Allegany County Man Tops Beef Sale Again

For the second consecutive year, Vern Dorvitt and Son of Fillmore walked off with top money on calves they consigned to the annual feeder sale of the New York State Beef Cattle Breeders and Feeders Improvement Project, Inc. The Dorvitts, who live at Short Tract, saw one of their Angus heifer calves auctioned off at a price of 55c per pound. The sale average price was approximately 44c with 40c being the average for steer calves. C. W. Hebblethwaite, assistant county agent said, 16 head of Angus were sent from this county.

In spite of the uncertainty of the war situation, buying was was brisk. Many feeders had planned for months to buy several calves here and didn't intend to go home empty handed.

The feeder sale, at which there were about 400 head of Angus, Hereford and Shorthorn calves, serves a two-fold purpose. The sale serves as an excellent outlet for calves which breeders don't have enough roughage and grain to fatten at home. All calves consigned are weighed and graded so the breeder has a good check on his pasture program, but mainly a good check on the quality of his herd sire.

The other purpose served is that of putting quality feeder cattle onto the farms of each crop farmers who have a great amount of roughage and few head of stock to convert the roughage into fertilizer during the winter.

Enlistments Open For Women

Enlistments for women in the Army, Air Force and Marine Corps are announced this week.

Young women are urged to contact the recruiting office at Olean provided they are single, between 18 and 34 years of age and are high school graduates. The Army offers young women a choice of 3, 4, 5 or 6-year enlistment and the Air Force offers 4, 5, or 6 years, it was announced. Those who are accepted for the Women's Army Corps start their initial training at Fort Lee, Virginia. From Ft. Lee, WAC's are sent to other posts for school, on-the-job traning, or direct assignments. Young women who choose the Women's Air Force take their initial indoctrination at Lackland Air Force base, located near San Antonio, Texas, commonly referred to as "The Gateway of the Air Force."

After their initial application in Olean, those who qualify will be interviewed in Buffalo at the main recruiting station by the WAC-WAF representative.

Starting immediately, twice as many women will be accepted for enlistment and speedily processed by the Marine Corps, so that they can join either of two monthly recruit training classes at Parris Island, S. C., following which the graduate Lady Leathernecks are assigned to post and station duty or service schools in the U. S. Promotional possibilities are now unlimited for women Marines.

Applicants must be between the ages of 18 and 31 and have completed high school. If they are not a graduate, they must be able to pass a high school equivalency examination. For more complete details contact the Marine Recruiting Sergeant at the Post Office Building, Elmira, N. Y.

Employer: "Ephram, you deserve a better salary."

Ephram: "Oh, thank you sir."

Employer: "So I'm giving you a week off to go out and get somebody else to give it to you, for I can't."

YOUR MANNERS ARE SHOWING

by Eunice Hall

SAY IT AGAIN!

Gramercy is really not just a phone exchange—it's an old French phrase meaning many thanks. They used to say it so much—those were courteous days—that it became a byword. Saying thank you, and writing thank you notes, is a splendid habit every teen-ager should practice. It helps make you and your life a good deal smoother. Say it for big or little favors—whether someone's held the door open for you, given you a party, a present or carried your books. One thing to remember, when you say thank you, be sure you mean it. It's much more becoming!

CAMERA CLUB ELECTS OFFICERS

Last Tuesday at 3:15 the first meeting of the Camera Club was called to order by Phyllis Burger in the math room for the purpose of electing officers.

The officers elected for the coming year were:

Phyllis Burger, president.
Eunice Hall, vice-president
Lyle Slocum, secretary.
Paul Clark, treasurer.

The group decided to change the number of members in the club, the number of years a president can succeed herself or himself and to teach club members to run the movie projector.

Mr. Reil, our faculty adviser was also present.

Club dues of fifty cents will be due shortly and are to be paid to Paul Clark.

DOWNBEATS

By Marion Milligan

Hurray! Hurray! exclaimed all members of the chorus as they learned at a recent meeting held at rehearsal that they were to begin to earn money for robes. Many think this suggestion is a great one. It will take much work and cooperation, yet we all feel that our chorus should obtain these robes for performances like other surrounding schools. Costing fifteen dollars each, the robes will not be paid for for two or three years since their total cost will be $600.

In band, as usual, Kent Harder, James Conde and Douglas Wheaton are picking on the girls. For a few weeks Mr. Holden has drilled the members on marches and other music for Hallowe'en. Some marches included are "Military Escort", "Broadway" and "Advance."

"My goodness, All ready?" was the question asked by orchestra members while they proceeded to open their folios and blow out the dusty Christmas music and started to practice "Christmas Fantasy" for the concert. Gay Rogers with her out-of-tune violin is again drumming on the piano trying to tune her instrument.

Again next week look for "downbeats" to see what's happening in the music world of A. C. S.

HARVEY

I open up my locker and there sits Harvey. He looks so sad that I ask him what is the matter Harvey tells me no one told him that there was going to be a vacation Thursday and Friday of last week. Since he was locked in my locker and couldn't get out, I ask him why he doesn't find out what some of the students did.

Harvey then sees Marion Milligan and Charity Howland and asks them what they did. Charity tells him "Ronny" Atwell and Dale Green took them to the dance at Alfred-Almond.

Eunice Hall comes up the hall and tells Harvey that she and "Vic" Daley, Marcy Smith and "Charley" Dougherty went to the drive-in theatre.

He asks Arlene Edwards where she went over the vacation. She told him Fred Morse took her to Batavia.

Harvey scampers over where Mimsi Briggs and Mary Jane Sackett are talking. They tell him they did nothing much.

Ann Marvel and Beverly Loucks say that they had a wonderful time at Sandra Skuse's party.

Harvey is glad that everyone else had a nice vacation even if he didn't.

PANTHERS EDGE JASPER 4-3

Last Monday afternoon Andover took on the Jasper Indians in the final soccer game of the season. It was a close, thrilling game all the way but when the final whistle was sounded, the locals were on top by a 4 to 3 score.

The first quarter was scoreless but the Jaspers broke the ice in the second quarter and held a 2 to 0 lead at half-time.

In the third quarter the visitors upped their lead to 3 to 0 on a penalty kick but in the latter part of the same quarter the locals came to life and scored two quick field goals to hold a to 3 lead in going into the final stanza. The fourth quarter was scoreless and Andover had won their fourth game against three losses for the season.

The scoring was done by "Chick" Davis and "Lefty" Harder.

This is Andover's first winning season since soccer began here. Congratulations boys.

OUR CHEERLEADERS

by Eunice Hall

Since it is close to basketball season, the selection of our cheerleaders will take place soon.

A good cheerleader is what we need. Okay, but what and who is a good one? A good cheerleader should possess a good voice, pleasing personality, an attractive appearance, pep and alertness.

I think that in Andover if two different squads could be formed each year, there would be more cooperation and better morale on the part of the team and of the school. To have try-outs every year for cheerleading would give more girls who are interested and capable of doing the job a chance.

I also think (along with many others) that the student body, especially the team, should select the cheerleaders. The judgment of the faculty is important, but the faculty aren't as well acquainted with the girls as their friends with whom they spend most of their time.
