make all this right has but little cause of an and holiness.
Cheese-making turus the Sabbath into a strictly business day. To see the whole the ago going on, no one would think that it was the Sabbath. Let an angel reach such a place on the Sabbath, and he would imagine that he held made a nistake in his reckoning. His would say to himself, "I must be a day too soen, or a day too late; at all events this in soft the Lord's day.

A cheese-factory in full operation on the Sabbath should be looked upon as ha organic evil. All is planned, all organiced, all entablished. The whole thing has taken form, and it stands out before the people as a branch of business that must be considered on the Sabbath. All see this, all know it. This face to organism makes it potent for evil. The ontal system in a huge organic evil. All to ental system in a huge organic evil, for it browns no Sabbath; and it vitiates the public haid in proportion to its magnitude. Remaelling, from its very starter and its relation to the law, is an organic system of departicly, bence the you'll that flows from it. Individual che'sse-making at home on the Sabbath while it is wrong, yet the wrong is not so demonstrating as by the organized facetyry system.

There is a question which now may

securiaring as by the organized factory system.

There is a question which now may be put to overly man who would encourage this kind of husiness: Would be put to write the state of the s
