CRAMMING FOR TESTS

By Mary Brown

When June rolls around everybody begins saying, "I've got to start studying for my exams." But does he start studying?

As an example of a typical high school student when tests are drawing near, let's consider Susan.

Susan is a sophomore in high school and is taking five subjects. It is the week before she must take her exams and she has not opened a book. Susan has been reciting the famous quotation which I stated in the first paragraph for two weeks now.

Having several dates a week keeps our friend too busy for studying.

Many days have flown by and time has slipped away unnoticed. However, the day of reckoning is near as Susan must take her first exam in three short days.

As we all know, the clock doesn't stop in June any more than it will in March, therefore Susan soon finds that she has only a short span of twelve hours before her Latin II regents. Since any normal person requires at least eight hours rest, she has four hours left.

Four hours is a very short time for Susan, who must learn all she has missed by neglecting her daily lessons.

Midnight has long been gone when we find our scholar cramming translation into her tired brain. When did Caesar conquer Gaul? Was it even Gaul that he conquered?

After another hour of confusing review, Susan falls into bed. She wakes up in the morning after six hours sleep to discover that all her last minute effort was useless as she remembers none of the facts.

If we are like Susan and have slighted your daily lessons, would it not be better to start studying hard now instead of following her poor example of last minute cramming?

Have you a date for the junior-senior prom, boys? If you haven't you'd better hurry because its going to be a swell affair.

This is just a preview of those you will see at the prom.

Lois Ruger and Freem Dennison are planning to attend.

Another steady pair you'll see there will be Dale Green and Charity Howland.

Clarice Nye and 'Doug" Wheaton will be among the new couples in attendance.

Attending the prom as more of our steady steppers will be Teresa Joyce and Dean Fisher, Marion Milligan and Ronny Atwell and "Pat" Sackett with "Vic" Daley.

Arlene Edwards says she'll be there if she can teach her escort to dance.

Although it took a lot of coaxing, Marcy Smith and Charlie Dougherty will be there.

Tickets are on sale from all juniors and seniors, so take a tip from these wise people and buy yours now!

MEET OUR TEACHERS

By Gay Rogers

As I hurry down the hall to the homemaking room, I find Mrs. Mary Dougherty making plans for her next cooking class which is making her favorite food, chicken. After asking if she would have time to answer a few questions, I found that she was born in Addison, N. Y., She attended Addison High School and Cornell University where she obtained her Bachelor of Science degree.

I inquired further and found that her favorite car is a Studebaker. On the radio she enjoys hearing Bing Crosby and Doris Day while in the movies her fancy turns to James Stewart and Grier Garson. In her spare time Mrs. Dougherty sews and reads.

She is now living on Greenwood street in Andover.

ANDOVER EDGES RICHBURG 3-2, TO COP SECTION II

By Dean Fisher

Pitcher "Spider" Atwell and second baseman "Moose" Wheaton shared the spotlight last Monday night as the locals squeezed out Richburg, 3-2, in a 10 innings to win the Section II title. Wirey "Spider" Atwell, the Andover ace, pitched a very tight ball game to preserve the victory and "Moose" Wheaton belted a single to left field in the last of the tenth to score "Chick" Davis with the winning tally.

Atwell spared nine hits nicely and fielded his position very well as he went all the way to post his fifth victory against no defeats. The Panthers went into the bottom of the seventh trailing 2to 0 but an error, a walk, Abe Davis' double and an infield tied the score and it stayed that way until the tenth.

Shortstop Carl Atwell and Wheaton paced the winners each collecting three hits in five trips to the plate.

Andover will meet Friendship for the county title Thursday, June 7.

PANTHERS WHIP WHITESVILLE 12-0 IN ONE HITTER

By Doug Wheaton

Last Thursday night the Andover Panthers took Whitesville in a one hitter on the local diamond. Wayne Atwell pitched his fourth win of the season and his first shut-out. He held the Bluejays to one hit which was a single.

With the fine hitting of such men as Charlie Snyder and Ronnie Howland the locals had little to worry about. The team as a whole played a very fine game and should go the distance this year.

HALL OF FAME

To conclude our sketches on the Hall of Fame members I would like to introduce Charles Anthony Snyder who resides on Greenwood street with his parents, Mr. and Mrs. William Snyder and sister Dolores.

Although Charles was born in Wellsville on February 28, 1933, he spent his entire school career of twelve years in A. C. S.

