MOTHERS READ
MRS. WHEELER'S
NURSING SYRUP!
FOR
Diarrhoea, Dysentery, Colic, Cholera, Morose, Indigestion, Vomiting, Spasms, Wind on the Stomach and Hoarseness, &c., but particularly FOR CHILDREN WHEN TEething!

How I Edited an Agricultural Paper
New as the warm weather approaches, and the farmers begin to sprout, the excited listener sprang toward me to shake hands, and said: "There, there—that will do! I know I am right now, because you have read it just as I did, word for word—But stranger, when I first read it this morning, I said to myself, I never, never believed in you, not believing in you, my friends kept me under such a strict, but now I believe I am crazy; and with that I fetched a howl you might have heard two miles and started to kill somebody—because, you know, it would come to that sooner or later, and so might as well begin."

THE MURKIN SYRUP IS NO EQUAL.
For the benefit of mothers and nurses, we would advise you, when the child is restless, feverish, colicky, or has a diarrhoea, to give a warm bath, followed by a dose of this syrup. It is a safe and reliable remedy, and will give you peace of mind. It is sold by all druggists and country merchants everywhere, at 25 cents per bottle.
