Methodists To Hold Retreat at Coudersport

The laymen of the Olean District of the Methodist church are looking forward to a week-end retreat to be held at Potato City, May 5-6.

Potato City is midway between Coudersport and Galeton, on Route 6. High up on Denton Hill, in the Black Forest of Potter County, it is a fine new hotel, just built by the Pennsylvania Potato Industries, Inc. Strickly modern, it serves many rural groups during the year but on the week-end of May 5-6 it will be reserved by the the laymen of the Olean District of the Methodist church.

A number of laymen have been attending the annual retreat held during the fall at Silver Lake and feel that they do not want to wait till fall this year. So, have been working and planning a spring retreat for the Olean district.

The cost is low. Three meals (supper, breakfast and dinner) and dormitory bed, all for only $5.50, which includes all beding and linen.

If you would like a brief vacation with a great group of Christian men, send your reservation either to Mr. Clayton Husted, Silver Springs, or to V. C. Miles, 406 Ross street, Coudersport, Pa.

Bath Gets New Westinghouse Plant

Following the recent surveys made in the Bath and Hornell areas, the Westinghouse Electric have announced that they will locate their new electronic tube manufacturing plant on a 70-acre site near Bath. The plant will employ approximately 2,000 people.

Besides the labor supply the nearness to their Elmira plant and the Corning Glass Company, who will be large suppliers, were factors in the company choosing the Bath site.

CONVENTION CITY for New York State Grange annual sessions has been chosen to be Syracuse. This was officially announced by the Executive Committee this week. Facilities of the Mizpah auditorium will be used for regular meetings during this 79th annual affair, but the 6th degree will be held in the new War Memorial just now being completed in that city. It is spacious enough to accomodate all who wish to attend.

Syracuse, which is no stranger to Grange sessions in the past, has seen at least ten State and three National Sessions since the birth of the Patrons of Husbandry 85 years ago. In fact, it was in Syracuse that the first provisional meeting of the N. Y. State Grange was held, on November 6, 1873, when 21 Granges in the state handed together. This coming October 30 through November 2 there will be 895 Granges from the state in attendance.

Interest this year in receiving the 6th degree at this time is heightened by the fact that many will want to go to Atlantic City later in November to attend the National Sessions.

GRANGE EXHIBITS at the N. Y. State Fair, September 2-9, will again be held in accordance with the high standards of former years. Entries should be submitted to Charles Riley, Sennett, N. Y., as quickly as possible. As before, the state will be divided into three zones, on a distance basis from Syracuse. Three Subordinate and one Pomona Exhibit will be allotted to each zone, on a quality basis. $250 will be awarded to each exhibit, with additional distance allowances. There will also be premiums awarded from first place down. Get your entry in early.

RURAL TEENAGER plans are being made again this year to receive another group of boys and girls from Germany and Austria as were so successfully done last year. Many New York—farm families enjoyed their experience with these eager young folk, by providing a home, companionship and mutual education program. You may obtain an application blank from State Master Henry D. Shewood, Pine Plains, N. Y.

Job Went Up

"Why did you leave your last job?" asked the boss.

"I didn't leave it left me," said the applicant.

"How could that be?"

"I worked in an ammunition factory and it went up in the night."
