Soil Conservation Office To Close Saturdays

Robert A. Reed, District Conservationist, of the Allegany County Soil Conservation District has announced that the Soil Conservation office in the Court House at Belmont will be in the future open Monday thru Friday from 8-12 and 1-5. There is always someone on duty at this headquarters so that messages or telephone calls may be received.

An experiment was tried in regard to keeping the office open on Saturday mornings but there were so few calls that it was not found to be economically sound.

The Soil Conservation machinery will, however, be operated on Saturdays whenever possible to secure the maximum production and efficiency. It is hoped that farmers will cooperate in making use of this machinery whenever it is in their neighborhood. The machinery is now engaged in the establishment of conservation measures on over 1150 farms having plans with the Allegany County Soil Conservation District as prepared by the Soil Conservation Service Technicians.

Presbyterian Moderator Speaks by Radio Sunday

Dr. Hugh Ivan Evans, moderator of the General Assembly of the Presbyterian Church, U. S. A., will speak over the Columbia network Sunday at 10:00 a. m., it has been announced from the national office, in conection with the annual meeting of the General Assembly in Cincinnate, Ohio.

The sermon of Rev. Albert N. Rogers, supply pastor at Andover Presyterian Church, last Sunday discussed outstanding Presbyterian figures who have contributed to the life of the church, from colonial times down to the present. It was pointed out that representative government is a plan worked out by Presbyterians long before the adoption of the federal constitution. "The attention of the nation and the world will be fixed on this General Assembly opening Thursday," Mr. Rogers said, "because Presbyterians have been leaders in responsible freedom."

A receiving set will be placed in the church Sunday morning so that those who wish to come early for the regular 10:30 service may hear Dr. Evans on the air.
