Rev. O. Blakeley Hill of Wellsville will conduct a round table discussion of Christian education in this area following the supper hour. Mr. Hill has been nominated as president of the association to succeed Mr. Rogers who is retiring from the post. A speaker from the State Council of Churches is expected to address the convention in the evening session.

The County Bible School Association is the only inter-denominational group working in this area and embraces about 25 churches mostly in the southern half of the country. It grew out of the efforts of the late Ransom D. Beebe who was a well-known figure in the county.

Democrats Win Tuesday's Election

In spite of the loud acclamations of the Republicans of a Dewey landslide and the prophesies of the political polls, the Democrats elected President Truman and Vice-President Barkley in Tuesday's election.

They also gained control of both houses. In the Senate they have 12 seats and in the House 24 seats over the Republicans.

(Note: We haven't seen anything lately of the ardent Republican who informed us a few days ago that it was just a waste of money to hold an election this year, as Dewey had it all in the bag). What bag?

Harry Williams To Direct the Andover Band

Arrangements have been made for Harry H. Williams, formerly teacher and director of the Andover Girls' and Boys' Band, to instruct and direct the Andover band again the coming year. Mr. Williams directed the band a few years ago and put on a series of fine concerts.

A number of members of the Boys' and Girls' Band of Andover now members of this adult organization, are former pupils of Mr. Williams.

A concert orchestra will be organized in the near future, which will enable those playing string instruments the opportunity to play the better grades of music.

Mr. and Mrs. Williams will also give private lessons one day each week, in Andover, on band and orchestra instruments. Only a limited number of students may be taken, so do not wait to enroll. Special attention will be given to all pupils individually. Those wishing to enroll may leave their names at the News office and Mr. Williams will contact them personally.

Nuisance Law Also Pertains to Dogs, Local Dog Owners Warned

As there has been a number of complaints turned in to village authorities concerning dogs running loose at night, Officer Albert Rogers calls the attention of dog owners to New York State Penal Law Article 148, Section 1530, Paragraph 1 which states:

"A public nuisance is a crime against the order and economy of the State and consists in unlawfully doing an act or omitting to perform a duty. (1) Annoys, injures or endangers the comfort, repose, health or safety of any considerable number of persons."

The above law can be used against the owners of such dogs running at large in the village of Andover, local authorities warn.

Pfc. Joe Yannie Writes Letter From Germany

Fossburg, Germany
Oct. 22, 1948

Dear Mom, Dad and Jimmy:

I've finally settled down, for a while anyhow. The last letter I wrote was from Marburg. I've since done a little traveling. I went to Frankfort and took an "air-lift plane" into Berlin. I was supposed to be assigned there at Templehof airfield. I stayed there about two days and left by plane from Gatow field, a British base in Berlin, for Fossburg airbase, where I am now. I guess I'll stay here. It is also a British base but has been taken over by Americans. It is out in the wilderness, 35 miles from the nearest town.

The barracks are nice, divided into rooms for two men each.

They have Germans working on the runways all the time.

At the present time there is only one landing strip, but they are building more.

Since I've been here the weather has been bad. G. C. A. (Ground Control Approach) works all the time during the bad weather. The planes land and take off about one every three minutes almost continually day and night. They haul coal mostly, five tons a trip. Unless a person sees all this it won't make much of an impression from what he reads in the newspaper.

The black market over here is stupendous. Cigarettes are worth about 54 marks or $18 a carton. In Berlin they are worth 75 marks or $25. Three marks are worth one dolar. We use American script in the P. X. and the Germans use marks in the cities.

We cannot change marks into script so they are not worth much to us.

All over the E. T. O. the food seems better than in the states. The mess hall in Berlin was considered the best, even better than officers mess. We had plate service and German girls cleared the tables for us. The place where we stayed was once a large hotel. It housed everyone at Templehof. The field itself is right next to the building so they don't have to walk very far.

When I left Berlin we rode a truck through the city to Gaton field. Eighty per cent of the buildings were either blown to bits, burned out, or had all the glass broken out. We passed what were once three Cathedrals. One had no roof and very little wall standing. The others had major damage and probably cannot be repaired anyhow. I guess when the Russians got to Berlin they shot it up some too.

At the mess hall here they feed both Limeys and Americans the Limeys have charge of the mess hall though. The food is not as good as in Berlin, but it's O. K. In the same building there is a beer garden and they sell English beer all day long. It costs 2 pence or about 3 cents American money for a big mug of it. So I guess I can afford beer at dinner and supper.

Well, I'll say so long and hope to hear from you soon. My new address is:
