"The Child with the SAVINGS ACCOUNT Becomes the Thrifty Man"

A savings account is an ideal birthday gift for boy or girl. It fosters a sense of independence. It provides an incentive for thrift. It enables the child to save for the things he wants—and thus learn, through a small measure of temporary sacrifice, the relative value of possessions and of goals.

Local Recreation Program Proves Very Successful

School has been in session for a few weeks now and the summer recreation program for 1950 is a matter of record.

During the months of July and August the school athletic field and the Wellsville swimming pool vied for first place in popularity during the children's daytime hours. Transportation to the pool in Wellsville was by school bus on Tuesdays and Fridays, with a total of 95 different people enjoying the swimming during the summer. The average attendance per day was about 58.

Many of these people passed the required swimming tests to qualify as a beginning swimmer, intermediate swimmer or junior life saver. After receiving instruction from "Sid" Miles and Coach Witzel, the following were passed:

Beginners — James Mulholland, Alberta Phelps, "Butch" Vickers, Lynden Goodridge, Connie Burch, David Loescher, Bruce Lehman, Clair Goodridge, James Riffle, Lois Pelton, Keith Howland, Evan Dolan.

Intermediates—Robert McClure Merle Sherman, Dennis Joyce, Ronald Glover, Lucille Smith, Martin Smith, Roger Phelps, Jerry Rogers, Norman Pelton, Gay Rogers, Charles Loescher, Charity Howland, Ann Wood, Theodore Smith, Mildred Briggs.

Charity Howland passed the junior life saving test in this group.

On the school field constant activity was in progress from 9 a. m. to 9 p. m. daily. Morning found the younger group of 6-10 settled in one of the two large sand boxes, using the playground facilities such as swings, slide and teeter-totter along with the many balls available. Afternoon the baseball fields were in use by the Midget and Junior baseball teams. Games were played against Arkport, Scio, Whitesville, Allentown and Greenwood on a home-and-home basis. Both teams gave creditable accounts of themselves and showed much improvement as the season progressed.

Members of the Midgets, composed of boys from 8-12 years of age were: Michael Smith, James Mulholland, Robert Dolan, Clifford Mather, Donald Harris, Robert Sackett, John Common, Merle Sherman, Clarence Carson, Leo Alford, Keith Perry, George Mather, David Loescher, Robert Barnhart, Clifford Tanner, Bruce Lehman, Thomas Smith, Keith Howland, Donald Johnson, James Riffle, Dennis Joyce, Ronald Glover, Charles Loescher, Norman Pelton, Jerry Rogers.

With only enough time out for a short meal, the softball diamond, which is regulation for the Midgets, was back in use on Tuesdays and Thursdays. This time it was the brothers, fathers, uncles and even a couple of grandfathers of the Midgets participating in a softball league. An average of around 25 men gathered new aches and pains each evening while playing each game as if it were the crucial game of the World Series.

For the less active moments, but not less enthusiastic, there was always a croquet game in motion or wide use of the tennis courts.

The children of Andover were offered a summer of healthy activity by the Town Council and a look at the school playground any afternoon this past July or August was enough to convince all that they certainly took advantage of the opportunity.

Adult Education Registration Next Thursday

Registration for adult education has been set for Thursday evening, October 5 at 7:30 at Andover Central School. It is believed that classes will be larger than ever this year.

The class in driver training will start Tuesday evening, October 3 with a full enrollment of 12. Another class will be started in December to run for ten weeks. The courses this year will depend on enrollment, 12 being the minimum number needed to start a class.

Mr. Conde will again offer an open forum on current problems and affairs. Last year this group had a very enjoyable and profitable time. He will also conduct a class in "fly tieing" and "rod repairing," or public speaking if enough are interested.

Mr. Bartz will conduct an art workshop on an individual basis for those interested in glass etching, textile painting, water colors, oil painting, and ceramics.

Miss McCarthy will teach a course in sewing, or home furnishing including the making of slip covers, drapes, upholstering, etc. She will also offer a course in child care or family relations if there is a demand for it.

Miss Seager will conduct classes in typing, shorthand and bookkeeping.

Mr. Bronson will again have a class in woodworking and shop. He would also like to start a group for young farmers. This would include shop work, field trips, class instruction and recreation.

Mr. Holden would like to organize some adult work in music such as a community band, women's chorus or a mixed chorus.

Mr. Mandel will again be director of the program and also be available for educational and vocational guidance for those who want it.

It is urged that all who are interested register Thursday night as the number who turn out will determine what classes are to start on Tuesday night, October 10. Any suggestions as to other classes you want will be welcome. We will try to provide an instructor and organize any class in which 12 or more people are interested.

You Must Be Registered to Vote

If you wish to vote in this year's election, you must be registered.

If you have changed your residence from one district to another you had better register personally at the election district in which you live on either Saturday, October 7th between the hours of 7 a. m. until 10 p. m., or October 14th between the hours of 1 and 10 p. m.

Andover has non-personal registration and those in charge make an earnest effort to have all voters properly registered, but usually each year someone finds that they are not registered properly and therefore cannot vote. So if you have moved or did not vote last year be sure you are registered this year.

Remember, registration days are:

Saturday, October 7th, 7 a. m. to 10 p. m.

Saturday, October 14th, 1 p. m. to 10 p. m.
