

THE ANDOVER ADVERTISER  
PUBLISHED WEEKLY  
THURSDAY, NOV. 2, 1871.

Thanksgiving.  
PROCLAMATION BY THE PRESIDENT.

WASHINGTON, Oct. 28, 1871.—The President has issued the following proclamation:  
The people of the nation have again enabled the husbandman to garner the fruits of successful toil. Industry has been generally well rewarded. We are at peace with all nations, and tranquility, with a few exceptions, prevails at home. Within the past year we have in the main been free from the scourges of pestilence and famine which elsewhere have afflicted our kind. It seems to me that the season would be an occasion for sympathy with the sufferers of resignation on their part to the will of the Most High, and of rejoicing to the many who have been most favored. I therefore recommend that on Thursday, the 28th day of November next, the people meet in their respective places of worship, and devoutly acknowledge the mercies of Almighty God for the blessings he has conferred upon them for their peaceful exemption from civil and foreign war, and for the protection and kind care for his faithful brethren, whom, in his wisdom, he has deemed it best to cherish. In faith whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, this 27th day of October, in the year of our Lord, 1871, and of the Independence of the United States the sixty-first.

U. S. GRANT.  
By the President,  
HARRISON PIER, Sec. of State.

The State Redeemed!

Republican Maj. 20,000!  
Both Branches of the Legislature two-thirds Republican.  
ALLEGANY COUNTY 3,000 REPUBLICAN MAJORITY!!  
A GAIN OF 400!!!

The latest returns make the Republican majority on the State ticket about 18,000, with a prospect of being increased still further.  
The Senate stands 24 Republicans and 8 Democrats. Rep. majority 16.  
The Assembly stands 96 Republicans and 32 Democrats. Republican majority 64. Republican majority on joint-ballot 80.

Massachusetts, Illinois, Wisconsin, Minnesota, and Kansas have given largely increased Republican majorities. New Jersey gives a Republican majority in both branches of the Legislature.

The County.

The following is the result of the election in this county, as far as we have been able to learn up to the time of going to press.

Republican majority.	
Amity,	142
Alfred,	250
Alma,	125
Andover,	87
Angelic,	135
Belair,	71
Cuba,	98
Friedland,	130
Groton,	138
Granger,	132
Hume,	150
Independence,	136
New Hudson,	120
Bolivar,	61
Barnes,	88
Canaan,	71
Clarksville,	111
Centerville,	110
Rushford,	206
Scio,	12
Wellesley,	118
West Alstead,	55
Witt,	192
Alma, Dem. maj.	25

The above returns are very gratifying as they show Republican gains in almost every town.

ATLANTA, Ga. Nov. 10.—The House today passed a bill providing for holding a special election for Governor on the second Tuesday of December. The section providing for special returns of the election, other than according to the present law, was stricken out. The bill was then passed by a majority of 100 yeas and 20 nays.

It is reported that a number of Tammany Democrats are at large, trying to pass themselves off as Chicago supporters. Look out for them.

Election in Andover.

The election in this place passed off quietly, no disturbance of any kind occurred, and we were but one drunken man upon the streets during the day. There was a good deal of hard work done in the way of peddling off tickets, but no fighting or cursing by the peddlers. The following are the majorities for the candidates.

The whole number of votes cast for the State Ticket was 387.	
Scrappers majority:	125
Hopkins,	125
Barnes,	125
Barlow,	87
Taylor,	125
Barker,	125
Kirkpatrick,	125

COUNTY.	
Scott's majority	127
Truman,	128
Alford,	128
Green,	134
Crundall,	170
Daniel,	128

JUDICIARY.	
Lamont's majority	130
Woods' majority	134

There was six Temperance tickets cast for State officers, which rightly belonged to the Republicans. The average Republican majority for the whole ticket is about 130, a gain over last year of 17. M. B. Champlain, through the efforts of a few Republicans secured 19 Republican votes, which we are sorry to say, put Barlow behind the ticket. Dr. W. W. Crundall, ran ahead of his ticket 46, which he richly deserved.

