Local Historian Wants Andover Historical Data

Having been appointed historian for the town of Andover, I am endeavoring to collect historical data of any nature. Anything pertaining to history, such as facts concerning the early history of the town of Andover, or any material to make a collection of historical displays which will all be labeled with its historical record and the name of the donor. These will be filed with our present records at the town hall and displayed on occasions for historical review. It is surprising how much good can be obtained by such a collection when collected together, marked and displayed properly.

Let us all look around, gather up what material we think might be of any value and get in touch with me and I will do the rest.

News Briefs of Local Servicemen

Edenton, N. C.—Marine Cpl. Richard W. Wheaton, son of Mrs. Edith Wheaton of Andover, is a member of Marine Air Group 15, serving with Headquarters Squadron 15, a crack unit of Marine aviation, based here at the Marine Corps Air Station.

MAG-15, representing Marine aviation, will take part in Portrex, mammoth Armed Forces joint operation to be held in the Caribbean area through March.

Flying sleek new Grumman "Panther" jet fighters, Grumann F7F "Tigercat" night-fighters, and Chance-Vought F4U "Corsair" fighter-bombers, pilots from the air group will provide close air support for both the invading forces and the defenders, who are to be considered the "enemy" for the purposes of Portrex.

Many MAG-15 personnel making the Caribbean trip will travel south via Marine air transport squadrons, while the remainder will travel on Navy ships, embarking at Norfolk, Va. The Task Force, assembling at Norfolk, will begin tactical maneuvers when it clears the harbor, practicing anti-submarine warfare and latest anti-aircraft defense.

Marines are giving amphibious training to Army troops in Portrex, but 1,000 Marines from MAG-15 and one reconnaissance platoon constitute the only active participation of Marines in this year's exercise.

County Red Cross Quota Raised This Year

Mrs. Grace Brown of Wellsville announces this week that the Red Cross quota this year for the Allegany county unit is $12,500, with quotas for the former Wellsville chapter area set at $8,550 and the former central Allegany chapter at $4,000.

Last year the quota for the Wellsville area, of which Andover is a part, was $6,580. Andover's quota last year was $560 and this year it has been raised to $650.

The reason for all this is that the great disasters of the past year were the largest in the nation's history and the cost was almost $8,000,000.

Emergency relief was given to more than 228,500 persons. Disaster may strike anywhere, any time, and Red Cross is the generous hand of all America to the dazed victim who is bewildered and disheartened by the loss of home and often of loved ones.

The National Blood Program is another glowing example of Red Cross activities. There are 30 regional centers operating at present and over 500,000 pints of blood were collected the past year. This is given free of charge to over 1,500 hospitals. There are all types of blood available to all of us, the only cost being the charge of the hospital for services. There is no charge for the life-saving blood.

There are many other important services given by Red Cross including assistance to men still in the service and to veterans, which service amounted to over 3.5,000,000 last year. This included emergency aid for families of servicemen; recreation and relief to veterans in hospitals; many courses given to more than a million persons last year, and to Junior Red Cross.

Last year Red Cross spent $15,000,000 more than they collected, mostly for disaster work and blood program. In 1950 this program will expand still more.

Your contribution will help keep all these vital services available. Do your part to make sure that the work of mercy never ends.

Legion Wallops Wellsville 82-53; Bows to Cuba 54-50

The Andover Legion basketball team won its 18th straight game and 19th victory of the season by swamping Wellsville 82 to 53 on the local court last Thursday night. It was a Boy Scout benefit game, all the proceeds amounting to around $25 were given to the Scout drive.

The locals had an easy time with Wellsville, holding a 44-10 advantage at the half. John Fisher led the locals with 20 points. Underwood was high for Wellsville with 18 points.

The preliminary team lost its second game of the season to a strong Alfred Frosh team, 50-38. Both defeats they have suffered have been by this same Alfred team. Brown led Alfred with 22 points and "Bob" Jackson was high for Andover with 15 points.

The Andover Legion team suffered their first defeat on the local court this year and their second defeat of the year by bowing to Cuba in an overtime game 54-50 last Tuesday night.

The game started out with Andover taking the lead at the quarter 12-6. Cuba tied up and went ahead 24-23 at the half.

In the last half the lead changed many times and with two minutes to go Andover was behind 46-50. Carl Witzel sank a one-hander from mid-court and seconds later passed to "Bob" Baker for a score to knot the score at 50 all as the final whistle blew.

In the five minute overtime Cuba scored a basket in the first two minutes. Andover could not hit anything. Every shot rolled around the rim and out. The locals missed five straight foul shots and Cuba scored their last two points on fouls in the closing minute.

It was the hardest fought game seen on the local court this year. The Cuba Legion has not lost a game in two years.

Witzel led the scoring for the evening with five field goals and five foul shots for 15 points. Ingalls was high for Cuba with 14.

The game was refereed by Sid Miles and Darwin Barnes.

"Kenny" Moag Steals Potato Show

As we get the picture of last week's Allegany-Potter County Potato show held in Wellsville, Kenneth Moag stole the show from his employer, E. L. Kent & Son.

Andover winners in the potato show included:
