A new looking house is to be started in Olean, September 1st, by H. S. Morris and M. W. Bisco, of Bay City, Michigan.

Just as we go press we learn that an addition has been made to our medical faculty.

PAIDERS ON WHEELS.—Two new Palace day coaches have recently been put on the Philadelphia express train by the Lehigh Valley Railroad Company.

Protestant.—The commencement of the Andover Graded School has been postponed one week, and will commence the first Monday in September.

The Free Methodists of Conantville are engaged in a free fight because a member insists on sitting by his wife in church, in violation of the rules.

Arrangements are being made to put up a swing where the one was cut down last week, and we understand it is to be kept under a lock and key.

Go to J. J. Harman's and examine his extensive stock of hats.

Mr. Lewis Heller arrived from the Rubber Factory in Connecticut last week, but appears to be in poor health. He reports everything lively at the Rubber Factory.

The Watkins Towing Association are making great preparations for a grand horse race at that place, to come off on Tuesday and Wednesday, Sept. 23rd and 24th. Large premiums are offered.

House Spoken.—At Mr. E. S. Montague's Grove, in this county, on Saturday night last week, had a mare and two foals stolen from his pasture. An reward of \$25 is offered for the return of the animals, and \$50 for the arrest and conviction of the thief.

There are thirty-six cheese factories in Wyoming county—twenty-two have a factory, but two and one-half have four factories. About 500 cheese per day are made in the county, or about 20,000 pounds—which is valued at \$4,000, as the price now are.

Additional Notices.—The Central Express Co's store, at the depot, was blown open last Friday night by some unknown who must have been "hard up." They used about twenty cents worth of powder to perform the job, and got the prize of fifteen cents.

An "accommodation" freight car, which recently traveled from New York to San Francisco and back, was run last week from New York to Buffalo, where it was freighted for Philadelphia via Lehigh Valley. On Tuesday it reached this place, the wheels slipped from level to narrow gauge, and then went on its way rejoicing.

That's something for a freight car to boast of.—Advocate.

The Great War Ended.—It would seem, from appearances, that the great railroad war between the Erie and the Central, in which nearly all the leading railroads in the country had become embroiled, has ended by a treaty of peace, in which the Erie has acceded to the Central.

The New York and Ontario Express.—The "Young Folks' Rural" is the novel side of the new Rural and Literary Monthly being issued by H. N. F. Lewis, the publisher of the Western Herald, at Chicago. Prices are offered for stories and contributions on various subjects by young writers, and fine premiums for clubs of

S. D. B.—We are obliged to defer the publication of your poetry until next week.

Rev. N. W. Hull, of Alfred, is to deliver the annual address before the Horrellville Agricultural Society, on the 29th of September next.

ON THE TRACK.—The engine attached to train No. 9, on Tuesday, ran off the track at Belmont, and was delayed about one hour.

Mr. M. H. Harman arrived home from California on Saturday last. Miles looks rugged and tough, and in every way represents the Miles of old.

A good story is told by an exchange of a farmer who heard that insects would make him lay. So he saved all the flies his wife swept up around her colic dishes and when he had accumulated about half a peck he fed them to his hens. They liked it and it made 'em lay, too. It made 'em lay, too. Forty of them lay on the ground, or any where else it was handy. They are now the most persistent layers ever seen. They are at it yet. And they are all non-setters. This kind of food, he says, will make hens lay in winter as well as in summer and it lasts longer than any other grain. He has had culchins that don't want any other feed, and they will not scratch up garbage, or peck tomatoes or wander into the kitchen and eat the rising bread. This hint may be of use to people who have troublesome neighbors' hens.—Cott. Republican.

PASSING A FLOCK.—On the 12th of July last, one Alvah Jones, of Salamanca, was married by Rev. J. McKee, at the Parsonage in this village. Jones did not have much current about him, and offered a check for \$27.00 on Christiana National Bank, purporting to be drawn by D. Allen, payable to Orino Jones or bearer, of which he wished to pay the "Elder."

In the goodness of his heart the "Elder" got the check cashed, paying over to Jones \$27.00 in currency. A few days afterward it was ascertained that the check was forged and worthless. Jones had in the meantime left Salamanca, but on Wednesday last, work officer Hubbard found him at Bellville, Allegany county, and took him into custody. He had a partial examination on Thursday, but in the absence of important witnesses he was put over to Monday, at which time he was fully committed to await the action of the grand jury.—Cott. Republican.

