Bus Trip Planned to Farm and Home Week

The three county agents of the Farm Bureau, Home Bureau and 4-H Club departments announce that the departments would charter a bus to provide transportation for parents and children to the Annual Farm and Home Week at Ithaca for one day if there is enough interest in the county.

County Agent Blizt said that this was done last year and that the transportation fee was very reasonable. So that arrangements can be made the persons interested should contact one of the three departments to make tentative reservations. If a bus were chartered it would probably leave Belmont about 6:30 a. m. and return about 8 p. m. the same day. This would allow enough time for the full days events.

Women's Temperance Union at the home of Mrs. Jennie Wilkins Thursday evening, February 2 at 7:30, with seven members present.

After an interesting report and plans for further work in the Temperance cause by the President, Mrs. Helen Beach and responses from the different directors, each member answered to the roll call by telling the stand of different U. S. Presidents took on the liquor question.

Mrs. Lelia Livermore gave an interesting program bringing out the views of many other presidents in regard to or against Temperance.

This was followed by exchange of valentines, singing, stunts and appetizing candy.

The next meeting will be held the first Thursday evening in March at the home of Mrs. Beach. This will be an unusually interesting and entertaining program and all members are urged to attend.

Elm Valley Community Club to Meet

The Elm Valley Community Club will meet at the home of Mr. and Mrs. Carl Burdick Wednesday, February 15. Tureen dinner at noon.

WANDERING with "WILLIE"

THERE has been a little talk about the Andover Fire Department forming a band in Andover if enough interest of players is awakened to make the venture a success. To our mind this would be one of the best things that has happened here in years, inasmuch as anything which the fire boys have decided to sponsor has been successful even as far back as in the 1890's when they helped to start a library here.

We are not trying to brag up the firemen (even if we happen to belong to the company), but we do know that if enough folks let it be known how they stand in regard to the firemen taking over what was left of the old Legion band and with the addition of new members, it would give Andover a band that would be hard to beat, both in appearance and musical enjoyment to Andover in general.

We heard one local resident say that any time the firemen were ready to start a band he had a five buck bill in his pocket that was their's. And we happen to know of others who are just as interested only they are not yet known.

Before spring, we would like to see some action of some kind started on this proposition, and the only way action can be started is to start acting, both by talking it over between Andover people and with Andover musicians, and also with ourselves.

Let's go "bandy" during these winter evenings and see what will happen anyhow.

IT SEEMS great to see that Andy's Main street clock is back on the job. Boy, we looked at the same time so long we could see it in our sleep, but "old faithful" is back on the job and when you pass under it now you sort of get in the habit of looking up again.

Just to prove to yourself how observing you are, why not try to remember the exact time that same clock stood at for the past many weeks. We know you saw the clock and we know you made a remark about it—so—how's your memory?
