Call and examine the large stock of Stoves & Hardware at A. D. & A. S. Brown's, which they will sell at a low figure; also, their stock of Cutlery & Tinware. Look out for advertisement next week.

Large attendance at Court this week at Angelica. Quite a number of towns are there with a large number of witnesses on the violation of the excise law. This week will be taken up in trying the Parker will case.

Fred. Douglass, while in Erie, Pa., recently, was refused permission to ride in the Reed House 'bus from the depot to the hotel. He walked to the hotel, however, where he was refused meals at the dining room table.—*Dunkirk Journal.*

Improvement.—A handsome, new, eight-burner chandelier has been placed in the Court House at Angelica, and new side-lights; also, two new stoves much larger than those formerly used, for which, Sheriff Gillies is deserving of much credit.

Dr. W. Saunders, of Belfast, paid us a visit a few days ago, and, to say the least, the Doctor is just about as jovial a chap as you will often meet; but the poor fellow has, just at present, got a little Railroad on the brain; and we really hope that he will not be disappointed in all of his anticipations.

The Jamestown *Journal* says: Jud e Daniels who rarely ever smiles on the bench, got off the following at the last Oct. Circuit in Cattaraugus Co.: A knowing witness testifying as to quality of cheese, said he put his ear down, and *could hear skippers* at work in it. "Hold on," said Judge D., "that is hearsay evidence."

Drowned.—Lewey Häusler, a little boy about five years old, son of Jacob Hausler of this village, while playing on the ice last Friday afternoon with other children, near the lower bridge, fell through a hole which had scarcely been frozen over, into the river. He was taken out by Mr. P. O'Brien a few minutes afterwards, and efforts were made to resuscitate him, but without success.—*Allegany Dem.*

Business on the A. & G. W. Railway must be rather dull just now, and any one might infer from the following which we clip from the Jamestown *Daily Journal*, they have more trains than travelers over there this winter:

"Yesterday, Friday, morning the express mail train going west, arrived in Jamestown without any passengers on board and left without taking any on. The same train going east, arrived with five passengers on board; all of whom got off at this place.

Fire in Hornellsville.—A fire broke out, about one o'clock Thursday morning, between the wooden buildings owned by R. Hennessy and J. Cameron, on the west side of Canisteo street, used as stores. The flames spread rapidly and soon consumed the two stores and set fire to a dwelling house adjoining, belonging to John Long, which was also consumed. No insurance on the stores; loss about $2,000. The dwelling was insured for $600, which is about its full value. —*Elmira Advertiser.*

The Best!—Scribner's Magazine is the best for family reading of any magazine published, because of the great variety of reading matter; always something new. The critic of the New York Mail calls Charles Dudley Warner 'Charles Lamb's New Rival,' and says, 'Back-Log Studies,' as renewed in the February number of Scribner's is the best thing he has writ en and the best thing is its way any American or English magazine has had for many a day.'

We are continually hearing of the rushes at Hall's New Gallery for those splendid pictures which he is now making. He is making any kind of Photographs you wish for the small sum of $1,75 per dozen. There never was a better chance offered than he now offers, as he has cut down in prices again lower than ever before. All say they never saw such fine work, the pictures he makes being perfectly life like. His new gallery is on the first floor, making it handy for any person visiting Wellsville to call and see his specimens; and we should judge from what we hear, that Hall is doing more business than any three galleries in the county. His work gives such good satisfaction since he has moved in his new gallery, that everybody is rushing there to get their pictures. They go from all parts of the country within forty miles of Wellsville to get those splendid Photographs which he is now selling for such a small sum. Don't fail to go there at once.

A Splendid Success!—That is what everybody says of the Good Templars' entertainment at Ellis' Hall last Saturday evening. Persons who have seen the same drama played in New York and elsewhere, say they never saw it played so well. The desire for its repetition seemed to be so general that it has been decided to repeat it next Saturday evening, the 24th inst. It will be well to secure seats early, as most of those who were there, will not fail to be there again, and, without doubt, the Hall will be crowded. Admission 25 cents. Tickets at the Drug Store. Doors open at 7 o'clock, exercises commence at 7 1-2 o'cock.

