"The Child with the SAVINGS ACCOUNT Becomes the Thrifty Man"

A savings account is an ideal birthday gift for boy or girl. It fosters a sense of independence. It provides an incentive for thrift. It enables the child to save for the things he wants—and thus learn, through a small measure of temporary sacrifice, the relative value of possessions and of goals.

Adult Education Classes Started At School

Adult Education classes started Tuesday, Oct. 10, at Andover Central School. The attendance was rather disappointing and it is hoped that there will be a better turnout Thursday, Oct. 12 and Tuesday, Oct. 17 to assure the continuance of some of the classes.

The Driver Education class is full at present but another class will start about Dec. 1 and those interested should register now.

Mr. Bartz's Art Workshop has an excellent enrollment and its members have already started work with oils, water color, etching and ceramics. It is hoped to have an exhibit of this work at one of the stores in the near future.

Mr. Conde conducted an Open Forum on world affairs and most of the members of his last year's group were present remembering the fine discussions and good times of last year. This is an excellent opportunity to come and visit about events of local importance as well as world importance. This class does not stand on formality and every one is assured of participating and having fun. The enrollment for Public Speaking did not warrant a class but if enough express their wishes for it, it will be taught.

The number registering for band and chorus is as yet too small to start a group. If you can sing or play an instrument—why not give this worth while community project a lift by turning out Thursday or Tuesday night. We are also in need of typing, sewing and woodworking to get started.

This program has been organized at the request of and for the benefit of the adults of the community. If it is to continue we must have at least ten adults to the class. If you have not yet registered please do so at once so that we will not have to drop some of these worthwhile activities.

Mr. Bronson would like to organize a group of Young Farmers including those veterans whose G.I. time has run out. This group would have field trips, movies, classroom discussion, shop work and recreational evenings.

There has been some interest expressed in photography and tutoring for the High School Equivalancy diploma. Any person desiring these courses should register at once or call Mr. Mandel at the High School.

Town to Buy New Truck

The Town Board has decided that it is in the best interests to purchase a new heavy truck to replace the 12-year-old FWD which burned this summer, and have called a hearing to be held October 18, a notice of which will be found elsewhere in this week's News.

With the number of miles of hill roads which have to be kept open for school buses in Andover township, at least one heavy truck is necessary to do this work and in view of the fact that parts are not available for either the FWD or the ancient snowplow equipment on it, there isn't much that can be done but buy new equipment.

The Town Board have an offer of $2,740 turn-in on the purchase of the new equipment.

Induction Call Is For Seven Men On October 24

The local draft board has received a call for seven men from Allegany County to be sent to the induction station at Buffalo on Tuesday, Oct. 24 to be inducted into the armed forces.

Wednesday the local board sent 48 men from the county to Buffalo for their pre-induction physical examination.

Census Figures Show Increase For Andover

Figures released from Washington show Andover Village population up 4.7 per cent in the last ten years. The figures as released are 1,350 in 1950 and 1,290 in 1940.

The Village of Alfred made the largest gain for a total population of 2,043. The 1940 count was 694. This was partly due by students being credited to the community where they went to college for the first time.

Other Allegany county villages, with gains are:

Belmont—1,211 in 1950; 1,146 in 1940.

Bolivar—1,490 in 1950; 1,344 in 1940.
