Andover Town Team Baseball A Question Mark

Whether Andover will field a baseball team in the Hornell Tri-State League this summer will be decided this Sunday afternoon at two P. M. in the Central School Cafeteria.

Players from last year's team, others wishing to play this year, parents and interested people are asked to attend this meeting. Projects to raise additional funds along with general business matters will be discussed.

Last year's club did favorably in its first year of competition after a seven year lapse. The club finished 4th and was awarded a flag for its high finish in standings.

The team has been accepted into the league along with Hornell, Wellsville, Bath VFW, Avoca and a newcomer, Dansville. Our final answer if we are able to field a team is requested in the league next week.

Minstrel Show Practice Friday Night

Two meetings have been scheduled so far and the attendance has been very, very poor. Five or six people can not put over a production such as this year's show. Probably the most important factor is the time limit. The show goes on Friday and Saturday, April 25th and 26th.

An attempt to have a rehearsal will be staged tomorrow night (Friday) at the Central School at 7:30 P. M.

All Chamber of Commerce members, end men, and circle singers are urged to attend, Friday.

Remember the show must go on but you and you must be there for it to take shape.

Wendell Vars Again Awarded Rexall Trophy.

Wendall R. Vars, owner of Vars Rexall Pharmacy, is one of a selected group of Rexall durggists to receive the new Mortar and Pestle Trophy, presented by the Rexall Drug Company as an annual award to outstanding member druggists.

The award is an authentic replica of a mortar and pestle dating

back to Spain in the 15th century It was presented April 4, 1958 by Rexall Representative Mark Lytle at Vars Rexall Pharmacy.

The historical motar and pestle, still an important implement in the druggist's profession, is an ancient symbol of pharmacy. Its use for pulverizing medicinal herbs is recorded in the histories of ancient Egyptians, Hebrews of Biblical times and the Roman era.

The 1957 trophy award carries the face of Medusa, Queen of the Gorgons, on all four quarters. Tales of Medusa abound in Greek mythology, the most famous being the story of Perseus who cut off her head. The myth was that anyone who looked on her face would be turned to stone. Since Perseus had become immune to this power, he held her head aloft in battle and vanquished the enemy.

Partly because of this myth and other allusions to serpents in literature, they have become a symbol to ward off evil. Hence, they are used in the staff of Aesculapius, the symbol of the medical profession, and in the well known Caduseus.

Antique Mortars and pestles with distinctive characteristics are widely sought by collectors, often bringing as much as $1500 and more for an unusual specimen.

The Rexall replica of this prized antique is mounted on a black walnut pedestal with a plaque inscribed with Mr. Vars' store name and signed by John Bowles, president of the company's Rexall Division. It is on display at the store's prescription department.

The Rexall Drug Company is continuing its search for these valued antiques, and exact replicas will be awarded annually to Rexall druggists who meet exceptionally high standards of professional ideals, ethical practice and community service.
