ATTENTION.—Subscribers that are owing us for their subscriptions, will confer a favor upon us by calling at once and settling the same. We are in want of money, and must have it. We have heavy bills to meet within the next five days. So please walk up to the captain's office and settle.

TO OUR READERS.—We are obliged to issue our paper this week with less reading matter than usual. Too many Conventions to attend, and beside one of our Type's has been on a spree for several days, leaving us something in the drag.

FIRST PREMIUM.—Mr. John Bassett of Independence, received the first premium on a span of 3 year old colts at the fair at Angelica.

Mr. J. Clark of this town shipped one day last week two lambs, 5 months old, that weighed together 240 pounds. They were consigned to J. Clark Crandall. DeRuyter, N. Y.

We received one day this week a mess of the Harrison Potatoes from J. Clark. He says that they yielded him this year at the rate of 500 bushels per acre. He has a few bushels left that he will sell for seed.

We invite the attention of business men to the advertisement of the Andover Woolen Mills in another column. The company is now ready to furnish all kind of cloths. And we know that their goods cannot be beat for wear and beauty.

Call at C. H. Allen, Post Office building, and examine his stock of Jewelry, all of the latest style. All warranted to be of the best material.

The Andover Advertiser calls the Free Press a Democratic paper. The Democrats repudiate the idea. They want no "What Is Its" in their party. —*Allegany Democrat*

Let it have a home with you in some shape. For God knows the Republican party does not want it to come back upon them again.

KENNEXTER.—We take pleasure on being able to announce to our readers that we have an establishment where any one can get any kind of goods and made new again, or clothes cleaned. Mr. Kennexter, who can always be found at the Andover Woolen Mills, can color dress goods to any color that may be desired. Give him a call.

Hall, the famous and wide awake artist of the Excelsior Gallery, beat them all for variety of style and beauty of pictures. He cannot be beat, there never was a better selection of frames, albums cases than Mr. Hall has. Don't fail to give him a call and examine specimens, also see some of his splendid stereoscopic views. Rooms opposite Simmon's Regulator, Wellsville, N. Y.

Mr. John White, late of the Corning House, and now of Watkins, has just purchased the Dickinson House, and it is expected that he will take possession on the 1st of January. The price paid was thirty-five thousand dollars. This is good property.—*Corning Journal.*

The next session of the County Lodge of Allegany County, I. O. of G. T., will be held with Short Trac Lodge No. 454, Dec. 11th and 12th, commencing at 2 o'clock, P. M., the 11th inst. It is earnestly hoped and expected that each Lodge will send its full quota of representatives. The Good Templar Hall at Short Trac is to be dedicated on Tuesday evening the 11th inst., and an address delivered by the Rev. W. F. Parker, C. D. of [illegible], and others.

Yours,
FRANCIS BUTLER, C. C. T.

JUSTICE.—In justice to the firm of Sherman and Van Gorden of Elmira, who have built the first brick building in this place. We must say that as far as the masonry work that there is no better in the county, and we do not believe that there is anything in Elmira that excels the front of Jason Hunt's dwelling. It is built up from the best press brick, and the workmanship is perfect in every respect. Also the house of Mr. Van Sickle is a good job, as well as the store of Jas. Shaut, on Main Street, the front of which is as fine looking as any we have seen in this county. The window caps were gotten up by A. O. Donnell of this place, are rich and beautiful. The fronts of Mr. Shaut's store were cast at

ALMOND CORRESPONDENCE.

ALMOND, Sept. 26, 1870.

MR. EDITOR:—It is an old saying that "truth is mighty," but after perusing the article in your last issue, written by H. W. G. of Alfred, with reference to the late contest between the Flys of Almond, and the Stars of Alfred, I am inclined to believe that truth is a delusion, or some material substance, tantamount to india rubber for extension and elasticity.

If H. W. G. has not shamed the devil, he certainly understands the art of stretching the truth better than any man I ever saw, heard, or read of Indeed if the King of Hades does not blush at his audacity, it is because he wants to encourage his faithfulness as a laborer in the Vineyard of his Satanic Majesty.

Now sir, I do not want you, or the readers of your valuable paper, to think that I am addicted to the diabolical habit of telling lies. Far from it When I commenced writing for the Advertiser, I intended to be, and have been governed entirely by principles of honor and veracity. For I know very well, that the Honorable Gentleman who edits the Advertiser would not permit anything of an invidious nature to appear in his paper; therefore, I endeavored to maintain those lofty principles which have hitherto characterized my conduct as a gentleman and a scribbler.

