

### Allegany Baptist Sunday School Convention

Allegany Baptist Sunday School Convention met at Belmont, December 20th, at 2 o'clock, P. M. Rev. C. W. Bruce, Vice-President, in the chair, opened with singing by the Andover School. Prayer by the Rev. J. O. Seely, of Cuba. Verbal reports were then given from the various Sunday Schools in the county, followed by a discussion on Teachers' Meeting, and how to conduct them. The Rev. A. Coit, of Wellsville, led the discussion, showing the advantages of such meetings over the old methods. Also that the contact of mind with minds of leading teachers was better than Commentaries.

### Examinations

Much credit is due the school, on account of the general tone of honesty and candor which was manifested in the examinations. Each pupil was caused, as far as possible, to rely on his or her individual merits. The questions were mainly written on the blackboard, followed by a valuation appropriate to the difficulty of the question. The general valuation of each examination is made on the basis of 100 per cent, and the results above indicated show the average of the three examinations through which each pupil passed.

### Examinations

Thursday morning was occupied with Analysis and Geography; Thursday afternoon all the grades were examined in Grammar; and both morning and afternoon of Friday were devoted to Arithmetic and Algebra. Each of the examinations, during the latter part of the term, has been more difficult than the preceding ones; and it has been, and will be, the endeavor of the teachers, in every department, to make the examinations a faithful index of each pupil's proficiency. While all will be welcome who may visit the school at any time, a most cordial invitation is extended to every one interested in the school, and visitors, and inspect the questions and answers on examination days.

### Examinations

A new lot of Fine just received at Ellis—very cheap. Rubber Boots, \$4.25 at Ellis' Banner Store. THE BEST TRUSS YET.—There is no longer any doubt but what Bina's Patent Trussing Band is the best inside band in use; not alone for its durability but for their beauty and cheapness. By them you are able to obtain any desired cast or shade in your room, or as much light as you may wish. They can be fastened to represent a common column. Any portion of them can be closed that is desired. Being easily controlled, a child 4 years old can handle the bands as well as a grown person. You can have your blinds furnished in any color you wish. They are furnished at from \$2 to \$20 per window as the persons may desire. You could not make a better present to a friend than the blind blinds. They are showing their every-day worth.

### Examinations

The fire which broke out at the Belmont Hotel on Saturday last, caused by the company issuing an order to the effect that on an after that date they would pay freight on all \$1.75 per day, instead of \$2, as heretofore, and the result was that the boys on the Susquehanna, Western and Buffalo Divisions, refused to work for that price, and as fast as the train arrived the men would quit work, and by night over two hundred had assembled at the depot and a war was commenced. It was impossible for the company's men to get a train out of the yard. As soon as a train was made up the strikers, with a few outsiders, would swarm around it and draw every coupling link, and with the coupling links, all on Sunday the yard was full of cars and no one of them in condition to leave.

### Examinations

The Sheriff, Deputies, and special deputies, together with three companies of the 16th Regiment, were there to protect the railroad men making up and starting trains, but with poor luck. On Sunday, several attempts were made to send out trains, but mostly failed. The track was greased on the steep grade about eighty rods from the depot and the moment a train stopped on the track, the pins would be pulled and the cars run back again, but by stationing a soldier on each car, with orders to shoot any man who touched a pin, a short train was got out. On Monday the situation remained unchanged, and more vigorous measures were used. The brakemen obtained from drinking entirely, consequently, acts of madness which otherwise might have occurred were avoided. It is also true that the track-greasing and pin-pulling boys were treated with some of the most vicious blows ever known. No denials as to the riotous proceedings can be made.

### Examinations

The following were the Vegetables cooked: 1 Barrel of Potatoes, 1 1/2 Bushel Beet, 1 Peck Turnips, 50 lbs Squash, 3 Large heads of Cabbage, 1 Peck Onions. For Dessert: 1 Large Indian Plum Pudding, 1 1/2 Barrel Tea, 1 1/2 Barrel Coffee, 1 Barrel of water was heated to 180 degrees for drink water.

### Examinations

The fire was kindled at 8:45 A. M., and the oven being hot in 23 minutes, work commenced and continued 1 1/2 hours, without interruption, using 31 1/2 lbs of Anthracite coal. From the time the fire was built till the end no more fuel was added. About five barrels of water were used in the above trip.
