"WE CAN BUILD A SCHOOL THAT CARES"

Rosemarie Baker

The subject of school spirit is one that is very boring to the students and every year it is brought up in some way or other. We're all tired of hearing about this subject and yet can a school without it function properly? The answer of course is "No."

Let's take the example of John Doe, who is a senior in high school in order to illustrate a boy with school spirit. In the mornings he either comes late or not at all and his lessons are never done. When a classmate is looking for help in planning an activity, John Doe is not to be found. Isn't it queer how quickly he disappears into thin air when there is work to be done?

Tim Brown is another senior in the same high school. He makes it a habit to be in the classroom at the proper time. No slipping in the door after the bell rings for him. When he is asked to help, he offers his services cheerfully and without an excuse like "I can't do it this time—I've got too much to do as it is." Tim also does his best in his studies and tries to learn all he can from the subjects he is taking. Perhaps you are thinking that Tim is a "goody-goody" boy or a teacher's pet. Not at all. Tim has the proper sense of school spirit. He knows that each student must co-operate willingly and abide by the prescribed rules if his school is to be a respected one.

School spirit is needed just as in the everyday routine of school activities as it is on the basketball court or soccer field. We can't be perfect, but we can strive to improve our attitude toward school. All we need is a little more co-operation, a little more willingness to help and we will really make our school "A School That Cares."

ATTENTION! BUS PEOPLE!

For a couple of years now the Andover Central School has faced the rather serious problem of people starting for the buses before they are all stopped. It is about time this problem is solved.

Many may ask why this has to be stopped. In a day, a week, or maybe even longer, everything may go smoothly. Sooner or later, however, someone is likely to get hurt. The school would then be held responsible for the accident.

There is a simple way to stop the rush for the buses before they all stop. All the homeroom teachers could march the bus people to the buses, like a group of juvenile people. However, I am sure we would all be happier if the high school people waited for the buses to stop and then get slowly on without danger of casualties. The school will appreciate this co-operation on the part of the bus people since this carefulness would be for the good of all the bus people.

SCHOOL FAIR BEING HELD TODAY

The first school fair in several years is being held at Andover Central School today (Thursday) September 30th. The fair is sponsored by the Andover Exchange Club with the co-operation of the local merchants and the school band.

Cattle, poultry and vegetables will be exhibited by 4-H and FFA boys along with the FHA girls' exhibits of clothing, canned and baked goods.

The judges will be Lawrence Dedrick and Mr. Finnerty who are county 4-H leaders in Steuben and Allegany counties. Several concessions will be in operation by the FHA, FFA and the girls and boys from 4-H organizations. An evening program will be held in the gymnasium at which time the awards will be presented for exhibits. BB-RC

CHIT-CHAT

Yes, the Seniors now have their rings and they are proud of them. They have a gold background, with trimmings of black. and they are oval in shape with a small "A" that stands out on the ring. Each Senior has his initial on his ring.

This may not be an exceedingly good description of the rings but I'm sure everyone has seen them and do think they are beautiful.

Like some Senior classes they have succeeded in getting them so they could be worn during their Senior year.

The Homemaking II girls really are going all out for grooming this year. If you had peeked in fifth period Tuesday you would have seen Barbara Wintemberg and several others with their heads in the sinks. Of course they were getting their hair washed. Some of the finished products looked really attractive.

At last Macbeth has died! The seniors have at last closed the covers (but only until the five-weeks' test rolls around, hoping not to meet him in their dreams.

We hear Mary Alice Horan has a new flame—Too bad they don't have a Coast Guard station on the Andover pond.

We see Marlin Mather has an attractive new sweater.

Aquinas Lynch's interest is still centered around Don Scott. Those daily letters from Alexandria, Virginia prove this.

Teresa Padden remains to be the silent type and altho rumors are that she has a steady beaux, no one seems to know who he is or where he's from.

Bob Baker remains to be one of the ideals of the Junior Class. Most of his attention is going to Gloria Clair, but we are wondering if his romance with Teresa Joyce has completely ended.

Ronnie Atwell still remains a faithful admirer of Marion Milligan and from all reports their romance is running smooth as ever.

Is it really true that "Skeet" Milligan has an ardent admirer in the Sophomore Class? Who is she "Skeet"?

Joan McAndrew has certainly been absent a number of days recently. You should send your new friend home earlier, Joan!

Who does Wayne Atwell sit by on Bus No. 1? It couldn't be Janice Hall, could it, Wayne? Yes, it would.

Jean Blauvelt, Mary Lou Clark, Ernest Lafollette and Carl Waters have joined the Hi Herald.

Myrtle Sabin has recently left the Andover Central School.

Neva Curry and Donald Greenan seem to be good friends lately.

