"NOT CATCHUS."—The following little story is told by the Easton *Sentinel* at the expense of a young lady school teacher at Easton, Pa., who is very properly anxious in regard to the prevention of small-pox in her school, and therefore strictly enforces the rule that whenever a case of sickness is reported in the family of any other pupil the pupil must bring a certificate from the family physician stating that the disease is not contagious, failing in which the pupil must remain away until all danger is over. A few days ago she was informed that one of her pupils, a little girl of Teutonic extraction, had sickness in her family. On being questioned, the little girl admitted that "she had sick at her house;" that her mother was sick. She was accordingly sent home. The next day she returned to school, and shyly sliding up to to the teacher, with her finger in her mouth, and her little bonnet swinging by the strings, she said: "Miss ——, we've got a leetle baby at our house, but mother told me to tell you that it isn't catchin'." The teacher said she was very glad if it wasn't "catchling," and told the pupil to take her seat.

The Great Medical Discovery!

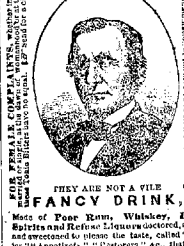
Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?



THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find the impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, PIMPLE, and SKIN WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

The Rochester Express

Cheap Reading for Everybody

A First Class Newspaper.

DAILY, TRI-WEEKLY AND WEEKLY.

Announcement for 1872.

Popular Intelligence, on which the success of Republican institutions depends, is itself the result mainly of an independent press and honest journalism. Only in the United States, where cheap newspapers reach every family, has government by the people proved itself a success. The newspaper is the leading popular educator, and when directed in the interests of patriotism and morality, its influence for good is almost incalculable.

For nearly thirteen years the

ROCHESTER EXPRESS

has been a leading educational power in Western New York, and indirectly to the entire country. We have aimed in its publication to extend information and inculcate healthful moral and political ideas. That its influence in the main has been for good, we are proud and glad to believe.

For 1872 the Rochester Express will be all, and more than ever before. As a

NEWSPAPER,

The Express will be full and accurate, giving each day the world's record of important events for the preceding twenty four hours. Great events are to occur in Europe, and the cable telegrams published each afternoon contain all that is of public importance, with much that is not up to the hour of going to press. During the recent war between France and Prussia this advantage of afternoon papers was frequently noted. In our own country,

The Presidential Election

will absorb much of public attention the coming year and make an independent and fearless political newspaper a necessity to every voter and to every family. The Rochester Express is NOT mainly a political journal; but its politics have ever been Cause of liberty, justice and honesty, and it has always been in full sympathy with the most liberal and advanced political sentiment of the American people. As a

HOME and FAMILY JOURNAL,

The Express claims preeminence. We aim to keep its columns pure and welcome visitant at any fireside. Without the fidelity to party which finds its language in a rage, the Express advocates the right and abhors the wrong in that plain English which the people like to read because they only can understand it. The position of the Express is never doubtful among candidates which is of unlimited public importance for a newspaper discussion.

LOCAL NEWS

has always been a specialty with the Express. Nothing escapes it reporters that foreground in Rochester, and much of this is important to the three quarters of a million people in Western New York whose business interests centre here. Reports of public meetings, sketches of the lectures and general record of local news are not excelled if equalled by any other Rochester newspaper. These features have been and will be recognized by the public of Rochester and vicinity.

THE EXPRESS MARKET REPORTS

are full and reliable, giving the farmers of Western New York accurate information of the prices of farm produce. The reports from other cities by mail and telegraph are as full and correct as it is possible to make them. In this matter, honesty and correctness are more important than the publication of a large amount of misinformation. The correctness of the Express Market Reports has not been questioned, and never will be.

To the farmers of Western New York and of the West,

AGRICULTURAL DEPARTMENT

of the Express furnishes an amount and variety of valuable hints and information not to be found elsewhere. The Agricultural column of the Express is not a rehash of old theories that have been copied for years in all the newspapers of the country. It is mainly original, mostly relating the experience and observations of practical farmers, and where it does deal in theories we frankly say so. Its Agricultural Department has made the Weekly Express the favorite newspaper of Western New York farmers. It is the only journal which publishes full reports of the valuable Discussions at the Western New York Farmers' Club, held twice a month in Rochester.

Our political friends will find it easy to do good service to the Republican cause by inducing their neighbors to take the Express. Hundreds of Democrats take the Weekly Express for its agricultural information and reliable market reports. It needs only that this number should be increased to thousands to disseminate sound political information in a form where it will be surely read and without giving offense. No one can more cheaply or surely advance Republican ideas than by circulating the Weekly Express among voters of both parties in Western New York.

The Daily Evening Express

is designed mainly for the city, and towns and villages near enough to Rochester to receive the afternoon papers the same evening. The telegraphic reports of the principal American and European markets, make a daily newspaper worth much more than its cost, not only to business men in cities, but to wide awake farmers whose success depends on keeping posted relative to the markets of the world.

For all who cannot obtain the Daily the

TRI-WEEKLY EXPRESS

is a favorite wherever known. Its record of the news, political and other editorials, agricultural information, poetry, important local news and Market Reports is as full as it is possible to make it from the six daily editions on a large thirty-six column sheet mainly devoted to interesting reading.

The terms of the Express for each edition are as follows:

Daily Evening Express per year		$8,00
Tri-Weekly Express	" "	4,00
Weekly Express	" "	1,50

Large reductions are made to clubs and valuable premiums given to agents. For club prices and premium list, or for copies of the Express in either edition, address the Publishers,

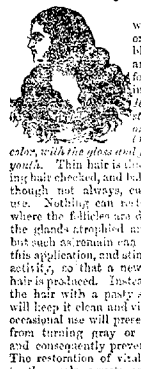
Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.



The use of this preparation will in a short time restore gray hair to its original color, with the gloss and freshness of youth. Thin hair is checked, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of soiling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unctuously and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
