioned the boy not to get too near the saw, and he took the first board over all right. In lifting the second board he got a little nearer the saw but Mr. Rorer thought he would not say anything to him. As he raised the third board and drew it towards him the saw caught the edge of the board and the boy instead of dropping to the board hung to it and in a moment he was thrown forward upon the saw, which caught him first on the right knee, and then cut him nearly in two from the knee to the left shoulder, only about half an inch of the back bone holding the two halves together. He was literally disemboweled, his intestines falling out upon the floor. As the saw struck him he ejaculated, "Oh dear!" and the next moment was dead. This sad accident of many nearly similar accidents happens throughout the country, and bespeaks greater caution on the part of those engaged about such saws.

A SUPERB JOURNAL FOR ANY HOME.—We do not believe there is any way in which our readers could invest the small sum of one dollar and a half where it would bring them so large returns, both in profit and satisfaction, as in a subscription for the elegant journal of which we have just now received the October Number—the American Agriculturist. It was originally started 28 years ago, specially as a rural journal, and its motto ever since has been "Excelsior." Its size is now increased to 44 pages, with a beautiful cover upon each number, and it is liberally furnished with most useful information for all classes, upon matters pertaining to the Farm, Garden, and Household, with a pleasing and instructive department for Children and Youth. The beautiful engravings alone, in each number, are worth the cost of subscription. NOW is the time to subscribe, for the publishers offer the last two months of this year free, to all new subscribers received in October, for 1870. Four copies are supplied for \$5.00. A valuable List of Premiums is offered to those securing clubs of subscribers. Address ORANGE JUDD & Co., 245 Broadway New York.
