THE GENIUS OF MASONRY.

The spirit and genius of Masonry is seated with the existence of the world. From the moment when the Creator said, "Let there be Light," then was the commencement of that structure of Free Masonry whose pillars have sustained the assaults of time, malice and oppression in a thousand shapes. In respect to age, it is older than any other human institution. It has received within its pale all orders and conditions of men. Kings have assumed themselves ennobled by admittance to its mysteries. Placed under the ban by an angry ruler, prescribed and preserved his death, Order triumphed over every obstacle opposing its existence; and its brotherly strength which surpasses the most sanguine expectations of its true friends. It stands at this hour the most potent and universally acknowledged institution known to the world.

And that is there in the order and system of Free Masonry which has thus enabled it to survive presentation, full the results of calumny, and has contained in its bosom the seeds of its own triumph and power as to the teaching of its *Revelation*. The institution is based on the everlasting principle that man is the brother of man, that as such we are traveling through the *Quarry* on the *Lord of Time*; and that the noblest employment of man is the good of his fellow man. Every man is the brother of every man, and includes the fundamental principle of the order, that man is the brother of man. It is a grand and noble system, and it is the duty of every man to be a member of it. The *Quarry* is the *Lord of Time*, and the noblest employment of man is the good of his fellow man.

By a beautiful combination of signs and symbols, the *Quarry* is the *Lord of Time*, and the noblest employment of man is the good of his fellow man. It is a grand and noble system, and it is the duty of every man to be a member of it. The *Quarry* is the *Lord of Time*, and the noblest employment of man is the good of his fellow man.

The Free Masonry of the Sixth Ward meet in the back room of the "Harp of Erin" to consider what to do in the matter of the Negro Vote—They Come to a Decision.

Harp of Erin S. L. O'Grady, Grand Master, No. 100, York, April 21, 1870.

The proclamation of the President announcing the ratification of the Fifteenth Amendment produced a profound sensation in this ward here. It was told to our people by a representative of the press at 11 o'clock this morning, and it got pretty well spread among us by three o'clock this afternoon, which was told by word of mouth, and it was accordingly so.

I felt the back room it up, and the harp moved into a safe place under the arched and draped in mourning, to take of the kneeling brethren which I felt had fallen on to the people in evidence of its outrage. I rang the bell and the door was opened, and the harp moved into a safe place under the arched and draped in mourning, to take of the kneeling brethren which I felt had fallen on to the people in evidence of its outrage.

LIFE THOUGHTS.

Hope and care, anxieties and tears, divide our lives.
God gives birds their food, but they must fly for it.
Small cheer and great welcome makes a merry feast.
Whatever you dislike in another, take care to correct in yourself.
Bless God for what you have, and trust him for what you want.
He who assumes airs of importance exhibits his credentials of insignificance.
Wait for others to advance your interests, and you will wait till they are not worth advancing.
Men of genius are often dull and inert in society; as the blazing meteor, when it descends to earth, is only a stone.
Be careful of your actions upon principle of right; and, doing this, never recede from the cost.
God takes notice of every particular man as if there was none else; and yet takes notice of all as if they were but one man.
Horace Greeley says that the darkest days in any man's earthly career is that wherein he fancies there is some other way of gaining a dollar than by