LOCALS WIN OVER CANASERAGA 8-3

by Bob Baker

Friday, September 24 the Andover soccer team journeyed to Canaseraga where they battled to triumph over that team 8-3. The local team played the game minus several veterans but won over approximately the same team that beat them last year. Andover scored in each of the four quarters while Canaseraga scored in the first and fourth quarters.

"Skeet" Milligan opened scoring for Andover in the first quarter on a pass from Dick Lynch. Jim Burgett scored in both the second and third periods with Milligan and Mulconery getting the assists. A free-hearted Canaseraga fullback gave the locals their final goal in the fourth quarter.

POTATO HARVEST BEGINS OCTOBER 6

The students of Andover Central School will start harvesting potatoes Wednesday October 6th at noon and will continue until October 13th at 9 o'clock.

While the students are picking up potatoes on October 7 and 8 the teachers will be attending the Teachers Conference at Wellsville. JB

HIGH SCHOOL CLASSES ELECT NEW OFFICERS

Last week the high school pupils met for the purpose of electing their class officers.

The freshman class elected Jo Ann Marsh as their president for the coming year. Jo Ann is considered as being in the upper part of her class and is engaged in a number of extra-curricular activities.

Wayne Atwell, who held the office of vice president in his eighth grade class, was re-elected to the same position this year. Wayne is well liked by his classmates.

The freshmen chose Beverly Hackett as their secretary. Beverly is also in the upper part of her class and is active in various extra activities.

Ronald Ellis was elected treasurer. Ronald is a popular football fan.

The Sophomores elected Jack Wheaton, one of the most popular boys in the class, to the president's office. In his spare time Jack concentrates on sports, especially basketball, which is his favorite.

Charlie Snyder, who was elected vice president, is an active member in most of the sports organizations in school, and is a popular member of the class.

This year the Sophomores decided to combine the secretary and treasurer offices into one. Vic Daley, who is also fond of sports, was elected for this office.

In the Junior class, Bob Carpenter now presides as president assisted by Margaret Howard as vice president. Bob is well liked by all as is Margaret, who is a newcomer to ACS. Bob Baker, who was chosen secretary, is taking a mathematics and science course this year, and is doing very well in his subjects. Besides being prominent in sports, he is in the upper half of his class and also holds the position of sports reporter for the Hi Herald.

Joe Smith, who held the position of class president last year, was chosen as treasurer for this year. He is active in basketball, baseball and soccer.

The Senior organization re-elected Bob Burger as their president. Bob who, participated in several sports, is a very popular member of the Senior organization.

Wayne Sherwood, who held the position of president in his freshman year, was elected vice president and Evelyn Glover, president in her Sophomore year, was chosen secretary. Last year, Evelyn was also the secretary of the F.H.A. For secretary, the Seniors elected Beverly Clair, a popular young girl, who last year was a varsity cheerleader.

The Seniors also added a new office this year, that of a class historian. Ann Marie Greene, who shows decided ability in the musical line, was chosen. Those who know her well consider her a wise choice for this position. NP

GRADE NEWS

Mrs. Connor's first grade is responsible for the bulletin board in the left wing. It is titled "Keep Our School Nice." They have a border around their room of the nursery rhyme "Hi Diddle Diddle." They're starting their first pre-primer before starting "Before We Read."

Mrs. Hall's group are learning to count. Linda Coffin and Dolores Halsey have learned to count to one hundred. Pauline Burch is attending school in Coudersport, Pa. Linda Coffin treated the grade to ice cream and cake for her sixth birthday, Sept. 21. Linda found her card in the birthday box. We sang Happy Birthday. Robert Brown's birthday was Sept. 22. He was also six year's old. We sang the birthday song and he found his card.

Miss Tompkins' second grade are all enjoying a visit from a turtle "Little Al" brought by Claudette Corwin. They have learned to make a fence and put flowers around it. Last week they were library visitors for the first time this year.

Miss Helmer's class have been coloring maps of the world and are studying the continents. There is a tie in their spelling contest as there are four petals on each side's daisy.

Miss Baker's room wishes to express their thanks to Mrs. Vincent for giving them a talk on her experiences in Guatemala.

Mrs. Schwarzenbach's sixth graders are making drawings of hemispheres and are studying the continents. Yvonne Clements is back to school this week.

Mrs. Carmody's eighth grade regrets the loss of two boys, Lawrence Hurlburt and Carl Feenaughty.

LOCALS LOSE LEAGUE OPENER TO RICHBURG 7-2

by Bob Baker

The Richburg soccer squad toppled the local team by a 7-2 score on the Richburg field Tuesday, September 28th. This was a very important game and may win the pennant for Richburg unless one of the underdog teams score a major upset.

The Andover team had an off day and was outclassed by the teamwork of the Richburg squad. The Richburg scores were the result of some nice crossfield passing.

