## VETERANS' News Letter

Unmarried widows of veterans who died as a result of service in World War II are eligible for home, farm and business loans, it is stated by Raymond F. Shear, Director of the Allegany County Veteran's Service Agency, Belmont.

Shear pointed out this was made possible through one of several amendments to G. I. Loan provisions contained in the recently enacted Housing Act of 1950.

In order to be eligible for a loan, a widow's husband must have served in the armed forces at some time between September 16, 1940 and July 25, 1947; his death must have been a result of service while on duty, or from service-connected causes following discharge under conditions other than dishonorable; the widow must not have remarried following the veteran's death.

Widows eligible for G. I. Loan benefits because of their own service in the armed forces receive no additional benefits under the new provision.

Further information on this or any other veteran's benefit may be had by calling at the Allegany County Service Agency Court House, Belmont, or by contacting Richard J. Dzimian, State Veteran Counselor at the State Employment office in Wellsville on Thursdays.
