Remember the concert at the Hall on Monday night. Dr. W. W. Crandall left for Albany on Friday evening.

Don't fail to attend the Diversion on Saturday evening at the M. E. Church. "Youself and gentlemen" is the way invitations should read this year.

Mr. D. S. Fitch, a grocer at Almond, is making arrangements to move to Horroville.

Republican caucus at 7 o'clock instead of half past seven as called last week. Let there be a full attendance.

A Danville hunter, named Nicholson has killed twenty-two foxes this season, and challenges any hunter in the State to beat him.

There is now law in Louisiana against bribery. Might as well be none in some other places we know of, for we never see it put in force.

A. D. & A. S. Brown have secured the services of a first class workman, and are prepared to furnish Sp. Biscuits at the lowest living cash rates.

Richardson & Co's tannery is undergoing repairs and new machinery is being put in. The company will run it to its full capacity this spring and summer.

Fuller's Palace Cars are not new, but kept up in their fittings, contents and attractions as a few years ago, before their reputation was made.

As usual no mail was taken from this station west, from Thursday morning of last week till Monday morning of this week.

A majority of the tax-payers of the town of Friendship, representing a large majority of the property, have signed a petition in favor of bonding that town for the purpose of securing the location through it of the R. N. & P. Railroad.

The Gessico Republican says, Rev. Mr. Padlock of that village, preached a sermon to children composed wholly of words of one syllable, which is a literary curiosity as well as an interesting and instructive discourse.

The railroad at Danville has turned everything topsy-turvy, and now the hens have got it. One of 'em commenced on Monday to lay two eggs a day, and the rest are only waiting to see how she bears the strain.

PERSONAL - We received a call on Friday last week from Mr. Thatcher, senior editor of the Valley Times at Burnsville, and Mr. N. E. T. Finch of Hornellsville; two genial, well-souled fellows, with whom our call spent an hour very pleasantly.

Will not some one answer this inquiry of an exchange? "Is a female priorer be called a priestess, a female cloister an elopement, a female adventurer an adventuresome, a female waiter a waitress, and a female doctor a doctress, who should not a female could be called a cooness?"

DONATION - The people of Laine District will give a donation for the benefit of Rev. M. H. Davis, at the residence of H. H. Maloney, on Wednesday night, March 6th, 1872. An Organist will be served with a grand plenty of other good things.

On Monday of this week the Elbridge Bros. of Wellsville, placed in the old store of M. H. Harman, a beautiful piece of Woodard & Brown's Manufacture, Boston. It is, as far as we are able to judge, one of the best iron instruments we ever had.

The exhibition of the I. O. of G. T. at the Hall last Saturday evening, was a perfect success. They are advertised to exhibit at the Opera House, W. LaVelle, on Saturday of this week. We hope the good people of Wellsville will give them a full house, for they certainly deserve it.

ACCIDENT - Mr. Lewis Preston, young man employed in the Machine Shop of L. S. West, in this village, had two fingers nearly severed from his left hand yesterday while working with a drill. Dr. DeBorcher dressed the hand and it is hoped that amputation of the fingers may not be necessary.

CONCERT - The Belmont Corn Band will give a Combination Concert at Ellis Hall, on Monday evening, March 4th, 1872. Judging from the programme, and what we personally know of the company it will be one of the very best entertainments. A free concert, on the street, will be given by the Band in the afternoon at 5 o'clock. Give them a full house.

A party of young people from Belmont visited Belmont one day last week, on a long-year excursion. They stopped at the American Hotel, kept by G. O. Crandall, and a pleasant time was had. We know of no better kept house in the country than the American Hotel, Belmont. "Gid" knows how to treat people and make it pleasant while stopping with him.

E. J. Farran and wife of this village, met with quite a serious accident on Sunday afternoon. While riding out and near the school house on the opposite side of the river, the horse became frightened, ran into a ditch and threw them both out. Mrs. Farran had a wrist broken and received other injuries, and Mr. Farran was slightly injured.

A GO-D THUMB - De Vere's Celebrated Chemical Diarrhea or cholera medicine will be exhibited at the Methodist Church, Saturday evening, March 24, 1872. Here is what the N. Y. Herald says: "A visit that can be paid within the space of ninety minutes to Great Britain, Spain, France, Germany, and the Orient; a glance at the works of art that adorn the walls of the Louvre; a view of old Churches of Rome; a glimpse of a storm at sea, among the perils and shipwreck; are had in greater favor by the general public than the 'top of mounds' or the 'top of mounds'."

Republican Town Caucus.

The Republican Electors of the town of Andover, are requested to meet in caucus at the store of Joseph Krusen, on Monday evening, March 4th, 1872, at seven o'clock, P. M. For the purpose of nominating town officers.

By order of town Com. Spiritus bills of the two-dollar denomination, having a large '2' engraved horizontally upon them, are again in circulation, and are not easily detected except by experts.

A WORK OF MERCK - \$150,000 in 3,000 cash prizes to be distributed legally, March 25th, 1872, at Omaha, in aid of the Sick and Destitute, at Mercy Hospital. This enterprise is endorsed by the Governor and best business men of Nebraska. The tickets are \$3 each, or two for \$5. For full particulars address Pattee & Gardner, Business Managers, Omaha, Neb.

SPEND IN RETURNS - We should be thankful to our friends through the county if they will send us, immediately after town meeting, the result in the various towns, so that we can give a complete return the same week. Any one not now taking the paper, who shall furnish correct returns by Thursday night, from his town, we will furnish the Andover Advertiser six months free.

