Christmas Seals Are A Gift of Health

As Christmas approaches everyone would like to feel that he has done something to add to another's happiness at this season.

The joy that Christmas normally brings is not complete unless one has that inner satisfaction that comes with knowing that he has made a contribution to the welfare of others, that he has overlooked no little thing that might make this Christmas a better Christmas.

This Christmas, let's give a gift of health. Let's help protect ourselves and loved ones from tuberculosis, killer of more than 40,000 Americans a year. Let's fight tuberculosis with Christmas seals, backbone of a nation-wide campaign against the disease. Let's give health, with Christmas seals, today.

Christmas seals are an American tradition. They are a tradition because for 40-odd years they have supported a campaign against a disease that is killing at the rate of one person every 13 minutes. It leads all diseases as a cause of death in the age group from 15 to 35. In 1947 it killed 13,029 persons in this age group. Heart disease killed 6,928 and cancer, 5,052.

As the 1950 Christmas seal sale in Allegany county entered its third week, receipts so far total $5,250, it was revealed this week by Mrs. Wayne C. Stout, county Christmas seal sale chairman.

For 30 years, Mrs. Stout stated, the Allegany Health & Tuberculosis Association, one of the 3,000 associations affiliated with the National Association, in close cooperation with the official health agencies has been waging an effective battle to eradicate tuberculosis in our community.

These 3,000 associations are known as "voluntary" to distinguish them from tax-supported "official" health departments and agencies, Mrs. Stout continued. Actually, they are committees of citizens, banded together to fight a common foe. The associations are governed by a board of directors. Under the direction of the board, the work is carried on by volunteers, and to the extent finances permit, a professional staff.

"Tuberculosis is the enemy of all our people," Mrs. Stout said. "A year from now 100,000 persons who are today free from tuberculosis will have this dread disease. Yet we can help prevent the spread of TB, help cut down the terrific toll this disease takes each year. We can support the campaign of the voluntary association to bring TB under control. We can do this by—buying and using Christmas seals. It is an American tradition to fight tuberculosis—with Christmas seals."

"Last night I was kissed twenty times in twenty minutes."

"By the same man?"

"No. He was a changed man after the first kiss."

Agricultural News

IRA BLIXT, County Agent

It is not too early for Allegany county farmers to start figuring up their receipts and expenses for their federal income tax reports, advises H. L. Blixt, county agricultural agent.

More and more farmers are keeping accurate farm account books, which makes it easier in arriving at the total farm expenses and receipts for income tax purposes, he said.

"It takes time to add up the 125 or more expense items on most farms. By starting early, it is much easier and the accounts can be checked for errors, prior to completing the tax forms. The federal income tax returns must be filed on or before January 31, 1951. If an estimated tax return is made, it must be filed by January 15, 1951. In either case payment of the tax must accompany the report."

Mr. Blixt stated that Allegany farmers will find helpful suggestions on filing federal income tax returns in Cornell bulletin 809. Free copies of this publication are available from the County Agricultural Agent's office in Belmont. The bulletin answers 60 income tax questions and gives examples in filling out tax forms. The agent advises that several income tax and social security meetings will be held for farmers around the county early in January.

BROTHER ... SMITH

GOSS Memorial is up to you, Deputy State Masters, and all the Subordinate Granges in the state. Are you going to make the quota of ten members per Grange that is asked? The goal is just that, and small enough, for all of you to shoot at. You will be doing it in the name of the Albert S. Goss Membership Memorial, and to the everlasting credit of your own Subordinate Granges. Start now, just think, only ten new members each Grange. Do it now.

NORTHWARD and [illegible] movement is the [illegible] of the Grange. Are you with it? Are you already making plans to tie beautiful shade trees, quick-growing conifers, into the all-over plan of your home? Let's make the house as attractive as the barn. There's a world of attractiveness ready and waiting for you, let's take advantage of it.

ATLANTIC CITY has been selected as the national sessions city next year. What an opportunity to take the beautiful seventh degree and combine a vacation trip. There is no coupon to clip, no ticket to grab, just make plans so that next year you can take with you the satisfaction of the greatest gain in membership of any state in the country. You must start now to do it.

DEPUTY school this week at Ithaca brought out the strongest representation of cooperative organizations in the county. A st[illegible] leadership of Harry Sherwood.