The Cuba Valley Patent Agricultural and Mechanical Society will hold their third annual fair on the 4th, 5th and 6th days of October.

COLLEGE NEAR ALLEGANY.—One Person Killed.—On Saturday morning last about one and a half miles west of Allegany station, a collision occurred between express train No. 2, and a construction train. The facts are as follows:

At 7:22 Saturday morning the time for express No. 2 to arrive at Allegany, it was reported 20 minutes late there. The construction train was at Allegany under orders as follows:

"Will cut from Allegany to Salamanca." The express being late the engineer of the construction train thinking that he could run to Vandana and switch before No. 2 came along.

When he had run about one and a half miles, the first express locomotive in sight. The engineer on both trains discovering their perilous position jumped from their engines.

The two trains came together with a crash, completely demolishing the two engines and the construction train. The express train, outside of the engine, was but little damaged. Mr. Whitman, the track boss, was on the engine and killed. Patrick Wynn, Mr. Carrol, Silvey Catten and Dennis Galvin were seriously injured. Carrol and Catten have since died. The others, we understand, will recover. Mrs. E. Grover, of New York, was slightly bruised. Mr. Millard and wife, of Hinsdale, was slightly injured. Those that were injured were taken to the Ward House, where they received the best of attention. Mr. Whitman was taken to Dunkirk where his family reside.

Those seriously injured were laborers on the construction train,

crosses on the Sabbath. The friends of the M. E. Church are doing everything to make their church one of the finest in the county; the right kind of men are engaged in the enterprise, and it will surely be accomplished, only give them time.

Richard Ledy died this morning. Funeral, Thursday, at 3 P. M. Surely a good young man has bid adieu to earth. He was a young man of much promise, not easily to be filled, and will long be remembered for his many virtues. Peace to his ashes.

Another lot were hatched here a few Sabbaths ago, making in all 126, and more are yet to be hatched.

Crops here are all good with the exception of spring wheat. Corn never looked better—the growth is very large.

A runaway took place between here and Belmont yesterday. Elias Harris, wife and child, of this place, were riding out in a new carriage, just bought at Jamestown, at a cost of \$305. Mr. Harris got out to roll up the curtain, the horse concluded to start and soon became unmanageable—the wife and child still in the carriage. The horse ran a short distance and stopped. Mrs. Harris thought she would turn around and go back after her husband, and while in the act of turning the carriage upset and the horse again started on the run and ran into Mr. Harris, who stopped him. The carriage was damaged about one-half its value, and has been sent back to Jamestown for repairs.

Strange as it may seem, neither Mrs. Harris or the child were injured to any great extent.

The goods in the store formally occupied by Rev. W. Collins was closed on the other day by Deputy Sheriff Jones.

A nice monument has been put up on our cemetery, by John Simmons. In memory of his two deceased wives. It stands 11 feet high, it is three pieces, made at the Cuba shop. Mr. Simmons was well paid for such a piece of workmanship. It is truly an ornament to our cemetery and a credit to all concerned in its erection. It shows good taste for Squire Simmons who gave the price of the stone and could find no stone where he could do as well as at home.

KNIGHTS' CHECK.—A check for \$100.00, payable to the order of the Knights of the M. E. Church, was cashed at the bank on the 15th inst.

MARRIED.—Miss Mary A. Williams, of Allegany, was married to Mr. J. W. Smith, of this place, on the 15th inst.

ANDOVER MARKET REPORT.—The market for grain is quiet, with a slight advance in the price of wheat.

THE CUBA HORTICULTURAL AND AGRICULTURAL SOCIETY OF FREDERICK will place September 23rd, 24th and 25th.

THE ANNUAL FAIR OF THE GENESSEE AGRICULTURAL, HORTICULTURAL AND MECHANICAL SOCIETY will be held September 23rd, 24th and 25th.

THE CHAUTAUQUE COUNTY FAIR will be held at Johnson on the 15th, 16th and 17th of October.

THE CUBA VALLEY PATENT AGRICULTURAL AND MECHANICAL SOCIETY will hold their third annual fair on the 4th, 5th and 6th days of October.
