October Milk Price Estimated At $4.80

New York, Oct. 24—A uniform price of $4.80 per hundredweight will be paid to dairy farmers for their October deliveries to pool-approved plants in the six-state New York milkshed according to a forecast released today by Dr. C. J. Blandford, Market Administrator of the New York metropolitan milk marketing area.

He estimated at the same time that the producer butterfat differential for October would be 5.8 cents for each tenth of a pound of fat above or below the 3.5 percent standard.

Dr. Blandford said the forecast is based on a production estimate of 518 million pounds for the month. This would mean an average daily output of 337 ponuds by each of the estimated 49,600 producers in the milkshed.

Handlers must submit reports to the Administrator on the use made of their milk receipts for October not later than Nov. 10. Using these reports, the Administrator will compute and announce the actual uniform price and butterfat diffential for October not later than Nov. 14. Handlers must then make payments to their producers not later than Nov. 25.

Farm Bureau Starts Membership Contest

Charles Wightman, chairman of the Allegany County Farm Bureau, Executive Committee has announced that the 1952 Farm Bureau Membership campaign was launched with much enthusiasm by 150 community committeemen at a meeting held Monday evening in Belmont.

Mr. Wightman said that there was so much enthusiasm that a state of Civil War has been declared between the North and the South. The cause of this state of affairs being to determine which side could obtain the most membership up to November 7th, which is the scheduled time for the Round-up at the Belmont Central School.

Bayard Bliss of Centerville, was chosen general of the northern delegation and Paul Regan of Willing was chosen captain of the southern team. Mr. Bliss stated the challenge that the team would be able to secure the most members and Mr. Regan accepted the challenge.

Donald Wickham, vice president of the N.Y.S. Farm Bureau Federation, outlined at the meeting the many accomplishments of the State Farm Bureau Federation in legislation during the past year. Perhaps the most outstanding was the removal of the law prohibiting the movement of farm machinery, over eight feet in width, on highways.

Milton Scutt, secretary of the Allegany Farm Bureau Executive Committee, outlined the accomplishments of the county Farm Bureau in its educational program. He pointed out that many methods are used such as community meetings, tours, demonstration plots, field days, farm visits etc.

Public Welfare Group Seeking Funds

The Allegany County Public Welfare Committee, now conducting its annual appeal for funds, is seeking support so it may carry on its program for the benefit of children in foster homes and older people dependent upon the county, according to Mr. Elwood Kenyon of Alfred, chairman of the appeal.

One of the many ways in which funds have been spent during the past year, according to Mr. Kenyon, has been the granting of monthly allowances of 50 cents to children in foster care, under the supervision of the county welfare department. These allowances have been "for the special things in the school, church and community that are essential in every child's life."

Mrs. Dorthea Bergerson, Supervisor of Child Welfare for the county welfare department, has endorsed the program by pointing out that "this allowance means the difference between the child's feeling of independence having a few coins to jingle in his pocket—and the dependence and unhappiness of having to hold back when other children buy those things which are so precious to them."

Mr. Kenyon explained that the Committee also had allocated to the child welfare department funds to meet special needs that cannot be met with public funds. For instance, funds were used to pay part of the camping expenses for a few children. Other funds were used for the transportation of children so that brothers and sisters could visit each other. Expenses for Boy Scout equipment for some children also were paid.

The Committee also provides each child in foster care with 75 cents at Christmas to buy gifts for his friends.

The Committee holds an annual picnic for foster parents and children.

In helping the older people in the county, the Comittee gives support to the recreational program at the County Home. Last year it purchased a sound projector and screen for the County Home.

The Allegany County Public Welfare Committee is a volunteer, independent citizens group, which has been working for the welfare of the county for 12 years.

Mr. Kenyon pointed out that every contribution, whatever the size, would be appreciated. The Checks should be made payable to Knight Thornton, Treasurer, and sent to him at Post Office Box 67, Wellsville.
