In the ADVENTIAGE OF April 27th, the following item was published in our local column:

"The Resident cheese factory is work ing about 10 000 pounds of mills per day."

The Allegany County Reporter of May 37th, had a number of Andover Mills paper none of which however, were credited to it except the annexed;

Now it is patent to all, that no such secretion was made in our columns.

We do not desire to feecheve our readers, and this statement in regard to the manufacture of so many ponds of cheese daily, we believe to have been applicabled in the Reporter to belittle and defame our paper.
