Jan. 2.—Although we are well on our way in the new year, may I still wish the readers of the Andover News a healthy, happy and victorious New Year

The high wind, snow and below zero weather makes us keep a skeptical eye on the woodpile. Many of the farmers have piles of wood back near the woods, where it is impossible to get to them.

Some of the families are feeding the birds, and there seems to be plenty, especially bluejays. They have come out of the woods to feed in the orchards.

The Sunday before Christmas, Sunday School was held at the home of Mrs. Sabra Wing. Charlotte Stewart, primary teacher, treated her pupils to a small Christmas party after the Sunday School lesson.

School opened Tuesday morning, after a week's vacation.

The Friday before Christmas the children didn't get to school until 11 o'clock, as the bus refused to start, and they had to wait for another bus to make its regular run, and then pick them up.

Mr. and Mrs. Dan Mullen entertained Christmas to a delicious chicken dinner, Mr. and Mrs. Glenn Mullen and six children, Raymond Mullen and three children, Herman Mullen of Bennetts Creek, and Mr. and Mrs. John Mullen and two sons of this place.

Mrs. Wm. Mullen entertained at a chicken dinner Christmas Mrs. Helen Stewart and children, Charlotte, Billy and Barbara Leigh.

Arthur Stewart was ill and called on Dr. Diamond one day last week.

Lack of Supplies Blamed for Rationing

(Continued from First Page)

spotty in some cities. But as closely as possible point values will be maintained to assure the shopper a reasonable choice of rationed foods."

Housewives are urged to destroy all food ration stamps that stroy all food ration stamps that stoy all food ration stamps that have been declared invalid, the Office of Price Administration said today. Use of these stamps by consumers, as well as acceptance of them by retailers, is a violation of rationing regulations, OPA said.

At the same time OPA explained that red ration tokens continue good and housewives may use them for buying meats-fats. Grocers will continue to give them to housewives as change for the red 10-point stamps.

Blue ration tokens, however, have not been good since October 1, and therefore cannot be used for canned fruits and vegetables. They are no longer needed as change for the 10-point blue ration stamps used for processed foods because point values for these items are set in multiples of ten.

Ration stamps which were invalidated as of 12:01 a. m., Tuesday, December 26, 1944, and which are not good for consumer use are:

Red Stamps A-8 through Z8 and A5 through P5.

Blue Stamps A8 through Z8 and A5 through W5.

Sugar Stamps 30, 31, 32, 33 and 40, along with all home canning coupons outstanding.

Stamps continuing to be good —and those soon to be good— are:

Red Stamps Q5, R5 and S5, which became good December 3. In addition, five more red stamps T5, U5, V5, W5 and X5 will be good on Sunday, December 31.

Blue Stamps X5, Y5, Z5, A2 and B2. In addition, five more blue stamps—C2, D2, E2, F2 and G2—will become good on Monday January 1.

Sugar Stamp No. 34, which became good on November 16. Another sugar stamp will become good on February 1, 1945.

Expiration dates have not been set for the stamps that still remain good.

Gasoline— A-4 coupons good for four gallons.

Fuel Oil——East and Far West 1 and 2 coupons good for ten gallons per unit. Mid-West and South 2 and 3 coupons good for ten gallons per unit.

Shoes—Airplane Stamps 1, 2, and 3 in Book Three, good indefinitely.