During his years in high school Charles proved himself an outstanding athlete by participating in two years of J. V. basketball and two years varsity basketball. Also he spent his freshman, sophomore and junior years in soccer and two years in track. In baseball Charles was active during his entire high school career.

He is treasurer of the senior class, was vice president of his class in his sophomore year and played the role of Jeffrey Scudder in the senior play "The Campbell's are Coming."

Since engineering is Charlie's ambition, we can understand his majoring in math and science.

This year's yearbook will include some evidence of Charlie's assistance in the advertising field.

His favorite quotation is "I regret that I have but one Life to give for my Country," and his philosophy of life is "Learn as much as you can while you have the chance."

Charles Anthony Snyder

Charles has contributed much to the spirit and betterment of the school and we all wish him the best of luck and happiness in the future.

Charles as well as the other Hall of Fame people, was selected by the faculty on the basis of his friendliness, cooperativeness, scholarship and morals.

ANDOVER BOYS GO TO ROCHESTER

Saturday, June 2, Dean Fisher of Andover swept the quarter mile to win the sectional championship of the year.

Although this was not quite record time it was a speedy 53.8 second which is exceptionally fast. To do this Dean had to run two semifinal beats, one in the morning and one the day before.

Jack Wheaton took second in the shot put with a very good throw. Jack lost the championship by only 2 3|7 inches.

Richard Davis took fourth in the 100 yard dash with a very fast time.

Vic Daley took sixth in the 220 yard dash.

Andovers brilliant miler, Wayne Atwell took third in one of the fastest class B miles run in a long time.

The Andover boys with their combined efforts drew down 14 points for Allegany County, while Wellsville with 22 men only drew down 13 points.

These boys who have been running for Andover have worked hard to achieve this and they should have some recognition for the work they have done.

MEMORIAL DAY ASSEMBLY

Tuesday afternoon the entire student body from kindergarten to seniors, took their places in the Andover Central School auditorium to pay tribute for Memorial Day, and to the ones for whom it is celebrated—the men and women, who have died so that we may have our peace and happiness.

The school band, directed by Mr. Holden, opened the Memorial Assembly with "Military Escort' followed by "America". The "Pledge of Allegiance" was voiced by the entire audience.

The band then played "Headway March" after which Mr. Reil introduced Mr. Conde as the speaker. In his address, Mr. Conde, putforth the reason for our progress and freedom here in America, and made emphasis to the fact, that, these reasons have not changed since our "Declaration of Independence" and that all should continue in our struggle for what we love most.

In bringing the assembly to a close, Charles Snyder recited Abraham Lincoln's "Gettsburg Address" and Pat Sackett gave John McCrea's "In Flanders Fields" after which "Legionairs on Parade" was played to conclude the assembly.

KITCHEN KORNER

By Billie Ryan

"Gee, this is yummy"! "Another helping please"—"I'm starved"—I could eat ten of those." —"Picnic chatter" of course and here's a picnic special that will make a hit on an all day hike—a back yard cooking spree—or a picnic in the park.

Deviled Hamburgers

You may wish to combine meat and seasoning at home or you can combine the seasonings and carry them in a jar with a tight fitting top and mix with the meat at campsite.

1 1|2 tsp prepared mustard
1 1|2 tsp horse radish
1 tsp minced onion

TOT SPOT

By Mary Lou Clark

Hello folks, this is your news reporter Mary Lou Clark bringing you the latest information about the grade students.

As I strolled into Mrs. Robison's kindergarten, I noticed a newly decorated bulletin board of flowers made by members of the class. Jacqueline Conde enjoyed the quiet waters of Waneta Lake while Jeanne Campbell enjoyed the cool breezes of Lake Lamoka. Since these warm days have arrived, the class is going out on the playground for their work-play period.

Those children of Miss Evan's room, who took trips are Jerry Prior, Ann McAndrew and Delbert Kemp, Wellsville; Alberta Dugo visited in Ithaca while Cathy Caple enjoyed the scenery of Buffalo and Canada. Once again Donald Kemp has perfect attendance. Bruce Forrest has returned after a tonsil operation. Bruce has recently had a birthday and treated his class. The class has been creating their own stories which they illustrate by drawing.

