RECEIVE NATIONAL HONOR SOCIETY MEMBERSHIP

The Charter for Chapter 2713 of the National Honor Society was awarded to Andover Central School in the year 1943. The principal of the school at that time was Mr. Glenn E. Bretsch. Since this time we find seven boys and fourteen girls have been awarded this honor.

The members of this society have been chosen for their leadership ability and service to the school and community as a whole.

The Andover Chapter is wholly honorary up to this time although some chapters do hold meetings and have many and varied activities.

The members of the National Honor Society of A.C.S. for this year are nine.

Among these are the president of the sophomore class, Joseph Smith; the president of the junior class, Robert Burger and the senior class president, Robert Smith.

The Hall of Fame members Rose Mary Baker, John Bridge, John Karl Fisher, Helen Yannie and James Burgett have been elected also as members to this society.

One more senior has been awarded this honor for her fine work in school and in the community not only in studies but extra curricular activities as well. This most prominent senior has been a member of the band, orchestra and chorus since she entered the seventh grade and is noted for her musical ability. She has been a member of the string trio and this year is a member of the string quartette.

This honor student was a 4-H club member and also a member of the Latin Club of A.C.S. She plays with the town band and sings in the choir of two churches. By now you know that this deserving senior is Phyllis Burdick. Phyllis has worked hard during her high school career and is most worthy of all honors bestowed upon her. She plans to become a console organist and we know that she is one girl who will make a success of whatever she chooses to do.

Robert Burger the president of the junior class is an outstanding member of the boys clubs in school. "Bob" plays baseball and basketball and has served as an officer of the 4-H and FFA clubs. He is a member of the camera club and student council. "Bob" takes an active part in all school activities and has fine qualities of a leader.

Joseph Smith, president of the sophmore class, has played both baseball and basketball and is a leader among his classmates.

A MOONLIT WALK

Rita Goodridge

The Moon was shining brightly
The stars were high above
A boy and girl were walking
Hand in hand, in love.

And high up in the tree's above
They saw two love birds cooing.
And later on they saw two doves,
A cooing and a wooing.

The boy said "darling" tell me
Just what I mean to you
And I will tell you, darling,
What I think of you."

And as they kept on walking
They kept on talking too.
He asked her "Do you love me?"
And she replied "I do."

Hall of Fame

John Karl Fisher was selected by the A.C.S. faculty for the "Hall of Fame" because of his outstanding accomplishments durthe past four years in Andover Central school.

John Karl Fisher

John, better known as Karl, is the older son of Mr. and Mrs. John Fisher and was born February 18, 1931 in the St. James hospital in Hornell. He has one brother, Dean, who is a freshman in high school.

Karl has been active in the extra curricular activities throughout the years. In his senior year he has been a member of the varsity basketball team, a member of the track team, and he participated in intramurals during his first three years of high school, also he has been a member of the Athletic Association for all his four years of high school. He has been participating in the year book activity as he is on the publicity staff.

In addition Karl has displayed his acting ability when he participated in John Bridge's senior play, "Decision for Kathy," as Alfred, the butler. In his junior year he also participated in a Latin play which was presented for the junior and senior high schools.

Through his high school years Karl has been particularly noted for his scholastic abilities. He carried an extra heavy schedule in order that he might receive a college entrance diploma and scholarship. Because of his scholastic abilities Karl ranked sixth in the list of class averages.

He has been accepted to Alfred University where he plans to be either a teacher or a lawyer.

Karl's classmates consider him an even-tempered, tolerant, hard-working fellow, who will continue his hard work as he climbs the ladder of success.

NATIVE OF INDIA VISITS A.C.S.

Friday afternoon, June 4, Baikunth Bihaari Bhatia Buland Shaher, from the capital of India, visited the sophomore English class where he answered many questions about his native land.

He, himself is married to a native of India and has one son. He was sent by his government to the United States for two years and is now attending Alfred University. Although he had difficulty in entering this country, he enjoys his life here and says that he has never actually felt a loss of friendliness since he left his own country.

The information in India regarding Russia is very poor. The Communist Party has been banned and the people have plans for a true democracy.

When asked the size of the average Indian family he replied "too big." They have only themselves and each other for company and the woman usually produces as rapidly as possible."

The Indian way of eating is also very different from that of the Americans. They use no knives, forks, spoons or crockery. For dinner they may have some water, a tray of grass, a piece of bread one at a time, a dip in the vegetables and a piece of meat. The meat and vegetable are not eaten alone. The dessert is on the table throughout the meal and may be eaten whenever it is desired.

When asked what the greatest difference between the two countries was he replied. "No real difference" The Americans love and marry. The natives of India marry and love afterwards." Ninety-nine per cent of all boys and girls are married. If they have nothing of their own to start out on, they may live with the boy's parents for awhile never with the girls parents.

Our guest reported that the Indians are active in sports but not as much as we are. They play football, catch, hockey, etc. Basketball is played only by the girls.

Their greatest social defects are the cast system and the lack of sufficient education.

The people were greatly sad-

CHIT-CHAT

Four letters received last week-end are the pride and joy of Phyllis Nye.

We hope that Pat Dolan won't have another attack of appendicitis before graduation—or ever for that matter.

Helen Yannie is sporting a new pair of glasses which are very attractive.

We are happy that one of our roving classmates, Jo Theetge, has come home for the commencement activities.

Betty Smith had a good time in Richburg over the week-end.

Several sleepy girls could be seen in the halls Monday morning as a result of an all night pajama party Saturday night.

Whose cameo ring is Barb Wintemberg sporting around? Barb's fancy seems to turn to boys named Robert.

Lois Honegger had a good time at the carnival.

Bill Holt received an anonymous telephone call Saturday night. Anybody withholding information please notify Bill.

Ann Marie Greene ought to stay up a little later so she could be up to greet her old flame (?) when he comes to call. Or should he come earlier, Ann?

Now that the date for the junior-senior prom is set we wonder who is going with whom. We wonder if we shall see:

Mary Alice Horan with Bob Jackson

Rosemary Mead with Jim Burgett.

Beverly Clair with Jim Holt.

Joan Woodruff with Jim Witter.
