The next session of the County Court will be held at Belmont, Monday, May 6th, 1872. The next Supreme Court at the same place, commencing on Monday, June 17th, 1872.

Dr. Pratt, of the Corning *Journal*, has wound up C. M. Beecher, of the *Free Press*, and he let go one of Horace Greeley's famous quotations that he uses when he wants to tell a man he is a liar.

Since Grant's inauguration the public debt has been reduced about $312,000,000 The debt now stands $2,175,000,000. The annual interest charge has been reduced about $20 000,000 and is now less than $100,000,000

Chicago's Fire Marshall has just published his annual report, in which he says the great fire lasted twenty-eight hours and destroyed 25 000 buildings, covering 2,000 acres, and inflicting a loss of $190,526,500, the insurance on which was $90,000,000.

Mr. Greeley is so much in sympathy with the Cincinnati movement that he will not eat bread made from flour that is not bolted.—*Ex.*

We have one or two in this county in a little village about nine miles west of this place, that are in the same fix.

The following we take from the Alfred correspondent to the Hornellsville *Times.*

The New Departure movement of Greeley & Co. is not very taking here. People regard it as they do his ideas and opinions regarding farming, experimental and unsafe.

Accident. On Friday last, Mr. Samuel Kemp, of this place, had his hand caught in the cog-wheels of his shingle machine and badly mangled.—Dr. Lewis amputated the second and little fingers at the second joint, and the third finger near the lower joint.—Mr. Kemp's hand is now doing well.

We propose a Reform Convention of the citizens of Andover, of the business place of A. D. It may be interesting to those who float food in vinegar to know that a competent anylist has declared that one-half the vinegar in use is made of chemicals so poisonous as to gradually undermine the health of the consumer. Sulphuric and sugar of lead makes a nice sour, and they are largely used in vinegar making.

Milk for babes—also for strong men and miscellaneous humanity, can be had of J. A. Robinson, now-a-days.—It is a real pleasure to have milk of the first water—no, we don't mean that, we mean pure milk served every morning at the door. That milk "waggin," resplendent with new paint, is one of institutions of this "city that hath foundation." Please pass the milk.

The New York Weekly *Times* can be had by single subscribers at One Dollar per annum. Semi-Weekly at Two Dollars and Fifty Cents per annum. Subscriptions taken at any time during the year 1872. The *Times* is now the leading Republican paper and shoul l have a hearty and cordial support during the Presidential campaign. It is gotten up with care and its weekly is not surpassed as a family paper.

Those of our exchanges that are particularly hard pressed for something to fill up with are advertising for the Elmira land sale and taking their pay in tickets.—*Belmont Reporter.*

Oh!—Strictly moral newspapers with pious local editors, don't insert advertisements of the Elmira Premium Land Sale. "Blessed are the pure in heart."

The Missouri Democrat raises a new constitutional question and calls on Senators Schurz and Tipton, the New York World and St. Louis Republican, to expound it, viz: "Whether a President's daughter may go abroad, and if so, how much?" The Democrat suggests that these vigilant expounders may be able to demonstrate the danger which besets civil liberty under such a state of affairs.

The third session of the Allegany county Sunday School Teachers' Institute, will be held in the M. E. Church, at Rushford April 30th, and May 1st, commencing at 7 o'clock, p. m.

Pastors, Superintendents, Teachers, and all others interested in Bible teaching and Sunday Schools are cordially invited to be present.

For conveyance from Cuba and Belvidere to Rushford and back, address A. M. Taylor, Rushford.

Wellsville, April 15, 1872.

Baptist S. S. Entertainment.—Owing to the lateness of the season and to sickness, the contemplated concert will be dispensed with, and most of the pieces will be intrspersed in the Sunday School exercises, commencing next Sunday with the "Floral Tribute to Jesus," a concert exercise by nine young ladies. The money for S. S. Library will be raised by subscription. The Rev F. F. Sherer will preach a sermon on "the Reading of the Period," and start a subscription for a Library. "Eat thou not the bread of him that hath an evil eye, neither desire thou his dainty meats.

A very valuable number of *Hearth and Home* for April 20 is before us.—Besides several fine engravings, and the usual assortment of excellent reading for all departments of the household, a Supplement in this number gives an account of a four years Libel Suit brought against the Publishers for exposing Humbugs, in which the important rulings of Judge Brady of the N. Y. Supreme Court, and the testimony of leading physicians, take advanced ground in regard to the responsibility of manufacturers and dealers in patent medicines. This will be specially interesting, not only to Lawyers, Physicians, and Druggists, but to all who buy and use medicines, and to all who have been swindled by humbugs. A prominent feature, however, of this number of Hearth and Home is the New Story, by Dr. Eggleston, author of the "Hoosier Schoolmaster." The new story is entitled "The End of the World," illustrating life and scenes in the West, thirty years ago. It is confidently believed that this will be one of the most attractive and useful American Stories yet brought out. Get this number especially, either of your news man, or send a dime and get a post paid copy from the Publishers, Orange Judd & Co., 245 Broadway, N. Y.

To Teachers.—I will meet teachers wishing to apply for Certificates, at the following times and places:

Short Tract, April 8th.
Canaseraga, April 9th.
Almond, April 10th.
Angelica, April 11th.
Hume, April 15th
Caneadea, April 16th.
Belfast, April 17th.
Black Creek, April 18th
Rushford, April 19th.

The examinations will commence at 10 o'clock, a. m. Teachers will please provide themselves with foolscap paper and pencil, and be prompt at the time.

L. B Tremain.
School Commissioner.

A Fine Job.—Mr. F. M. Bronson has done a fine job of painting on the front windows of the Elkhorn Store, and we should like to see other merchants follow the example of Hunt & Burrows and have Mr. Bronson furnish several more good signs on our streets. Mr. Bronson can be found at the Wagon Shop of J. W. Fuller, on Greenwood St., where he will attend to all kinds of carriage painting, &c.—Give him a call.

Sudden Death.—Timothy Cockly died in the town of Addison, Sunday, April 14th. A week before he had been on a spree and was forcibly ejected from Jones' barber shop in the village of Addison. He was the same day arrested, put in the lock-up, and fined for drunkenness.

Jones, the barber, was arrested, charged with causing the death of Cockly. He gave bail. Coroner Dolson was notified to come to Addison, and hold an inquest. He went to Addison, obtained his jury and proceeded to the house, six miles from Addison, where the dead body was.—He was met by a mob, who resisted him in the discharge of his duties, and by threats and violence drove the Coroner and his jury from the premises. No inquest has yet been held.

Of course this is not the end of the affair. Such a lawless outrage and defiance of law will not go unchallenged. These Addison rioters have enlisted in a very dangerous job, if we have a correct version of affairs. They want a lesson, and should have one they will never forget.—*Hornellsville Times.*