George D. Lamont Elected Judge.

The following are the majorities by counties for Lamont and Marvin, with Allegany and Erie counties estimated:  
LAMONT'S.  
Nizara, (Lamont's home) 4,500  
Orleans, 1,164  
Windsor, 1,800  
Genesee (est.) 500  
Erie, (est.) 800  
Allegany, (est.) 2,500  
Lamont counties 11,264  
MARVIN'S.  
Chautauque, (Marvin's home) 3,164  
Cattaraugus, 350  
Marvin counties 3,514  
Total majority for Lamont 7,750

The Popular Result in the State.

"We have met the enemy and they are ours." So said the gallant Perry when, under discouraging circumstances, he met the Beets of Great Britain on the coast of Lake Erie and sent them howling home. So say now the Republican Party of this State, ground for years under the iron heel of Tammany, but now happily victorious and demoralized. The battle of Tuesday was decisive of more than a mere state campaign. Its immediate trophies, to be sure, are vast and important. The election of the State officers will put back in the hands of the Republican Party the control and management of the Canals, and insure such economy in the conduct of the general financial affairs of the State as will meet the reasonable requirements of the people. The election of a Republican Legislature will put in the hands of the Republican Party the law-making power of the State, and enable it to enact such measures of honesty and reform as have been indicated by the commanding voice of the people. If, as there is some reason to hope, our majority in the legislature is one of two-thirds in each branch, this power becomes absolute, and cannot be thwarted by any person or malicious threat of the Governor.

But important as are these results for us as they relate to the domestic affairs of the state, this victory is equally and in some respects far more significant in its influence upon national affairs. It is its possibility on the democratic party even hope to recover from the effects of this disaster. It is fatal. With New York the case for them was a desperate one. Without New York as the lawyers say, they have no standing in courts. They are not suited before going to the jury. Gen. Grant will walk over the course as Sherman walked from Atlanta to the sea. And before the ending of the fourth term of a Republican administration there will be no democratic party to meet in a national convention. The elective power of Tammany plunder, without which even this, there would have been no democratic party, will no longer wield the elements of opposition together. The day of deliverance from great public danger finally dawns. This verdict in New York will prove to be the last pound which breaks the camel's back. If there ever was an hour when the honest and patriotic people of the whole country ought to thank God and take courage it is this, for it is an hour of deliverance from the almost fatal grasp of the most unscrupulous and wicked political cabal which ever ruled in this or any other state.—*Albany Advertiser.*

"Hope told a shattering tale" to M. B. Champlain—but unhappily for him, the tale was false.

The Voters.

In Wellsville, we find matters in a different shape than we should wish for their good. They with the *Free Press* as their leader, not only bolted the regular nominee for Justice of the Supreme Court, but our nominee for Member of Assembly. The Republican majority in the town for the State ticket was 118. They condescended, (we suppose out of complacency) to give Dr. Crundall a majority (123), and in this several Democrats voted, so that many Republicans must have supported the bolt. We have yet to know of any set of men undertaking to carry a bolt through the male anything at all, and we do think now that their profits on this investment will be mighty small. The Dr. has received some splendid compliments from a number of towns in this County, which does not speak very well for Wellsville's popularity, and more, than for the manner in which the advice of the *Free Press* has been heeded in the County in regard to Marvin and Lamont, for the latter has his party vote, against the loud cry of the treacherous *Free Press*, in almost every town in the County. Through trickery he was made to run a few bolts in Allegany, but nothing to speak of. We are in hopes that on the whole that our neighbors will accept it as a lesson and hereafter, at least, try to be respectable. We are aware that it will be a hard task, but nevertheless we advise them to try it, for once on all events, and see how they would appear.

For the Advertiser.

SCHOOL EXAMINATION, &c.  
TRIN. DEPT.

