J. J. HARMAN, Provident. . WILLIAME, Socretary. ated, Andover, May 26, 1870.

HALL'S excelsion gallery

IS NOW OPEN.
This is one of the largest and onest Gallery line State. Mr. W. L. Hann will do the oper ing at the

NEW EXCELSIOR GALLERY, Ald having had an experience of several years in some of the principal githeries in New York City, and elsewhere, they feel could not of pleasing all who will favor them with their paternage.

The Collery is so arrange that they make a inde of pictures. They make either FOUR OR SIX GENS AT ONE SITTING,

d se'l them for the small amount of 4 for 35. : for 50 cents. They make and sell the following

Helling about 300 views, which stands upon the centre table for the use of custaness and iriends,

guesa ?

O, twenty miles, or thereabout, roplied Sanders, laughing grimly.

Twenty miles to-night! Carf-and
moose-launtip! cried' the doctorlooking round to the rest of us, who
were much of his opinion, as we stood
there, with the snow sitting down
through the barre forest branches and
ratiling indemently on the dried barves.

By George! eried Brown. This
is tougher than anything I saw in the
service! Twenty miles in such a
storm!

No use grumbling; you wold come,
'No use grumbling; you wold come,
you know; nay us well make the beest
of it," said Sanders. But we've got
a long tramp; so let's be off.
Wo were, we judged, somewhere in
the town of Grafton, Maine, on the

the town of Grafton. Maine, on the lead waters of Brar River, a tributary of the Androscogin. We had come up the day before, with bounds, after a moose reported to have been sen roome miles be ow. Yesterday had been a beautiful Indian summer day, the hast of its race; for winter had now borst down upon us with hall and sawn, there has the sent of the property of the leaden forest.

forest.
The moose had fared much better than his hunters, for, after leading us off steadily in o the wilderness, he had now left us to get back the best way we could in storm and darkness.

we could in storm and durkness. Our party consisted of the; the "do tor," a young medical student, just out of school and never in the wood before. Brown, a returned cut aley man, my coother Tom and myself, then boys of fifteen, and hardly, Sanders, un old Inckwoodsman who, in his younger days, had been a river-daver, but latterly a hout or and trapper. Twas a queer party, cellected rather hastily, to graitly the docter as its mod earthurshasts to hunt a mouse. Sanders was the only one passessing

Sandra was the only one passessing the rightest knowledge of wood raft. For two or three hours we transped in steadily, tollowing down the river, ad-one-ding unselver, as less as we might, with the reflection that, provide it we didn't get hert, we should get how to some frambuses by in diught, possilly. It was now part five o'clock, and getting quite dire, when we suddenly marked that the forest lightened up all red, and a low momen a later we cance our it in a large opening on the

training his eyes to recommittee. I hould call that a barn."

should call that a tarn."
Hay farm here, I guesa, asid Sanders, where they cut hey for the I ging camp.. No house here.
"No light, any way," said Tom.
"Well, then," cried the doctor, striking out across the oldering, in lack a louise we will try the barn."
We all followed; any sort of a shelter was a go-send on such a night, and we were soon stombling round the corner of a great deserted structure of rough boards, loomin; up lowesomely

trived to secure the reckies out door

by standing a pi-ce of timber -landingly
against if on the outside. There was
harge quantity of bay stored within.

The scaffolds and mows were filled up
to the high teams, and there was
blee a Let Jing loose on the flore.

It wouldn't do to kindien fire in

coveriet of the same material. For a long time we lay taking and congratulating ourselves to our confortable bunk, till, effer a while, first Brown, then the doctor, and soon after Santers began swaring drawally. Tom took up the chorus, and I doln't listen much laurer.

STEREOCOPEO INSTRUMENT

In the chorus, and I don't histen much some three of characteristic managements and the chorus, and I don't histen much some three of characteristic managements. It is an imposition of the way of the chorus, and I don't histen much some three of characteristic managements. It is an imposition of the way of the chorus, and I don't histen much some three of characteristic managements. It is an imposition of the way of the chorus of the ch

sorawling in the ha

'Lialloo!' from old Sanders, wakir

is! Out with your knives!'
'Hold on! Don't stab!' I shouted.

Hotel on! Bott etah! I shouled, You are all wrong, all wrong!

Strike a light! Strike a light!

Strike a light! Strike a light!

Open the door! from the doctor.

Everylody ran twand the door to pash it open, all together, and cutually tan square on to the cot, which also started for the door. A tornado of

stated for the door. A tornado or spite and snarls, arcse; the creature bit and drg right and left, slitting open pasts legs, snapping its teeth, and tripping up nearly the whole party in its struggle among our legs. The non reprose of trains, we waste party in a strangele among our legs. The hunds rush d in to complete the up-rear, while voices not identified cried all at once:

Git out?

Six lwy!

Git out?

'Don't strike here!

Don't arrike here?

'Who you kicking?'

'Awast that kulle?' from Sanders.

'For God's whe, ke p that gun of
up head!' from Brown.

All this, with an instantaneous rush
for the other cod of the flour; is fact,
anoth r billed and unintentional ruson the already maddened animal,
which had, gone three alread of us.

This time the creature sprang at the
doctor foll tith, knoking him against
somebody doke. A facther our grousdoctor fall tilt, kno king him ugnines stumboldy else. Ant ther our grous-panie followed. Everybody kicked and strugglef at mulom. And amid shouts, Inake, growls and spits, the tract got through the cowd somehow, and compel up the side of the mow. 'Order! Order!' shouted Sanders, alove the outery. 'Now jost stand with the outery. 'Now jost stand with!' Stand still.' Stond aid every-bale till see out a blot.'

alow the ontery. Now not send and aid every-body, till we get alight." Market were fundled out and struck, but they only seemed to make the darances deneer, till Sanders found some joine spiniers on the floor, which he figured. Putting this into the nuz-led of his till, he beltruct it upward, disclosing an animal larger than the hounds, cruching on the high beam. Take your gun, Brown, and San ders: but no, you hold the torch and let me shoot. Brown took the Brown took the torch, and Sanders, taking up a gun, find. The cet youled, and, hounded off sidewise from the houn, came sailing down coward or

and, bounded off sidewise from the beam, came sailing down coward or with its claws spread out. Broan jumped aside to get out of the way. The splin: fell out of the gun, on the floor; puring it out; and down came the wounded teant, snapping and amiri-ing, in the midst of us. Darking a refuge of and such a serion-mage as followed there on the narrow floor! I remember jumping frenziedly backward unon some one, who it cled

Meanwhile, somebody had struck as transform and laid the doctor flat for a moment; and somebody else had hit is For a a dog who was lamenting piteously.
ongrai- But order was at last restored, and another splinter lighted, when

another splinter lighted, when the creature was found to be stone dead in the lay.

It was a large specimen of what Sar ders called a shon-car, which is the Canada Lyizz of the naturalists. It It als probably been in the barn when we went in Law ng gone in like our advers to get hiel or from the atorn. Our noisy carriace eland-subths sireen