If Mr. G. will re-read his own article, he will be ashamed of his inconsistency as a writer; for it is replete with contradictory expressions and ludicrous blunders.

It, as he says, the Flys changed Umpire after the Stars gave them a blinder, without consulting the captain of the Stars, why in thunder did they continue to play to the eighth innings. The reason is obvious. The Stars knew very well well that Mr. Best did not understand the game, and as Mr. McLaughlin, according to their own statement, in a former issue of your paper, not only understood the game thoroughly, but was also a refined gentleman, both clubs were very urgent in their demand for McLaughlin.

The whole truth in regard to the matter is this. The Stars continued to play until they were badly beaten, and then *"the whipped cure* they threw up the game to save their friends who had money bet on the game.

At the outset of the game two to one was bet on the Stars, and no takers; but at the seventh innings fifty to one was bet on the Flys and no takers. How is that for high, Mr. G? *Au Revoir* "Stars."

Well, Mr. Editor, we have had quite an exciting time at the Republican caucus or conclave, for we had two such gatherings of the powers that be.

Last Saturday Ira C. and his clique met at Capt. Riley's Hotel to select for delegates to attend the County Convention to be held at Belmont this week. Strange to say (?) the matter was kept so quiet that but few knew of the meeting until the four arrived. At this junction Geo. Boynton, Esq., opposed the election, because, as he said, it would deprive the Sabbatarians, or seventh day christians, from meeting with us. The other clique refused to listen to his protest, so the squire appointed another meeting at Green's Hotel on Monday. The vote at both caucuses stood thus Ku Klux (Saturday) 61; Republicans (Monday) 87.

As six delegates will go from here, I wish you would go to Belmont and see the fun.

O there will be mourning,
Mourning, mourning, mourning,
O there will be mourning.
When the Ku Klux comes marching home.

A San Francisco reporter was rushed upon by a crazy woman, the other day. "I have found you at last," she exclaimed. "You are the Emperor Napoleon, and must be christened." She then dashed a cup of water on his head and in his face. "What in thunder are you doing?" roared the reporter, both angry and astonished. "You are christened, Napoleon, and may you go to heaven or to ——, I care not which. I have done my duty." Some officers recaptured the woman and the reporter went home for a change of clothing

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Invetorate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues on this score.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the system lurks for the consumption, and invites the attack of endemics or fatal diseases, at which exciting agents it is powerless. Again, it seems to be a taint from throughout the body, and thus, with every favorable occasion, rapidly develops into one or more of its hideous forms, either on the surface or among the viscera. In the latter case, how large the mortality proportion! In the form of tumor, the dreadful torment in the liver, or it shows its presence by eruptions on the skin, or local ulcers in the external parts of the body. Hence, the necessity of purging it from the system, at the first appearance of its existence, by the use of AYER'S SARSAPARILLA, which exerting its subtle power through the blood, reaches the lurking poison in every part, and, by its alterative action, forces it out of the system, leaving the blood pure, and restoring health to the body. Ayer's Sarsaparilla is the most effectual remedy for Scrofula, Salt Rheum, Ulcers, Erysipelas, Pimples, Boils, Blotches, Tetter, Scald Head, Ringworm, Sore Eyes, Sore Ears, and all other manifestations of the impurities of Scrofulous disease. Also in the more formidable diseases of the lungs, stomach, liver, bowels, kidneys, and womb, such as Pulmonary Consumption, Bronchitis, Asthma, Dyspepsia, Liver Complaint, Heart Disease, Fits, Tic Doloureux, Neuralgia, Rheumatism, Gout, Kidney Complaints, Dropsy, Female Weaknesses, Irregularities, Suppressions, and Sterility, it always does good when the case admits of relief. Prostration, Debility, Feebleness, and Languor, are speedily overcome by the tonic action of this medicine. Even in the most desperate cases of Consumption, when no other remedy can be of service, this will relieve the distressing symptoms, and cure the patient. Again, for Diseases of the Throat, Bronchial Tubes, and Lungs, it is the most effectual remedy that has ever been discovered. Ayer's Cherry Pectoral is the best remedy for Coughs, Colds, Influenza, Whooping-Cough, Croup, Asthma, Bronchitis, and Consumption, that has ever been known in any country. For sale by all druggists and dealers in medicine everywhere.

Ayer's Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. It wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine we are universally required by everybody as a cathartic, now you ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates, containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first cause of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the disordered action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one cathartic dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.
