Man With The Shovel Makes Plea For Drill Team

Saranac Lake, N. Y.
July 29, 1951

Dear Clair:

Now that the snow has melted up here in the mountains and the mail trains are running once again, I thought that I had better drop you a line and let you know that we are still in existence. Also, to thank you for the poem about the baby boy that you sent to me. By the way, our boy is progressing right along and in another month I am going to start teaching him how to figure insurance rates. He looks a little bit puzzled now when I mention it, but I figure that he is at that awkward stage. Doesn't that come at about four month's of age? Ethel has started correcting his English already, as he is always using the verb "blah" where he shouldn't. We are both quite confident that he will correct that though by the time he is 6 months old, and starts school.

The idea of this letter wasn't to brag about our baby, so maybe I had better get down to business.

The reason for this letter Clair, is to make a personal plea to the Andover people to donate to the Drill Team Traveling Fund. The boys are building a wonderful record this year and one that the Andover people should be proud of.

Since the inception of the Drill team 3 years ago, it has been an up hill struggle to equip and uniform the group and still keep out of debt. We started out by each man buying his own uniform, as what little money we won had to go for rifles, helmets etc. Also, when we first started, we competed in a number of parades where there wasn't prize money for drill teams, so although we traveled to a number of towns and participated in a number of parades, it was impossible for us to win any prize money to even defray the expenses of traveling. In the past year or so this problem has been rectified and most parades now offer prize money for drill teams. As you know, we bought new uniforms last year which used up our prize money for that year. I would also like to mention that Ken Bostwick gave us these uniforms at cost or we wouldn't have been able to get them.

So you see Clair, that although the team has had two successful years, it has been impossible for us to build up any kind of a reserve fund. In fact it has cost each man quite a bit to help maintain the team. Since the start of the Drill team, it was our objective to get good enough to participate for the New York State Championship. The team this year is ready for that competition and I will guarantee that they will make a darned good account of themselves against the other teams of the State. Thus far the team has come up against some of the best in the State and never had to be ashamed of the results. (Except last year in Salamanca when somebody (?) called the wrong signals.)

It is hard for people to realize how much work has gone into making the team the smooth functioning group that it is today. There has been long hard hours of practise which, believe me is darned hard work for everyone concerned. Each man has enjoyed it though and has received a sence of satisfaction that he has given the people of Andover something for which they can be proud. If they win the State Championship it will certainly be a big boost for our town.

In order to compete to win this Championship, Andover must first get the team to New York. If the boys are willing to spend the long hours in practise and in getting their equipment in shape, the least we can do is to help as much as we can with our donations. It is an honor for the town to even have a team competing for a State Championship and I think the Andover Drill Team is good enough to walk away with honors. Let's give them that opportunity.

An old, decrepit Drill Sargent,
THE MAN WITH THE SHOVEL

P.S. Please give the enclosed check to Andy. If it bounces tell him to take it out of Bostwick's checking account.

"Mother" Eggleston Dies at Cincinnatus

Mrs. Hattie B. Eggleston, affectionately known in Andover as "Mother Eggleston", died early Friday morning, July 27, 1951, at Cincinnatus, N. Y., where she had made her home with her niece, Mrs. Ralph Bennett since 1942. Mrs. Eggleston has been in ill health and a patient sufferer for several years.

Mrs. Eggleston was born December 13, 1872, in Norwich, the daughter of William and Elizabeth Chapel Bordon. During her childhood she was completely paralysed for about three years, an affliction, like many others during her life, she mastered and later graduated as a nurse from the New York City Hospital with the honor of being the first in her class to receive her velvet hat band.

December 8, 1897, she was united in marriage with Rev. Vernan L. Eggleston and came to Andover to reside, where Mr. Eggleston was pastor of the Andover Baptist Church, and has since claimed Andover as her home, although her profession has taken her to many parts of the world. Rev. Eggleston died August 3, 1922, in California, the results of injuries received while moving wounded soldiers from the battlefields in World War I, in which he had enlisted in Y. M. C. A. work.

Mrs. Eggleston continued her professional work here, and about the turn of the century operated a sanatarium in what is now known as the Atwood Apartment on Greenwood street, but was forced to give this work up because of her health. She later specialized in maternity and in her last active years operated the Eggleston Maternity Home on Maple Avenue.

Mrs. Eggleston has a remarkable record, which has been achieved by few, if any, having officiated as nurse in charge at birth of 614 babies, and more than that, she never lost a mother and but one babe and that the result of a pre-natal condition. Her first baby was Jennie McQuire, later Mrs. Ward Hubbard of Grand Rapids, Mich., and in several instances she officiated in second generations.

Mrs. Eggleston, the last of a family of ten children, is survived by a niece, Mrs. Margery Bordon Bennett of Cincinnatus, N. Y., who has cared for her the past nine years and two nephews, Willard and Emmett Ball of California.

Services were held at Cincinnatus Saturday and at the Andover Baptist Church Sunday afternoon, the Rev. Phillip French of Vestal, N. Y., officiating with interment in Hillside cemetery, Andover.

Appreciation Night This Saturday

The Andover Legion Drill Team will hold its appreciation night this Saturday evening for the benefit of the citizens in Andover who have made it possible for the Drill Team to compete at the State Legion Convention in New York August 10-11.

Saturday night the Drill Team will start their exhibition at 8 o'clock and at 8:30 one of the best outfits in Western New York, the Belmont Drum and Bugle Corps, will perform. Following the Drum & Bugle Corps the Drill Team will put on an old fashioned ice cream social at the Legion Park. Starting at 9:00 p.m. there will be a square dance with music by "Slim" Lehman and his Tune Twisters. The Drill Team and the Belmont Drum & Bugle Corps will drill on Greenwood street between the Andover National Bank and Legion Park, so as not to block off main street. The dance will be held at the corner of Greenwood and First streets beside Legion Park.

The Drill Team has chartered a bus from the Genesee Valley Bus Lines and will leave Andover Friday morning, August 10, at 1 a. m. The team must have a representative at the Hotel New Yorker at 1 p. m. Friday to draw for places in the competition, which is held Friday evening at 7:00 p. m. at Randall's Island.

Professional judges are used in the judging. Uniform and personal inspection is held before going on the field. Personal appearance is very important and one-half point is taken off for each error. Most closely watched for are talking in ranks, chewing gum, anticipation of commands and all around soldierly bearing.

The team has reservations at the Belvedere Hotel on West 48th street. The parade starts at 10 a. m. Saturday and is expected to last around five hours.

Many more donations have been received by Mr. Fuller for the traveling fund but the drive is still far short of its goal. If you plan to help to boys please do immediately, as the team is on its way next week and all donations should be in by next Thursday, August 9.

The Drill Team put on an exhibition at the Wellsville ball park last Thursday and entertained 1700 people making a big success of "Andover Night." The team wishes to thank "Bill" Lauterborn for the refreshments after the drill in Wellsville. Saturday they journeyed to Cameron, where they won first place in Cameron's Old Home Week Parade.

If accepted the team will go to Rochester this Sunday night to compete at Red Wing Stadium against some of the best outfits from New York and Canada The team did not know about this big Legion event until this week and did not get an application in, but Lester Regan is working to get Andover a spot in the competition, and business manager Dunham will receive word tonight whether they can attend.

Due to the fact that the team must have a larger percentage of Legionaires for State competition a few new men are back in the ranks.