An engine, attached to the rear end of a freight train, near the caboose, exploded on Tuesday evening last, while pushing a train up hill, about three miles east of Susquehanna. The engine was hurled from the track into a ditch, a distance of about sixty feet.—The engineer and fireman were terribly scalded and wounded, and a boy who was employed as engine wiper was thrown a hundred feet into the woods and escaped without a scratch. The caboose and three cars were burned.—The conductor, three brakemen, and several employees of the road, who were in the caboose were badly hurt, and Patrick McCoy, a track walker, was instantly killed.—*Waverly Enterprise.*

Ellis' Hall.—The Tremaine Brothers and John G. Pierson's Burlesque Operetta Troupe and Oriental Bell Ringers, will appear at Ellis' Hall in this village, Tuesday and Wednesday evenings of next week, with something new and unique. The entertainment is divided into three parts, to suit all tastes. First part, a concert; second part, Burlesque bell ringing, and concludes with Burlesque Operetta, in costume, embracing the entire party. Master Willie Kellogg, the Soprano, and Female Impersonator, will give imitations of some of the leading *prima donnas*', in costume, and John G. Pierson will deliver a new lecture; Subject:—Music. See advertisement in another column.

Fatal Accident.—On Friday last, Mr. Stephen Thomas, of Ward, accompanied by his wife, were riding across the Fassett bridge, about a mile below Wellsville, when their horse stepped upon a plank which broke and flew up and struck the animal upon the side causing him to jump off the edge of the bridge, throwing Mr. and Mrs. Thomas out of the cutter and upon the ice some ten feet below. Both of Mrs. Thomas' arms were broken by the fall and with the other internal injuries she received, resulted in her death in about twelve hours after.—Mr. Thomas was not seriously injured. Mrs. Thomas' maiden name was Eliza Lanphear, and her parents reside in the town of Alfred. Her funeral was held at Alfred Center on Tuesday of last week.

The following is from an Alfred correspondence to the *Canisteo Valley Times:*

The Kenyon Memorial Hall building, for the preservation of the Cabinet Specimens, is to be situated east of the Graded School building. Twenthousand dollars is the amount required to construct the building (which is to be fire proof) and help furnish and keep it in repair. Very few are aware of the magnitude this cabinet has grown to. In addition to what they are constantly receiving, a very nice collection of stalactites and stalagmites has been received from Iowa, taken from an ice cave. Prof. D. D. Babcock is the giver. Also a beautiful collection of birds from Prof. A. R. Cornwall, of Albion, Wis. All old Alfred students are earnestly solicited to assist. Many are contributing for this noble work, sending in subscriptions ranging from twenty to one hundred dollars. In what way could we better perpetuate the name of Wm. C. Kenyon, the noble founder of Alfred University?

A Good Chance.—The Tremaine Brothers are to give two entertainments—consisting of a Concert, Bell Ringing, and Burlesque Operetta—at Ellis' Hall, on Tuesday and Wednesday evenings of next week; an agreement having been made with Mr. Barry, the agent, to furnish for the Union Graded School a first class organ, to be paid for in part or wholly, as follows: The proceeds of the first evening (made from the Hall and board of the troupe) will be applied upon the organ. The second night one-half of the proceeds to go towards paying for the organ. We are in hopes that all of our citizens will feel it their duty to give the company a full house. In the first place, there is no better company traveling, and second, it is for the benefit of, as well as to please, your children, which should be the highest aim of every parent, and an organ can now be secured without apparently costing you anything, as the entertainment itself is worth the price of admission.—There is no troupe traveling that has been so highly applauded by the Press and people as the Tremaine Brothers. Fill the house. Tickets for sale at the Drug Store and Post Office, and by the children of the school. Arrangements for Family Tickets can be made at this office.

The Murphy case.—In the Court of Oyer and Terminer the case of the People against Patrick Murphy, indicted for assault with intent to commit rape upon an Indian woman, at Salamanca, on the 9th of last January, was tried and the prisoner found guilty of the offence as charged.

Immediately upon recieving the verdict the prisoner began to "take on," had convulsions, didn't know what he was about, &c., and managed to work himself into quite a fever. Dr. Twombly attended him for two or three days and Tuesday he was brought into court by two officers. M. T. Jenkins, his counsel, made a powerful appeal to the court, asking that he might not be sent to Auburn, if the ends of justice would be secured by confining him in the County Jail. District Attorney Laidlaw replied saying he thought the ends of the law would only be carried out by meting out a punishment equal to the enormity of the crime, and handed the Court a telegram from the officers in Steuben County, stating that a similar indictment was awaiting his appearance at that place. The Court, however, were inclined to be merciful, remarking that they did it only because the circumstances surrounding this particular case, were of such a character they felt justified in doing so. The sentence was that Murphy be confined in the County Jail for one year.

