STUDENTS VS TEACHERS

By Mary Brown

Do you come to school with the idea that it is going to be a wrestling match? Some students seem to have the idea that its students vs. teachers and may the best man win.

If you are the type of person who employs this idea, you'll never get any satisfaction from your school work until you drop this attitude.

Teachers know their students. They have watched you day by day and know your characteristics. Perhaps you are punished by one of your teachers. Did you ever stop to think that you might have deserved such treatment?

Punishing is not the main purpose of teachers. Their main purpose is to teach, but if you come along with a fighting spirit, how can they teach you anything? The teacher will immediately have to begin a campaign to eliminate this feeling.

Since we come to school to learn and not to argue or show our mulish character, why not forget this teachers vs. student idea that some of us possess and work with your teachers? You might even be able to learn what they are endeavoring to teach you.

19 YEARS AGO IN A. C. S.

The Hi Herald was just getting a start back in those days with Conrad Church as editor-in-chief while Paul Alderson and Malcom Brundage were the assistant editors.

Senior class officers in 1932 were Paul Alderson, president; Dorothy Oakes, vice president; Leah Oakes, secretary and Conrad Church, treasurer.

Wisner Cook was elected president of the orchestra that year while Roger Tuttle was president of the Boy's Glee Club and Florence Mulholland was president of the Girl's Glee Club.

Those were the days when everyone was wondering why Jimmie Cannon did not come out for football. At last the secret was out when Helen Vickers, Jimmie's Commander- in -Chief, said, "I'm so glad that Jimmie has consented not play football; he might get hurt.

In September of this year we find our Hi Herald mentioning a couple of our friends in its first grade news. Paul Kilbane went to Hornell, Sunday and Bobby Baker went to Buffalo according to the grade news.

The chemistry class of A. H. S. had a little excitement in October of 1932 when Malcom Brundage and Charles Lever had an accident while generating some hydrogen.

HALL OF FAME

This week's senior who enters the Hall of Fame is Phyllis Jean Burger, the class salutatorian.

Phyllis was born November 16, 1933 and lives with her parents, Mr. and Mrs. William Burger, near Elm Valley. She has three older brothers and one younger sister.

Phyllis has attended A. C. S. for twelve years and has been especially outstanding during her high school years. During the four years she has been an active member of the chorus and Hi Herald.

For three years Phyllis has participated in the Camera Club, being president for two years and secretary for one year.

Phyllis has been a member of the Library Council for two years and is secretary at the present time. She has been a member of the F. H. A. and Student Council for two years also.

During her junior year Phyllis was the class treasurer and also participated in the Oratorical contest in which she won third prize.

For two years she has been a champion in the girl's ping pong tournament, winning first place in her junior year and second place in her senior year. Phyllis is now a member of the Girl's Athlectic Association.

She is the year book's business manager and also a typist. As her majors Phyllis has science and mathematics.

Phyllis Jean Burger

Phyllis has chosen as her favorite quotation, "You Get no More Out of Life, than You Put Into It."

We all know that Phyllis will successfully reach her goal of becoming a registered nurse and wish her much luck and happiness in the future.

MEET OUR TEACHERS

This week we introduce Mr. Marvin Mandel, our guidance teacher, who was born in Phenix, N. Y., and in his free time relaxes on East Avenue. The Mandel's have one daughter, Barbara, who is in the seventh grade.

During his leisure hours one could find Mr. Mandel fishing at a nearby stream or on his way to an exciting football game.

Cruising along in his blue Ford, he might be listening to Lena Horn or Bing Crosby singing "If."

After eating a luscious steak dinner, he likes to see a movie starring Esther Williams or Bob Hope. His favorite movie at the present time is "At War With the Army." While stretched out on the davenport, Mr. Mandel often reads "Rabble In Arms" or others by his favorite author, Kenneth Roberts.

Mr. Mandel concludes that his pet peeve is reckless drivers.

Mr. Mandel has taught for 17 years. He attended Syracuse University, Buffalo University, Cornell University, Columbia University, N. Y. U., and Alfred Uuiversity. He now has a B.S. and an M.S. degree.

HARVEY

By Charity Howland

Oh! Goodness! Where's Harvey? Do I hear someone's small feet pitter-pattering down the hall? Oh, Yes! Here is our little lost, friend, Harvey. What news have you to tell our eager-beaver friends?

Harvey immediately began telling me how much fun it was to dance with Pat Baker at the F. F. A. dance last Friday night to the music of the And-Well Cavalier's. However, he saddened when he announced Carl Atwell was lonesome without Shirley Baker but Harvey was very full of glee when he remembered the attempts of "Charlie" Howland and Dave Conde. Having a wonderful time square dancing were Beverly Loucks and "Jim" Padden, Mildred Miles and her escort, Rodney Wheeler. Several teachers were found dancing. They were Mr. and Mrs. Glenn Bronson, Mr. and Mrs. George Reil and Mr. and Mrs. William Dougherty. During intermission Harvey had his fill of delicious sandwiches made and served by the F. F. A. Girls.

"Ah," exclaimed Harvey, "I see some new hair styles" Teresa Joyce and Charity Howland have had their hair cut very short. Both hair cuts are very becoming.

What was that? Harvey, looking very pleased, announced that it was Sandy Bostwick in her new full skirt made of material gayly decorated with colored bubbles.

FLASH! "The Spring Concert will be held on May 24," announces Mr. Holden, the director. Harvey wants everyone to come and see the important part he plays in it. He was recently hired for the position of turning pages at the piano for Mary Lou Clark who plays for the chorus. In the band and orchestra Harvey proudly stands on the podium helping direct.

LOOK! Did you see the magnificent face of a clown on the bulletin board by the office? Harvey especially notices his large nose and bright red hair.

Swing Your Partners: Yes, Harvey, even though it's early we want to remind the students and faculty of the F. H. A. round and square dance to be held on May 25. You'll dance to the popular music of the Hornarkans. Don't forget the date, May 25.

STOP! No, students, don't really stop but continue studying. Only five more weeks of school till finals. Then comes Graduation!

HURRAH! The baseball team has a perfect slate with no losses and three wins. Keep up the excellent work! The next picture you will view will be the journey of the A. C. S. baseball team to the "finals."

"Did you know," exclaimed Harvey, "that we have two professional picture developers in our halls?" Yes, Dale Pelton and Jim Conde have each set up a new business of developing pictures. Good luck to both of you!

Well, it's time to lock Harvey in my locker with a good book and then scoot home.