Miss Mary A. Simons, Teacher.  
FIRST GRADE—nov. 2nd.  
No. 1, Fred Henderson 97-1-2  
2, Bertha Morris 96-1-2  
3, Charlie Davis 95  
Average of division B 93-3-4

FIRST GRADE—nov. 3rd.  
1, Thomas McLaughlin 95-1-2  
2, Emma Newman 93-1-4  
3, Jennie Scott 90-3-4  
Average of division A 90-1-0

SECOND GRADE.  
1, Anna Bowley 98-3-4  
2, Will Hammett 94-3-4  
3, Alice Jones 92-1-8  
Average of grade 95-1-4

THIRD GRADE—nov. 4th.  
1, Ida Dillie 99-3-5  
2, Belle Krusen 92-2-6  
3, Mary Dewdney 97-4-5  
Average of division B 96-2-3

JUNIOR DEPT.

Miss V. N. Adams, Teacher.

THIRD GRADE—nov. 5th.  
1, Sherman Crundall 100  
2, Nellie Steinkuhler 100  
3, Eddie Bowley 99-3-5  
Average of division A 99-2-5

FOURTH GRADE—nov. 6th.  
1, Eddie Everett 91-3-4  
2, Nelson Thurston 88-1-2  
3, Eddie Dunneley 87-1-2  
Average of grade 89-2-3

SUB-SENIOR DEPT.

Miss R. V. Lewis, Teacher.

FIFTH GRADE.  
1, Louisa Steinkuhler 100  
2, Katie Bowley 100  
3, Eddie Bennett 100  
Average of grade 99-3-4

SIXTH GRADE.  
1, Mary Wright 97-1-3  
2, Bertha Black 97-1-3  
3, Cora Hatch 97  
Average of grade 96-1-4

SEVENTH GRADE—nov. 7th.  
1, Nellie Porter 100  
2, Fred Cobb 96-2-3  
3, Julia Daily 96-2-3  
Average of grade 98-3-9

SENIOR DEPT.

A. H. Lewis, Teacher.

EIGHTH GRADE—nov. 8th.  
1, DeEtta McGraw, 2, Maggie O'Leary, 3, Nora O'Leary, 4, Ed Cooper, 5, Mary Bundy, 6, Jennie Church, 7, Nellie Perry, 8, Belle Owens, each 100.  
Average of grade 97-1-6

NINTH GRADE.  
1, Elsie Woodcock 98-1-3  
2, Ella Davis 98-1-3  
3, Mary Bradley 98-1-3  
Average of grade 96-2-3

TENTH GRADE.  
1, Katie O'Leary 100  
2, Edmund Jagger 98-1-3  
3, J. N. Munroe 98  
Average of grade 98-1-6

REMARKS.

Our last report got a little mixed in some ways, but the devil (printer's devil) is not to blame for it all, though he must have had a hand in it. The following typographical errors occur: Mary (May) Hawkins, Charlie Burdick (Burck), V. M. (N.) Adams, Steinkuhler (Steinkuhler) Edie Woodcock 88-1-3 (98-1-3), and the average attendance was nearly 95 per cent instead of 75 per cent. We should not be very proud of the latter rate. The devil has his due. The A. division of the 3d Grade was in Miss Simons' room instead of Miss Adams'.  
A. H. Lewis,  
Principal.

DOUCHY & CO

Wells' Catholic Tablets.  
For Coughs, Colds and Hoarseness.  
These Tablets present the Acid in Combination with other purified remedies in a palatable form for the cure of all Throat and Lung diseases. Hoarseness and Irritation of the Throat are immediately relieved, and mucous membranes are constantly kept moist to the purpose of relief in cases of Throat diseases of every kind.  
CAUTION: Do not be deceived by worthless Wells' Coughs, and do not allow any cheap imitations to pass for the real Wells' Tablets. For Circulars, send to Douchy & Co., 100 Nassau St., N. Y. or to any of the Agents.  
REDUCTION OF PRICES.

pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a new and improved method of raising and fattening calves, and a new and improved method of raising and fattening horses, and a new and improved method of raising and fattening cattle, and a new and improved method of raising and fattening sheep, and a new and improved method of raising and fattening pigs, and a