It is, perhaps, needless to say that the youth is now rapidly recovering from his recent indisposition.—*Cattaraugus Republican.*

Game Constable.—The people of the several towns in this County that choose to elect a game Constable at the next annual town meeting, will perhaps be instructed in the law providing for the election of such an officer. The following is the statute upon the subject:

Sec. 10. It shall be lawful for the boards of supervisors of the several counties of the State, by the affirmative vote of a majority of the members elected at a regular meeting of such boards respectively, to authorize the election in each or any of the towns of their respective counties, of an officer to be designated the game constable, who shall be chosen at town meetings as other town officers are chosen, and hold office for the term of one year; and he shall take the oath of office the same, and be vested with, and have the same powers in serving processes under this act, that constables now possess in serving civil process. It shall be the duty of the game constable; after reliable information, to prosecute all violations of this act, and he shall receive such compensation for his services as is allowed by law for like services to constables of towns, and also one-half of all penalties recovered by him for violations of this act. In case of neglect or refusal of any game constable to prosecute any such violation, he shall forfeit the penalty of twenty-five dollars, to be sued for and recovered as specific in this act.—Whenever any game constable shall fail to recover the penalty in any prosecution commenced by him pursuant to this section, the cost of suit incurred by him shall be a charge against the county, and it shall be the duty of the board of supervisors of the county to audit and allow the same, as other charges are audited and allowed.

Horrible Cruelty!—A despatch from Susquehanna, under date of the 18th inst., gives the following horrible details: Early on Sunday morning, three persons in the employ of the Erie Railway Company at this place found a little negro boy, 13 years old, asleep in one of the Company's buildings. They procured a can of kerosene and poured it over the boy's legs, and then set fire to it. The wretches then threw water on the flames. The little fellow awoke; but, enveloped in fire, he was bewildered and frightened, and when the fire reached the flesh his cries were heartrending. The inhuman tormentors took their overcoats making motions as though they intended to smother the flames, but in reality only prolonging the torture. Fearing that they were going too far in the matter, they finally extinguished the fire, but not until the boy's legs had been roasted to the bone in several places. They then fled. Dr. Tingley took charge of the sufferer, but gives it as his opinion that the boy cannot recover. It is said that there are other persons who witnessed the burning boy, and that they refuse to expose the perpetrators of the deed. The indignation of many of the citizens may be imagined. The negro came here on Saturday from Hawley, and being willing to work, a brush and box of blacking were given him, and during the day he gathered a little sum of money and at night sought rest in one of the Company's buildings.—*Wellsville Free Press*

The Tremaine Concert.—The concert on Saturday evening, at the old Episcopal Church, by the Tremaine troupe, was one of the most appreciative and best appreciated entertainments which our citizens have enjoyed for many a long day. The reorganization of this troupe for this season has rendered it not the less attractive, and the excellent programme, all new and fresh and sparkling with lively interest, was produced in the happiest mood at that happy company. Of the old "stars," only Mr. Wm. B. Tremaine, Mr. Pierson and Master Willie Kellogg figured in the Saturday evening entertainment. Mr. Robinson was there, but owing to the contracted quarters upon the stage, the pieces in which he was expected to take part were necessarily abandoned for others, not less interesting, perhaps, but requiring a less number of artists. Mr. A. T. Tremaine is with the troupe this year, as is also Mr. Inslee, a most excellent Tenor. Mr. John G. Pierson, that irresistably funny person, who was truly before his friends—for Bath is to "happy Jack," as it is to several others of the company, almost like home—was in his happiest mood, and the old church fairly rattled with the chorus of hearty laughter which came as a sort of "spontaneous combustion" from his dry humor and exceedingly funny manner. It was, however, in the rendering of his famous character song of "The harp that once through Tara's halls," that, to our mind, he shone most conspicuously. It was finely done and heartily appreciated.—Master Willie's parts were, of course, admirably sustained, as they always are, while manager "Will" Tremaine presided at the Burdette Organ and directed the entertainment with that high-toned sense of dignity and popular acceptance which evinces his peculiar fitness for the responsible position he occupies. It was the fifth or sixth entertainment in this village of this troupe, and it is enough, perhaps, to say that it was decidedly the best one of all, and the well filled church—"Opera House," Jack called it—attested the generous esteem in which the excellent company is held in Bath.—That they may come often, and meet elsewhere the same hearty appreciation which they now have and will continue to enjoy in Bath, is our earnest wish and our voucher for them wherever they may go.—*Bath Courier.*
