## ROBERT BAKER TO BE FUTURE SPORTS EDITOR

Robert Baker, born in Andover on January 27, 1933, the son of Mr. and Mrs. Harry Baker, will be the sports editor for the Hi Herald next year. He has shown his ability by the many fine articles which have been turned in by him in the past year.

"Bob", now a Sophomore, has been active in many sports, as well as in writing them up. He has played Junior Varsity basketball for two years, baseball for one year, and soccer for one year. He has been a member of the 4-H Club for four years and became president of it this year. He also belonged to the F.F.A. and has been a reporter for the Hi Herald throughout the current year. BW

## VETERANS NEWS LETTER

Plans for distribution of the Gold Star lapel buttons to next-of-kin of members of Army, Navy, Air Forces, Marie Corps and Coast Guard of the United States who lost their lives in the service between Dec. 7, 1941 and July 25, 1947 are completed and actual distribution is expected to begin this month.

Details of the plan were received this week by the Allegany County Veterans' Service Agency, Court House, Belmont.

No charge for the buttons will be made to the widow, widower, and to each of the parents (including mother, father, step-father, mothr through adoption and father through adoption), and they will be made available at cost to each child, step-child, sister, brother, half-brother and half sister. The cost price will be approximately which includes the cost of manufacture, engraving, packing and COD charges. All buttons sold at cost price will be mailed COD.

Applications for the buttons will be submitted on National Military Establishment Form No. 3. The forms will be available some time in June.

There are no forms available, however, at the present at the Allegany County Veterans' Service Agency. As soon as a supply is received, the Agency will announce the fact in this column.

Assistance in filing the form will also be given at the Agency. The button is authorized by Public Law 306, 80th Congress.

Just a reminder to those WW2 vets who haven't kept their National Service Life Insurance: deadline for reinstating without a physical exam is July 31st.

A summer session which will enable students to gain full semester credits in liberal arts, engineering and business administration subjects will begin July 6th at Champlain and Sampson Colleges. Applications should be made at once.

The Allegany County Agricultural Advisory Training Committee, which approves veterans and farms for Institutional On-Farm training under the GI Bill, will meet tonight at 8 (Thursday, June 24) at the Court House to act on applications for the next quarter, which begins July 1.

## ARE YOU ONE OF THEM?

Rosemarie Baker

Everyone knows at least one person who is constantly talking about someone else. They always have something bad to say about a particular person and if they hear some gossip about a boy or girl, they enlarge upon it until it is exaggerated enough to suit them. They are the ones who say "Have you heard the latest about so-and-so?" or "Did you hear what happened last night?"

These people are constantly searching for something to say about an innocent person, and usually it is something they know will cause a sensation. Because they want to be the center of attraction for a few minutes, these gossips tell a juicy story about anyone — it may even be their best friend.

There are any number of reasons why these people act this way, but perhaps the main one is because of an inferiority complex. They doubt their abilities and think that they do not measure up to their friends. Therefore they resort to gossip to gain attention.

The next time someone talks about a person, ask him where he got his information. His answer will probably be vague and uncertain. Also, if you find yourself saying "Have you heard about so-and-so" stop right there even if it is so exciting you hate to pass it up. Someone else has probably already told it anyway.

Therefore "Hear no evil—see no evil—speak no evil." If you follow this rule, you can't go wrong.

---

The Stars and Stripes first flew in battle at Fort Stanwix, in the Mohawk Valley, now the site of industrially important Rome, N. Y.

---

How does it come that some girls splash their nylons on wet days while others keep them so sleek?

---

Contrary to popular belief, Niagara Falls is not the highest falls in New York State. First place goes to Taughannock Falls, Tompkins County, which drops 215 feet. Height of Niagara Falls is about 165 feet.

---

A memorial shaft erected between Rome and Utica marks the site of Oriskany Battlefield. Here General Herkimer, in one of the bloodiest battles of the Revolution, heroically stemmed the British invasion of the Mohawk Valley.

