Sheriff Requested to Check on County Property

Mr. John N. Thompson, Chairman of the Allegany County Reforestation Committee, reports that he has requested the Sheriff of Allegany County, Mr. F. Vanama Jones, to check on the Allegany County Forest property since this property is being damaged somewhat by vandalism. There are a number of County Forest sighs which have been destroyed through wanton shooting, some lumber has been stolen, and the machinery of the Reforestation Committee has been tampered with several times on the County Forest. Mr. Thompson has asked the Sheriff to instruct his deputies to check the area frequently for any signs of damage and to take any necessary stops to apprehend and prosocute any person damaging property of Allegany County.

Mr. Thompson wants the general public to know that there are no prohibitions on the use of the County Forest areas for recreational purposes, except that fires are not to be used nor are the areas which are posted to be crossed. Some of the ponds on the County Forest have been stocked with fish and provide excellent fishing However, the use of the area will be determined largely by the way it is handled and it is felt by Mr. Thompson that most people will want to see the area kept in a nice-looking condition. Your help and assistance in this matter will be very much appreciated.

In view of the catastrophy whereby our meeting rooms were destroyed by fire, Feb. 17, 1951, the ladies of the Auxiliary have done their utmost to perpetuate their idealisms by working at bake sales, selling Christmas cards, conducting the usual "penny collections," and "White Elephant" sales, serving a dinner for the local Silk Mill employees and a rummage sale, they have been able to donate to the following; Infantile Paralysis drive, Christmas seal fund, Red Cross, Cradle cancer fund and cancer drive, and the child welfare county project. Also, thru a local talent show, we have reached the total necessary to realize the street signs for which we have been laboring during the past two years.

True Americanism is present in our regular Pledge of Allegiance to our Flag, singing of the National Anthem, history awards to our local high school students at commemcement, orations against communism and participation in Memorial Day observance.

In memory of the departed, along with the annual poppy sale, we have placed plants and flowers on their graves, observed moments of silence in their memory and offered periodical prayers for peace.

To our living veterans, we have sent cigarettes, contributed largely to the gift shop at Bath and have made frequent visits to hospitals. Members of the Unit met at different times at the home of Mrs. Mary Burgett to make cancer dressings, hospital gowns and cancer bandages. Our crutches, bed pan, table wheel chair and other utensils were loaned several times as a community service.

To foster child welfare, other than the donation to the county project, each member brought a nice toy to the December meeting, which were distributed to underpriviledged children at Chritsmas time.

The Unit in conjunction with the Firemen's Auxiliary conducted a survey for evacuee's, should any surrounding city be bombed and the amount of good-will and thoughtful co-operation found amongst the townspeople for this program, which we pray will never materialize, was gratifying indeed.

Good will is an essential part of success and can be seen again in the way the Uuit continues its practice of sending remembrances to the ill, small gifts to new-born babies of members and cards and dinners at times of bereavements.

One can easily see what a challenge it is to promote and better the purposes of the American Legion Auxiliary and, as our predessors have done, we hope we can guide and inspire all those who will conduct Auxiliary activities in the future.

Respectfully submitted:
Phyllis E. Backus, Historian

Library News

Emily Dickinson has written of books and reading in her poem—

There is no frigate like a book
To take us lands away,
Nor any coursers like a page
Of prancing poetry.

Dorothy Clarke Wilson, author of The Herdsman; The Prince of Egypt; The Brother; grew up in a world of books. One of her earliest and happiest childhood memories is of sitting curled up in a big chair with an apple in one hand and a book in the other.

Little Dutch, English and Eskimo cousins were all a part of her childhood. Later she became bosom friends with the Little Colonel, Five Little Peppers, The Outdoor Girls and The Motor Maids. She even had a brief run of Horatio Alger, reading them at least one a day for two weeks, while the stock of Alger books held out in the local dime store. She began reading Oliver Twist at the age of ten, and later enjoyed more of Dickens, reading and rereading Tale of Two Cities many times.

At the age of 14, Mrs. Wilson wrote her first story, which also had a biblical background. The Brother, a story of James, the brother of Christ, is ready for loaning at your Andover Library.

The summer reading club began Monday, June 25.

Thirty children signed up for the journey over the rainbow. Each child who reads the required ten books will be ready for the reward at the end of vacation.

Ormsby-Ordiway Atwell-Wilkinson.

A double wedding was solemized Thursday, June 28, at 3 p. m., at the Second Alfred Seventh Day Baptist parsonage at Alfred Station by the Rev. Albert N. Rogers, pastor of that church, in a single ring ceremony when Miss Ruby Helen Ordiway, daughter of Mr. and Mrs. Lawrence Ordiway of Andover became the bride of Stanley Ormsby, son of Mrs. Oscar Stewart of Alfred Station and Miss Kathleen Elma Wilkinson, daughter of Mrs. Raymond Carnes of Alfred Station became the bride of Paul Atwell, son of Mr. and Mrs. Wilmer Atwell of Andover. Each couple being attendants for the other.

The brides were lovely in white satin street-length dresses with white hats with corsages of red sweetheart roses. For going away Mrs. Atwell chose a blue waffle pique dress and Mrs. Ormsby a yellow silk.

After a short honeymoon at Rochester and Webster, N. Y., Mr. and Mrs. Atwell are at home at Alfred Station where Mr. Atwell is employed at the Sand and Gravel Co., Mr. and Mrs Ormsby are at home in Wayland where Mr. Ormsby is employed by the Gunlock Chair Factory.

The regular meeting of the Allegany County Sub-District No. 19-A of the Dairymen's League met in the Cuba Central School on Monday evening, July 2nd.

Glen Talbatt, President,called the meeting to order and introduced the speaker, A. L. Milks from Sub-District No. 18, who spoke on the importance of advertising milk. He gave comparisons of different kinds of business and how they are spending one cent per hundred for the "Milk For Health" program and we should spend five cents per hundred. He stated that milk and its products exceed all other crops in production and stressed the need of educating the public as to the cost of producing milk. He gave many illustrations of how labor can buy twice as much as they could in 1939.

In his report Director S. W. Clarke explained about concentrated milk in detail and stated that the ice cream business has exceeded everybody's expectations. He also gave figures on the cost of operating the Andover, Arkport and Millport plants. He told about the young Cooperators meeting to be held at Cobleskill July 22-29. It was voted to send a Young Cooperator to the meeting.

The next meeting will be held at Angelica July 30th with the Young Co-ops in charge.
