ing roses, displayed a refuecd and deal. A Mother's Triimph. Breitige! From ivated taste, while the trailing vines of the rose of the door and window, become the work of gestle hands.

Whio, thought I, has been driven to this opportunity? Perced to leave the fail of civilities, Whiter, and the leave the faced bounts of early childhood and to level hands, and the leaves th lpune—s town of "Morrie England," our true heroise dwell. In that Ritish town the priest of Mormonism appeared. Many were they who, listened, and a tew followed after him to share the promises, of the western I are id. Of these indefanted portons one was that angel of the household, the conceptibles meatings. Our worms. discretche promises of the western I am discretche promises of the western I am discretche promises of the promises of the western I am discretched in the promises of the western I am discretched in the promises of the western I am discretched in the promises of the promises of the west of the weary journey or provernings I and do to the promises of the weary journey. She had seemed allowering in all the seemed allowering in all the promises of the weary journey. She had seemed allowering in all the provinces of the promises of the weary journey. She had seemed allowering in all the provinces of the promises of the weary journey. She had seemed allowering in all the provinces of the provinces o