---

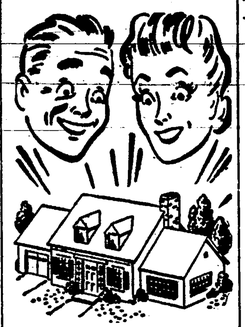
A monument at Quogue, on Long Island, marks the site of the "Box Tree," a hollow tree said to be the first post office in New York State.

---

A nail driven through a cork is a better hook for work clothes than a nail alone. The cork protects the clothes from tears.

---

Uneasy lies the head that ignores a telephone call late at night.



HANDSOME IS AS HANDSOME DOES

• That's why we recommend Tite-On Shingles. These asphalt shingles are tops in appearance, fire-resistant, approved by Board of Underwriters, and what's of equal importance, *they're windproof!* Tite-On's patented design—a combination of interlocking and internailing, makes them stay put no matter what the weather. They can't blow up or come off. Let us give you an estimate on a Tite-On roof today.

Charles Feenaughty and Gerald Mullen were in Wellsville on business Tuesday.

## Newest Machines May Be Seen at Potato Field Day

Visitors who attend the 15th annual Potato Field Day, Thursday, Aug. 12, on the farm of J. W. Hopkins and sons at Pittsford N. Y., will have the opportunity to see the newest in farm labor-saving machinery.

Included in the specialized equipment are a grain separator, grain combine, multiple-row potato planters, sprayers and diggers, transplanter, and both a flame-thrower and a roto-beater for disposing of green potato vines at harvest time. These last are new developments and probably not in operation anywhere else in Western New York, says Prof. E. V. Hardenburg of the vegetable crops department at Cornell.

## Better Health For Children

A Community Service Issued by Children's Hospital of Buffalo, N. Y.

**Crippled Children's Camp**

All children want, more than anything else, to go camping! This is particularly true of children who are crippled in any way.

We know that a physically handicapped child's life must be made as normal as possible for his own happiness, and that the better able he is to adjust himself to normal life, the happier he is. For this reason, Children's Hospital has worked closely with the Rotary Club of Buffalo and the Buffalo Evening News in making the Camp for Crippled Children at Angola-on-the-Lake, available to the children of Western New York during July and August.

The camp is specially designed for physically handicapped children. Understanding counselors, a camp program created to meet the children's needs, and association with other handicapped children all give a child confidence in himself, and help him overcome his natural self-consciousness.

Life at the camp plays a valuable role in a child's welfare. It makes him feel that he can do what other children do—that he isn't missing normal activities because he is handicapped. It gives him a good time, boosts his morale, and helps him make great strides in adjustment. After all, what could be more normal for a child than a summer camping experience? Furthermore, the Crippled Children's Camp provides the only means by which a child can go to camp, and enjoy it, on crutches or in a wheel chair.

Parents in Western New York have been particularly grateful for the help given their children in the two years since the camp opened. Many physicians who have had an opportunity to review the work at the camp feel the camping experience is beneficial to the children in many ways.

Applications are now being accepted for the Crippled Children's Camp at Angola-on-the-Lake for the 1948 season. The camp will be open during July and August to crippled children 8 to 14 years of age who can qualify. Each applicant must be a resident of one of the eight counties of Western New York. Each child accepted will be entitled to two weeks at the camp without charge.

Applications should be sent to Mrs. Cornelia H. Allen, Camp Director, for consideration. Her address is 195 Voorhees Avenue, Buffalo 14, N. Y. The recommendation of a physician must accompany each application.

see America's NEW Outboard Motor

IT'S HERE — for you to see — to own — to enjoy! You'll thrill to power that's incredibly smooth, quiet, flexible! You'll prize each one of the sparkling new features that give you an entirely new level of performance, convenience, handling ease! You'll bless the big gas gauge that tells your fuel supply at a glance! . . . and the revolutionary "Fisherman Drive" that lets you power right through thick weeds and over rocks and snags. These are dozens of other exciting features in this new "sportsyle"— come see them for yourself!