On June 4, Mrs. Hall's first grade took a train ride from Wellsville to Hornell. Sandra Bird has moved to Alfred where she is staying with her grandparents until school is out. The class has missed Gail Wightman who is in the St. James Mercy hospital and unable to come back to school. Ruth Waters has recently celebrated her birthday and treated the class to ice cream, cookies and cake. John Walter spent Sunday in Gardenville and Harry Campbell went to Lake Lamoka. Eleven members of the class marched in the Memorial Day parade.

DOWN BEATS

By Kent Harder

This week finds another year of music in A. C. S. coming to a close. During the year the music department has entertained the school children as well as the townspeople. Our music directors deserve the credit for building up the faded music club into a thriving organization. After receiving high praise at the annual music festival at Fillmore, the music department presented a spring concert which all who attended thoroughly enjoyed.

The orchestra is now rehearsing for the final appearance of the year. They will play for graduation.

Next year's music program will be minus several familiar faces since some of the active members will be graduating in June. We will miss the faces of Dean Fisher, Eunice Hall and Dick Hancock in the band. Carol Briggs will be gone from the orchestra and many girls graduating leave vacancies in the chorus. These people have given a lot of time for the music department in A. C. S., but they have been rewarded by entertaining hours spent in music classes. They have a lot of laughs and above all they have obtained something that will last them a lifetime, since there is always a spot open for a person who can play an instrument or sing a song.

HARVEY

By Charity Howland

Here he comes! Look out everyone! It is Harvey.

What'd you say? Oh, yes, I heard Charity Howland, Gay Rogers, Anita Nichols and Clarice Nye had a simply hilarious time at Morrisville. All the way home they seranaded Mrs. Dougherty with the popular songs of today.

Just think students, only 12 days of school left. These days include final exams and regents week.

"Are you going to the Spring Fantasy" is the question of Harvey this week "And what are you going to wear?" The junior-senior "Spring Fantasy" will be held in the gym from 9 to 1 with music by Carmody's Cavalier's, and fellows, it's only $1.75 per couple and $1.00 for stags. Get out your formal girls and get on your suit and "let's go."

On Thursday night the annual junior-senior banquet will take place in the cafeteria. Just think, Harvey and the luck sophomore girls get to serve and do the dishes.

The sophomore English class finished Silas Marner by George Eliot last Tuesday. They announced that they found it very interesting.

Again the Camera Club shares the limelight. Phyllis Burger confided in Harvey that the picnic will be held Wednesday, June 13 at Doctor Scott's cabin. Eats will be served at 5 o'clock. All persons owing dues must pay them by Monday. Gay Rogers and Charity Howland were appointed to make up the food list. Let's all hurry and tell these girls whether or not you are coming so they can begin planning.

This Sunday, June 10, the F. F. A. boys and their guests will be having a jolly time at Stony Brook Glen for their annual picnic. Harvey has been asked to attend.

The point system for the Hi Herald assignments has been started again. The chart hangs in room 222.

Congratulations go to Dean Fisher, Dick Davis, Wayne Atwell, Charlie Snyder Jack Wheaton and Vic Daley for making such news at Rochester at the track meet.

Hello Champ's! Hurrah, our baseball team is the champion team of class C in Section II. The team will play Friendship, the winners in Section I. Thursday (tonight) at Belmont. Good luck A. C. S. Keep it up and we'll soon be at Rochester.

Moving up Day is here at last. The seniors really act like teachers. Some are so dignified. The moving up ceremony is really unusual. No one wants to talk or gossip. Recognition of the teachers and the class will are climaxing moments of the day.

HOBBY REVIEW

By Carl Waters

Now is the time of year when people want to do something extra in their spare time. Well do you know what they call this? It's a hobby—whether it is fishing, hiking, crafts, model planes, reading or whatever it might be. This is all fun even though it might not be the most productive hobby there is.

What is your hobby? Do you have one? Well let's find out about someone's hobby here in school. As I walked in the fourth grade room while the pet show was in progress I came across Johnny Common who started his hobby at the age of nine. He has many fine specimens of cartridges from different types of guns.

Some of the cartridges which Johnny has and prizes most highly are from a Japanese pistol. He also has many other cartridges and bullets from many other guns.

It's very easy to get into a hobby like Johnny's just as he did. He was merely watching an amateur gun collector shoot his guns, and then, by picking up the discharged cartridges he began his hobby.

Well I'll see you next week with more news on hobbies and if you don't have one, start one, it's fun, I know.