CARELESS SHOOTING - Last Thursday evening, just as our hands were about quitting work for the day, they were startled by the report of a pistol. In the street and the simultaneous entrance of a bullet through a light of glass in the high room. The pistol was fired by Charles Madison - who was engaged in a big drink - and it was through no fault of his that some one was not killed by his criminal carelessness. - Free Press.

ARRESTED - Henry Bullock, Postmaster at Belvidere, was arrested a day or two since and taken to Elmira, by a U. S. Officer, for robbing the mail. The mail has been robbed several times at Belvidere, within a year, and a special mail detective has been working up the matter. We understand, as we go to press, that Mr. Bullock at the close of the first day's examination, waived further examination and gave bail for appearance at the next Session of U. S. Court, at Utica.

Prepare to March, for the man born in this month, according to Joshua, will be inclined to blow a little. He will be a domestic man, and will know how to rack the cradle and pure potatoes. He will carry the only dagger of a widow and will be a good judge of motives-in-law. He will be about the usual time of life, and leave a house and wife with a small mortgage on it. He will never run for office but once and then will get beat. - Weekly Advertiser.

Every body seems to think that Hall is the best actor in the State. His work is so much better since he has got into his new gallery, that everybody is getting a new supply. His prices are down. He is selling Photographs at \$1.75 per doz. 1-2 doz. at \$14. Large photo. cards only \$1. - Grand and see his work before you go elsewhere. As far as frames and albums, he is the world on prices. When in Wellsville call at Hall and see his specimens of pictures. It will pay you well.

We notice that several of our exchanges copied a local item in regard to a young man from Independence being bitten by a dog in this village, and credited it to the Green Times. The signifying editor of the Green Times (who is the Reporter), stole articles out of our correspondence and gave no credit for them. This is the first time that we ever made mention of anything of this kind, for we are not willing to give our paper without credit, if they are true, or even half a one; but a nigger, in the full term of which you can use it, we forbid.

CHICKEN THIEVES - On Friday night last E. C. Gates, George Milburn and Joseph Rinaldi - three estimable and accomplished worthies of this town - lived a horse and buggy and made a raid upon the town of Adams for the purpose of securing provisions. They succeeded in stealing nine chickens from the coop of Messrs. Cline and Hotchkiss, and then hastily retreated with their plunder. A warrant was issued for their arrest by L. Burton, Esq. of Belmont, and a search warrant was also issued for the recovery of the property. Deputy Sheriff Young, of Soia, arrested the accused, and found two of the chickens in possession of Rinaldi. Rinaldi and Milburn paid \$37 for their share of the loot, Graves craved his proportion out, had, having no money, he was let off. Moral - It is cheaper to buy your chickens than to steal them! - Free Press.

ABOUT THE TREMAINE BROS.

The Concerts given by the Tremaine Brothers and John G. Pierson, on Tuesday and Wednesday evenings of this week, in point of merit, have never been surpassed, in our judgment, by any troupe of vocalists who have ever visited our village. Mr. Pierson, who fairly "slopped over" with side-splitting witticisms, kept the audience in an almost incessant roar of laughter. His inimitable drollery is not coarse, cheap wit - medical anecdote and bar-room buffoonery, it is genuine wit. "D'ye see?"

The wonderful soprano voice of Willie Kellogg was a subject of much discussion, and every one who listened to his incomparable singing is loud in his praise. As an actor - we beg his pardon - across we mean, Willie's power to please is not less than as a vocalist.

The wonderful performance of Mr. W. B. Tremaine on the Bardett Combination Organ was something never equaled in its way, in this place, we are quite sure. He imitated everything from a brass band to a tin whistle - or - as "Happy Jack" Pierson would say, in everything, a splendid success and all who attended the entertainments pronounce them superior to anything of the kind ever produced in Andover. - We guarantee everybody who attends these entertainments perfect satisfaction if they can appreciate the highest order of musical talent.

Speaking of the Bath merchant, Perine, who pays from one to two thousand dollars per year for advertising in the Western New Yorker very pertinently remarks, "yet there are some people trying to do a business by advertising a little; just to 'patronize the printer,' and who seem to doubt whether it pays. Such a man might as well wonder whether one steak a week, bought to 'patronize the butcher,' would keep him strong and fat."

SEVERE ACCIDENT - Mr. Robert Corbin, of this town, met with an accident on Monday last that came very near causing his death. He was coming down a steep hill with a load of logs drawn by oxen, and had a chain fastened under one of the sled runners to prevent the load from crowding his team. The chain struck a stone and was broken, and he stepped in ahead of the oxen to keep them back, fell down, and the castle sled and logs were precipitated onto and over him in an instant. He was badly cut around the head, and his body bruised in a fearful manner, but fortunately escaped any fatal injuries. - Belmont Reporter.

PRESS DEAD HEADS - Railroads occasionally complain of dead heading, but no insurance offers so much from it as the press. A sensible writer says: "The press endures the infliction of dead heading from the pulpit, the bar and the stage; from corporations, societies and individuals. It is expected to give strength to the weak, eyes to the blind, clothes to the naked and bread to the hungry; it is asked to cover infirmities, life weakens, and walk at quacks; bolster up dull authors and flatter the vain; it is in short, to be all things to men, and if it looks for pay or reward, is denounced as mean and sordid. There is no interest in her because that is expected to give so much to society without pay or thanks, as the press - Laverneville Enterprise.
