VANSICKLE & BURROWS

New Fall Goods to be opened the first of next week, which will be one of the finest stocks of goods ever produced in Andover, at prices defying competition.

The Farm and Kitchen.

What an old Experienced Farmer once told us.

That the success of farming is in experience.

That to ask a man's advice is not stopping, but often of much benefit.

That to keep a place for everything, and everything in its place, saves many a step, and is pretty sure to lead to good luck, and to keep them in order.

That kindness to stock, like good shelter, as a saving of fodder.

That to fight weeds is to favor grain, and do justice to your neighbor.

That in making home agreeable, you keep your boys out of the city.

That it is a good thing to grow into farming—not jump into it.

That it is a good thing to keep an eye out to experiment, and note all, good and bad.

That it is a good rule to sell your grain when it is ready.

That the first mellow soil in spring is your mellowest, and should first be put in.

The great changes of weather hurt cattle as well as men.

That all of farming is summed up in the manure heap made on the farm.—*E. G. in Prairie Farmer.*

Some cooks will throw out the water in which meats have been boiled, without letting it cool to take off the fat.

Bits of meat are thrown out which would make hashed meat or hash.

The flour is sifted in a wasteful manner, and the bread pan left with dough sticking to it.

Pie crust is laid by to sour, instead of making a few tarts for tea.

Cold puddings are considered good for nothing, when oftentimes they can be steamed for the next day.

Vegetables are thrown away that would warm for breakfast nicely.

Dishcloths are thrown down where mice can destroy them.

The scrubbing brush is left in the water.

Tubs and barrels are left in the sun to dry and fall apart.

Nice hundred knives are thrown into the river.

Silver spoons are used to scrape kettles.

Room is allowed to mould and spoil.

Salt, tea, pepper, and spice are left open and lose their strength.

Pork is left out of the molasses and the flies take possession.

Sugar is drawn in a tin basin and left to stank untill both basin and sugar are spoiled.

Dried fruit is not taken care of in time, and become wormy.

Potatoes in the cellar grow, and the roots are not removed untill they become worthless.

Pork spoils for want of salt, and beef because the brine wants scalding.

Bones are burned that would make soap.

Clothes are left on the line to whip to pieces in the wind.

Brooms are never hung up, and soon are spoiled.

AN EXCELLENT CAKE RECIPE.—Two eggs, one half teacup of molasses, one fourth teacup of shortening, one teacup of butter-milk, one teaspoon of cinnamon, one teaspoon saleratus, two teacups unbolted wheat flour; bake half an hour. A very healthy cake and those who may give it a trial will not be troubled with indigestion.

INDIAN CAKE.—Take one egg, half a pint of Sour milk, a teaspoonful of Soda three tablespoonsfull of molasses, and Indian meal to make it about thick enough to pour. We think it better by leaving out the molasses, and adding a spoonful of cream. Try this, and you will have a cake fit for the Queen.

COMMON CAKE.—One cup of sugar two thirds cup of butter, two eggs, two tablespoonfuls sour milk, half teaspoonful soda. Flavor to taste.

MRS. WHEELER'S

WORM CONFECTIONS.

MOTHERS,

READ this over carefully and make up your mind, if the vicious worms are not slowly, but surely destroying your darling ones.

That infant, whose face you look down upon in love, "to see yourself reflected there," whose first lisped word is the endearing title of "Mother," is liable to the peculiar diseases which blasts the tens of thousands of the prattling heads of humanity just opening into life. You may not understand the symptoms of the relentless disease—so plain to experience. But mark the *wasted* form; the glassy, expressionless eye, the fitful, startling sleep, the convulsive picking of the nose with the thin fingers—those tell of the knawing vermin of the stomach cutting away the very life of the child—a life you would give your own to save. And yet the cause is plain, and the cure within reach, if taken in time. Delay is not only danger, but death. That babe is the victim of worms, the insidious, but sure sapper of the seat of strength and life. Mrs. Wheelers Confections are the best, because they—

1. Are palatable, and self-administered to the child. 2. Drive out the worms thoroughly without pain. 3. Cleanse the stomach completely. 4. Are effectual curatives of bowel complaints. 5. Restore health and vigor, instantly to the eye, color to the cheek, and cheerfulness to the spirits. Not only removing worms, but their cause; and if not bringing worms away entire, casting them up and decomposing them so that they are evacuated insensibly. 7. They are used by the best physicians in their daily practice.

☞ Mrs. Wheeler's Confections are a PURE WHITE. Never give colored ones—your doctor will tell you such must contain more or less poison, and that the bulk of them include calomel, croton oil, and other dangerous drugs in their composition.

☞ Mrs. Wheeler's Confections are tasteless of the medical ingredients, through a process of her own. Children eat them like ordinary candy, and they never cause nausea. This gets over the main difficulty of liquid Vermifuges, which are hard to give, and harder to keep down after taking.

MRS. WHEELER'S

CONFECTIONS

Are the ones for you to use, for these reasons. They contain over twice the number of doses in a box of any other worm medicine in the market, consequently are really worth as much again, but still costing the same price.—25 cents per box,—while the same number of doses of any other would cost you twice that. They are warranted just as represented above. Try a box of them and they don't prove good and you don't feel perfectly satisfied, return them to the store where you bought them and they will refund you 25 cents for the box half used up. Full directions on each box, which must be strictly followed.

Tell your Friends how you like them.

For sale by all Druggists and Country Merchant every where. Price 25 cents.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercled may be suddenly deposited in the lungs or the heart or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is adviasable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *Leprosy, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears,* and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia,* and the various *Uterous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations,* and *Female Diseases,* are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout,* when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation of the Liver,* and *Jaundice,* when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless,* and troubled with *Nervous Apprehensions* or *Fears,* or any of the affections symptomatic of *Weakness,* will find immediate relief and convincing evidence of its restorative power upon trial.
