REPUBLICAN NOMINATIONS.

Every Republican can well afford to be present at the Convention held at Rochester on Thursday last week. The Convention was largely attended, and the State and the candidates nominated for Judges of the Court of Appeals could not, as we know, have been improved, had the United States been ransacked for candidates.

CHARLES MASON, of Madison County, who is a candidate for one of the Associate Judges, has had considerable experience on the Bench.

CHARLES ANDREWS, of Syracuse, is also a candidate for one of the Associate Judges. He is a lawyer who is possessed especially of those qualities and general characteristics that so well fit him for the high place in which we are about to place him.

CHARLES J. FOLGER, of Oneida is the third nominee for the Associate Judges. He needs no recommendations from our hands to the people of this State. His name is familiar in every household.

ROBERT S. HALE, of Essex, is another. He was for eight years Judge of Essex County, was a presidential elector in 1860, and a member of the thirty ninth Congress. He has experience, ability and integrity to back his claims.

It is with more than ordinary pride that we display this Ticket at the head of our column, and it is with pride that we ask every true man to come forward and support it.

THE SECRETARY OF THE treasury reports the decrease of the principal of the National debt for the month of April at \$11,697,793.29. And during the year which closed with April, at \$97,282,062.82.

THE EXECUTIVE COMMISSIONERS of New York City have decided that it does not require that the names of twenty freeholders should accompany the petition for license under the law of 1870.

THE SECRETARY OF the State has written a letter to Gen. O'Connell, Chairman of the House Committee, in which he says that the Governor has decided to comply with the request of the Legislature in the Territory.

A WORD TO REPUBLICANS

It would scarcely be possible to over-estimate the importance of the judicial election so soon before the Governor would be important; but looking to the future of our State, his interests and feelings, his feelings and feelings, his feelings and feelings.

Every intelligent statesman must see that it is a matter of momentous importance that our highest State Judiciary shall be composed of jurists whose instincts, principles, and training are a guarantee that their judicial decisions will accord with the high principles of right and justice.
