Registration for Draft Begins August 30th

President Truman has issued a proclamation calling for the draft registration to start August 30th. On that date, persons born in 1922 after August 30 will register.

The proclamation also fixes the following dates for the registration of other youths between the ages of 18 and 26:

1—Persons born in the year 1923: August 31 and September 1.

2—Persons born in 1924: September 2 and September 3.

3—Persons born in the year 1925: September 4 or September 7.

4—Persons born in the year 1926: September 8-9.

5—Persons born in the year 1927: September 10-11.

6—Persons born in the year 1928: September 13-14.

7—Persons born in the year 1929: September 15-16.

8—Persons born in 1930 before September 19: September 17-18.

Boys born on or before September 19, 1930, under the proclamation, will be registered on the day they are 18 years old or within five days thereafter.

There was nothing in the proclamation to indicate when actual inductions into the armed services will begin. By law, the draft can't start until September 22. That is 90 days after Mr. Truman signed the Selective Service Act.

Local draft boards haven't received any instructions as yet as how and where registrations are to be carried out this year, but it is stated that some 4,000 registration places will be designated as compared with 120,000 used before World War II.

Rev. Carlsen Writes From China

We take parts of a letter written by Rev. W. D. Carlsen who is stationed in China, received by friends in Andover:

Lintao, Kansu, China

Dear Friends at Home:

Perhaps it is your custom, as it is ours here, to conclude family devotions with the Lord's Prayer. Perhaps like myself, many times you have voiced this prayer from force of habit without giving much thought to its petitions. Through a recent trip I have been awakened anew to the great meaning of this prayer and especially the phrase "Deliver us from evil . . ."

During the first two weeks of the month I escorted a fellow missionary as he moved his belongings by jeep from one mission station to another. During the trip we visited four Alliance mission stations, met many new situations, and proved that God is able to "Deliver from evil."

The first leg of our journey was southward through the Tao River Valley which was just waking from its long winter's sleep, to the mission station at Minhsien, our first stop.

From Minhsien we "jeeped" to Taochow, Old City, the first mission station opened by the C. and M. Alliance in Kansu having been occupied in 1895. Here we saw much of the city still in ruins as a result of the Moslem Rebellion of 1929. We passed also through the South Gate where the Chone Price had 3,000 Moslems beheaded on a pretense of friendship.

From Tachow, O. C., we headed into Tietan country (not political Tibet but ethnographical Tibet. In reality Lhasa the capital of Tibet rules only a small area whereas much of the area is claimed by the Chinese government is really governed by various Tibetan tribes.) We passed through a broken down wall that used to stand as a barrier to any foreign invasion—including the penetration of the Gospel by missionaries. As we came to a narrow place in the road in our descent from the summit we found ourselves in a stretch of quicksand from which there is no escape, even with four-wheel drive. After a team of oxen tried unsuccessfully to budge the jeep, we busied ourselves for two hours digging and operating two jacks and filling in stones under the

New York, July 14.—Dr. C. J. Blanford, Market Administrator of the New York metropolitan milk marketing area has announced a uniform price of $4.76 per hundredweight to be paid to dairy farmers for their June deliveries to pool-approved plants in the New York milkshed.