Both Andover scores were made by Bob Burger on penalty kicks while Richburg scored on three goals and a penalty kick.

PAINT IMPROVES A. C. S. ROOMS

During the summer vacation many improvements were made in Andover Central School.

The halls downstairs were painted a pastel green. The kindergarten room is a pale blue and the basement and storeroom are dusty rose. The Ag room is a primrose yellow; Mrs. Connor's first grade room is peach glow; Mrs. Hall's first grade is aqua marine, and both basements downstairs are pale blue. The cafeteria was repainted and is now a cherry peach glow. The center entrance is done in snowy white and the two lounges are done in primrose yellow.

The purpose of the repainting is not entirely for appearance's sake. The floor plans were sent in to the Moore Paint Company and they sent back the colors that would be most beneficiary to the vision of the students and faculty. These colors reflect the light and provide better vision in the rooms.

WE ARE THE NATION'S WORST DRIVERS

Young people should be the nation's best drivers since they have the physical equipment for it, such as fast reaction time and good eyesight. However, they are responsible for more fatal accidents than any other age group.

We young people mix romance with our driving. A horrible accident may be averted by quick action. In order to have this we must have two free arms and undivided attention.

While driving, we often visit wrong lanes. Even though it is just for a minute to pass another car, we may end up in an accident. We should remember that the other lane is for oncoming traffic.

U-turns on highways are another cause of many accidents. While you are turning, you are a target from two directions.

Passing on curves, over crowding cars and getting too sociable with the opposite sex are frequent causes of accidents. Let us remember while we are driving to keep our eyes and full attention on the road.

45% OF A.C.S. GRADUATES ATTEND COLLEGE

What has happened to the Class of '48? We find 45 percent of the graduates are attending colleges and other schools of New York State.

When you are visiting Alfred, stop at the university and visit Rosemary Baker, John Bridge and Karl Fisher who are enrolled in various courses there.

When you are shopping at Rochester stop at the Rochester Business Institute and see Delores Snyder and be sure to visit Helen Yannie at Strong Memorial Hospital.

If you should be out in the vicinity of Geneseo look up Ray Smith who is enrolled at Geneseo State Teachers College.

When going through Fredonia stop at the Fredonia State Teachers College and say hello to Phyllis Burdick who is enrolled there.

Pat Dolan is attending Brockport State Teachers College and I'm sure she would be glad to welcome friends from home.

When you go to Olean for a day, why not drive to Allegany and see Kevin Lynch who is attending St. Bonaventure College.

James Burgett is taking a PG course afternoons at Andover Central School.

We find many of the students not enrolled in colleges are working in Andover. Lila Childs is working at the Hotel Joyce, Kathryn Joyce is working in Clair's Pharmacy, Madge Collins is married and works at Bostwick's, Harold Dodge is working on the farm and Lawrence Hoyt is employed by Ed Kent.

Jo Ann Theetge is employed in Rochester. You might pay her a visit too while shopping there.

Several of the graduates are working in Wellsville. Phyllis Nye is employed as receptionist in Dr. Spencer's office and Earl Richardson is employed at the Worthington plant in Wellsville.

Doris Atwell is employed at Alfred, Phyllis Mascho works in the glove factory and her brother Philip draws his check from Daystrom's in Friendship. BI

Farm Crop Sales $48 Million Over Early Estimates

Albany, Sept. 27.—Gross sales of products from New York farms in 1947 are estimated at $871,-028,000. These reflect a large volume and wide variety, according to a federal-state report issued from the New York State Department of Agriculture and Markets, and are $48 million in excess of the preliminary estimates made early this year.

Largest item is milk, listed at $355,558,000. Cattle, calves and beef-type animals, sold for $61,-304,000.

Eggs amounted to $92,090,000, chickens and broilers $30,923,000, turkeys, ducks and other poultry $18,869,000 giving a poultry and egg total of $141,882,000.

Hog sales were placed at $13,-140,000, sheep and lambs $2,-133,000 and wool $526,000 while miscellaneous livestock items totalled $4,022,000.

Among the crops sold, vegetables of numerous kinds for fresh market and commercial processing were placed at $96,760,000; potatoes $43,635,000; fruit crops including apples, grapes, cherries, peaches, pears, berries and other minor kinds $57,828,000; dry beans $15,155,000; maple syrup and sugar $2,814,000; firewood, posts, logs and lumber from farm wood-lots $13,463,000; other crops $62,808,000.

In addition to the sales noted in the report, the value at farm prices of milk, eggs, meat and poultry consumed on New York farms where grown was $43,-920,000 and of crops $38,648,-000.

New York ranked 12th among the states in total sales of farm products. However, the rank was second in the dairy products and vegetable crops group, fourth in fruits and fifth in poultry and eggs.
