## Saturday Night And Labor Day Races at Wellsville

Officials of the Wellsville Raceway have announced that a spectacular weekend in stock car races is slated for the fast Wellsville track, featuring both regular stock and semi-modified cars.

A regular full program of six races will be held Saturday night and the promoters have guaranteed a $1000.00 purse for Monday, Labor Day afternoon. Such outstanding drivers as Gus Nelson of Bradford, Pa., Loren Dean, Knoxville, Pa., George Egbert, Scio, Dean and Herb Layfield, Wellsville and Curley Hatfield, Elmira will be on hand plus many other drivers who will be hoping for a portion of the $1000.00 prize money.

One of the best feature races this year was witnessed last Saturday night when Dean in a strictly stock Hudson was edged out by Nelson driving a modified Ford. Under the classified style of racing, strictly stock cars compete against each other, as do modified cars in all races except the feature. In the feature race the modified cars are started approximately 3/10 of a mile behind their slower rivals. This means that the modified cars must make up the extra distance and then work their way through a field of as many as 20 regular stocks. This makes for added excitement to spectators and a much fairer race for all the drivers.

The other five races were equally thrilling, with new track records set for eight and twelve laps. George Egbert averaged 58 mph in an eight lap heat and Gus Nelson negotiated the twelve lap-semi-final in 6:42 seconds. The eight lap record was formly held jointly by Egbert, Sprague and Nelson and the 12 lap record was held by Dean.

Curley Hatfield, whose fiance has promised to marry him, but not until he wins a feature race, came from deep in the pack but couldn't do better than fourth place.

## Extend Sunday Alcoholic Sales Hours

The Allegany County Alcoholic Beverage Control Board has adopted a resolution which places hours of sales in Allegany County in conformity with 57 other counties of New York State.

The prinicpal change is that on premise sales will now be allowed from 1 P.M. Sunday until 1 A.M. Monday. In the past these sales have been restricted to the hours of 1 to 8 P.M. on Sunday.

Hours of sales in the future will be:

Week Days—8 A.M. to 1 A.M.
Sundays—1 P.M. to 1 A.M.
Christmas Eve—No sales of any type after 10 P.M.
New Year's Eve—On Premise sales allowed until 3 A.M.

General Election and Primary days—No sales of liquor wine or beer for on premise consumption or by liquor stores during hours polls are open. There are no restrictions on the sale of beer for off premise consumption on these days.

Liquor stores cannot sell after Midnight on week days and all liquor stores sales are prohibited on Sundays.

The resolution adopted by the ABC Board reads:

"Whereas 57 counties in the state now permit the sale of alcoholic beverages on Sunday from 1 P.M. past midnight it is believed by the Allegany County Board that the public interest would be conformed with the hours of sale now observed by the majority of the counties in the state."

## Turkeys Plentiful This Year

Albany, Aug. 27. -Turkeys will be more abundant for Thanksgiving festivities as well as for every day use this fall, according to a federal-state report from the New York State Department of Agriculture and Marks. The 970,000 turkeys being raised this summer are nine percent more in number than last year and reflect the fairly steady increases of recent years.

The New York situation is closely comparable to the 10 per cent increase of turkeys in the North Atlantic States as a whole. Nationally, these birds have increased 16 percent in the past year, the number being raised in 1951 totaling 52,774,000 turkeys. California, Texas and Minnesota are the leading turkey states and together account for one-third of the United States total.

## Begging Letter to Every Little Leaf on Every Little Twig

The Hospital Auxiliary,
As you may be aware,
Is Planning next October
To hold a Country Fair.
Each Twig is going to have a
Booth, but will need help to stock it
So Save this List of needful things and pin it in your pocket.
Between today and Fair Day,
According to your skill
We hope you'll put aside
Some things, in fact we know you will.
Handiwork, Old Jewelry, your canned goods, jells and jams,
White elephants and aprons,
Or, even home-somked hams.
Flowering plants and pickles,
Or, holders for the pot
Do save them all—for we can
Use just everything you've got.

Early this month the above message in rhyme form was mailed to every member of the Jones Memorial Hospital Auxiliary, but Mrs. E. F. Comstock, chairman of the Country Fair which is to be sponsored by the Ways and Means Committee of the Auxiliary, urges everyone to heed this message whether or not a member of the Auxiliary.
