Deciding Game of Local Baseball Team This Sunday

Andover Legionnaires to Meet Hornell Vets In Deciding Game For Play-off Honors.

Playoffs for the championship of The Evening Tribune Baseball League will get underway within two weekss it was decided by league officials at a meeting held in Hornell early this week.

Scheduling of playoff games at present hinges on the all-important battle scheduled this Sunday at Hornell between the Andover American Legion team and the Hornell Veterans of Foreign Wars. The Bath Veterans have the leadership assured in the Northern Division of the league and will meet either Hornell or Andover for the league crown.

Hornell is now leading the Southern Division with 12 wins against a single loss while Andover has 11 wins and two losses. A win by the Andover boys at Maple City Park, Hornell Sunday would result in a tie finish and make a division playoff for the right to meet Bath.

In the event that Hornell wins the three-game playoffs with the Bath team for the league title will get under way September 5.

The team standings in the Southern Division are:

	Won	Lost	Pct.
Hornell	12	1	.923
Andover	11	2	.846
Troupsburg	9	4	.692
Canisteo	7	7	.500
Arcadia	5	9	.357
Alfred-Almond	4	9	.308
Whitesville	4	10	.286
Arkport	2	12	.143

The Andover nine took a hard-fought game from Angelica Sunday by a 7 to 5 count on the Angelica diamond. A home run and a triple by Rosintoski gave the Andover boys the day's honors.

Allegany County Fair Opens Next Wednesday

Rounding out a century and four years of continous showing, The Old Reliable Allegany County Fair will open its annual exhibition at the Angelica Fair Grounds beginning on Wednesday, September 1st, and continuing, both afternoon and evening through Saturday, September 4th. The fair going public will this year find many interesting items returned for their inspection; items which have been curtailed for exhibition due to the restrictions of the war years. The automobile displays will be returned; farm machinery exhibits will be enlarged and in addition will be showings of that which is most modren in the way of refrigeration—all the latest innovations in freezing and cooling equipment.

There will be a huge display of stock and agricultural exhibits.

The midway will offer an ultramodern carnival featuring gala and diverse entertainment for both old and young.

The race track is in splendid condition and the entries bespeak real contests for the entertainment of the racing fans.

To appease the pangs of hunger will be representations from four Allegany County Schools each serving delicious home cooked food and in addition, will be an individual stand serving a daily spaghetti specialty.

Under the direction of the well known Master of Ceremonies, Jack Klein, the "Rhythm Revue of 1948" will be offered for your entertainment. This is something new and novel in the way of free platform attractions.

Constructed during this past summer and being used for the first time this year will be the new building erected primarily to take care of the housing of the 4-H and Future Farmers Exhibits and the needs of the County Health Nurses and the Anti-Tuberculosis Association.

The building heretofore known as the "Main Building" will house the Grange Exhibits: as well as the open class exhibits of fruits, flowers, farm products, fine arts needlework, culinary and other domestic entries. Here too, will be found the unique wild life exhibits which bid fair to uphold previous years' offerings in their originality and display.

It is hoped to have the approach to the Angelica Fair Grounds enlarged in time for this year's fair showing to such extent to make possible the driving of four lanes of traffic, which will ease and assist the handling of incoming and outgoing traffic.

The Board of Directors of that time-honored institution, "The Old Reliable", are making every effort to have their 104th showing surpass all previous years.

Prin. Kessler Announces Opening Date of School

Kindergarten to Operate On Full Day Basis; Two New Programs Added to Curriculum.

School will open at 9:00 o'clock on Tuesday, Sept. 7th, and continue until 10:30 on the first day. There will be a complete session on the second day from 9:00 until 3:45.

One important change will take place in our program this year. The kindergarten will operate on a full day basis. The village kindergarten children will return to school for the afternoon session, or remain for lunch as the parents see fit. This change was made so that we might receive full State-aid for our kindergarten program, under the new Feinberg Law.

Pupils entering kindergarten must be five years old prior to Feb. 1, 1949. All parents who are sending children to school for the first day, should take them to the kindergarten room on the first floor where they will meet their teacher, and it will be possible for a conference with the teacher. If parents of new pupils have not taken their children to their family physician, as yet, it is advisable to do so before school opens.

Parents of all pupils are urged to keep their children in school for regular attendance this year, permitting them to be absent only for legal excuses. Each time a grade pupil is absent, it costs the school district $1.00 and if a high school pupil is absent, it costs the school district $1.40. It is easily understood how important it becomes to have a good attendance in school.

The Board of Education has added two new programs to our curriculum: Driver Education, which is open to boys and girls, 16 years of age and over, who do not hold Junior Driving Permits; and a Vocational and Educational Guidance Program with a teacher who will establish a Guidance program here in conjunction with Whitesville and Troupsburg schools.

Honored on 85th Birthday

Ames L. Rogers was honored by members of the Andover Fire Department and Firemen's Auxiliary Monday evening when he was tendered a birthday party in honor of his 85th birthday which occurred Sunday.

"Uncle" Ames as he is familiarly known by his friends here, is one of the oldest members of the Andover department and although he lets the younger men do the fire fighting now, each meeting of the company finds Mr. Rogers answering the roll call.

He has been an officer of the company for many years and until a few years ago was treasurer of the Andover department.

Following an evening of cards and reminiscing, those present enjoyed light refreshments after which Mr. Rogers was presented a purse of money from the members.

School Buses Getting The "New" Look

Bus Supervisor Glenn Skuse and Laurence Bartz are busy on the work of painting and lettering the Andover school buses to conform with the new school bus law that requires all school buses to be painted a bright yellow.

Mr. Skuse is handling the spray gun and Mr. Bartz is doing the lettering on the local buses.

The law requires that all school buses are to be in yellow paint in this state by September 1949, according to Mr. Skuse.
