## Sound Film, "Fire Upon Earth," To Be Presented At Presbyterian Church

"Fire Upon Earth" a feature length sound film will be shown at the Presbyterian Church on Sunday, February 25, at 8:00 p. m. according to Rev. Albert N. Rogers, supply pastor. A different date had been previously announced.

The title was not chosen because Presbyterian churches are traditionally cold and unemotional, Mr. Rogers said, but because it expressed the impact of the church through the centuries on the world around it. The film reviews the history of the church from Bible times until the present as background material for the lessons now being studied in the Sunday school.

Parents of children in the Presbyterian Sunday School will find the film helpful in interpreting the lessons to their children.

The Westminister Fellowship, youth group of the church, will meet with their adviser, Mrs. George Holden and Mr. Rogers to discuss the film in the church parlor following the showing. The film is being shown in the churches of Steuben-Elmira Presbytery this month.

## Andover People Seriously Injured In Auto Accident

Mr. and Mrs. William Dunham, Jr., and Ira W. Merrill of Andover were seriously injured late Saturday afternoon when cars driven by Mr. Dunham and Mr. Merrill crashed head-on just this side of the overhead bridge on the Andover-Wellsville highway.

Mrs. Dunham, 20, has a fractured jaw, several lower teeth missing, laceration through the lower lip, bruises of the right shoulder, right wrist, both legs and the left ankle. She is also suffering from severe shock.

Mr. Dunham, 23, received a fracture and dislocation of the left hip, fractures of two ribs, multiple contusions of the breast bone, a laceration above the left eye and multiple abrasions of the face, arms and legs.

Mr. Merrill, 42, is listed as suffering from a fractured pelvis, fractures of several bones in the left foot and lacerations of the right upper eyelid and forehead.

Chief of Police Albert Rogers and State police who investigated the accident, reconstructed the crash as follows: Mr. Merrill was traveling west alone on Route 17 and Mr. and Mrs. Dunham were driving east when the cars collided just east of the overpass over the Erie railroad. The right rear of the Dunham car was thrown over the guard wires along the highway and the Merrill machine was across the highway.

While James Witter of Andover, who witnessed the accident, was telephoning for aid, James Mulholland arrived on the scene with his ambulance, en route to Andover from business in Wellsville. Mrs. Dunham was rushed to the Jones Memorial hospital in the ambulance. The two men, who were pinned in their cars, were removed shortly and Mr. Dunham taken to the hospital in Chief Rogers' police car and Mr. Merrill was taken to the hospital by Loren Short.

Both cars were completely wrecked.

James Erwin, 17, of Wellsville was arrested at the scene of the accident when he failed to heed Officer Rogers' order to stop and forfeited $10 bail when he failed to appear before Justice Harry Kemp Monday morning.

Reports from the hospital last night are that all three are improving.

The Andover Central School faculty will play their first and last game of the season in the first game next Tuesday night when they meet the Drug Store Cowboys, members of this year's J.V. team. The cowboys will be out to avenge the beating they were given last year, so it should be a bang-up ball game.

In the second game the Legion team will meet the "Daley Unfortunates," members of this years varsity team, a team that played good basketball all season, and when they have a "hot night" are unbeatable. It should be one of the best games between the two teams as they are pretty well matched in every department.

## Fire Badly Damages Legion Home Early Saturday Morning

Fire of undetermined origin badly damaged the American Legion Home here early Saturday morning. The fire was discovered about 4:30 a. m. at which time it had gained sufficient headway as to be seen through a window in the back part of the building.

Within minutes about 40 firemen had reported at the scene and quickly laid seven lines of hose to the fire using both pumpers and the OCD pumper.

The fire evidently started on the first floor as there was no signs of it in the basement, and quickly spread up the sides of the brick veneer building and through the false ceilings making it difficult to combat. Firemen, however, confined the fire to the Legion rooms so that no damage was done to the Village offices other than smoke and water damage. The kitchen on the second floor also escaped serious damage.

The Legion Home was gutted with losses estimated at between $8,000 and $10,000 to the building and around $3,000 to the contents. The building owned by the Town of Andover is covered by insurance and the equipment owned by the Legion is partly covered.

The Town Board and Legion trustees expect to hold a meeting as soon as insurance adjustments are made to consider the rebuilding of the building.
