

FOR THE CAMPAIGN.

The advertiser will be furnished with a copy of the paper for the entire campaign, for 75 cents.

The Workingmen Endorse Grant.

The Workingmen's National Convention to nominate candidates for President and Vice President of the United States met on Friday of last week in accordance with the call of the Workingmen's Central Union, of the State of New York.

After which Mr. McGee of New York recommended Gen. Grant for re-nomination and the Missouri Delegate recommended Horace Greeley.

Connecticut.

The re-election of Senator Ferry, of Connecticut, was claimed by the Liberal Republicans as a victory for Greeley; but what are the facts? There was, according to the votes in joint-ballot, one hundred and forty-two Republicans in the Legislature and one hundred and sixteen Democrats.

The Tribune speaks of the New York News as the most widely circulated Democratic paper in the country.

It is an argument which has been advanced during the campaign in New York by the Tribune's millinery store.

Free Traders.

The Free Traders have become disunited with the nomination of Greeley & Brown and have issued a call for a meeting of Free Traders in New York City to-day.

Greeley on Democrats.

Mr. Greeley, through the columns of the N. Y. Tribune, once described his new Democratic admirers, as follows: "Point wherever you please to an election district which you will pronounce morally rotten—given up in great part to debauchery and vice—

The Erie Road and its Management.

Since our English friends have become the owners of almost the entire capital stock of the Erie Railway, much interest is felt in railroad circles as to the organization of the new Board of directors to be elected in July.

An Unmistakable Portrait.

A correspondent of the Williamsport Bulletin, who attended the Wellesboro Railroad Celebration, draws a portrait which will be readily recognized by hundreds of people hereabouts, but especially in Allegany County.

The pestilence of our country has made a tremendous advance in the last century.

In 1771 Benjamin Franklin kept the Post-office accounts in a book which contained but three quires of foolscap paper. This ancient document may now be seen at the Post-office in Washington, where it is carefully preserved in a glass case.

C. B. Raine, leader of the Greeley movement in Virginia, and delegate to Cincinnati, was on Thursday defeated for Mayor of Petersburg, Va.

By the Republican candidate by double the usual majority—one thousand—on the direct issue. The colored men voted solid against Greeley.

Hon. Charles St. John vs. Greeley.

Hon. Charles St. John, Member of Congress from the XI District of this State, has been claimed as an adherent to the Cincinnati Convention. In a letter which he has caused to be printed we make the following extracts: "I think our old friend Greeley has made the same mistake that Tyler, Fillmore, Johnson and Chase made, and that he will come out in the end as each of these named did.

Horatio Seymour, the Champ on Dairyman of Onondaga Co., has announced his acceptance of the Clumpion Waaddelepper of Chappaqua as Presidential candidate, and urges his adoption by the Baltimore Convention.

Possibly Horatio, who has more things than a few in his philosophy, fears he might be again set up to be voted down in case his ancient friend should fail to secure the Democratic endorsement.

Evergreens have suffered severely from the severity of the past winter.

A grate mortality among them has extended from Virginia to Canada, and from the Atlantic to the eastern base of the Rocky Mountains.

A correspondent writing from Tennessee says: "It is charged by our enemies that all delegates to Philadelphia are office holders.

Our State Convention has not sent one single Federal office holder to the National Convention. All Republicans in Tennessee are for Grant, and the liberal movement is managed by those who, during the war were open, and since then passive enemies of the Union."

The British government has determined to pardon the Fenians now remaining in prison, and they will shortly be released from custody.

The German brewers of the United States hold their twelfth annual Congress in New York, commencing on the fourth of June and extending four days.

Congress will adjourn sine die on Monday the 3d of June.

The General Conference of the Methodist Episcopal Church, now in session in Brooklyn, represents a body of no less than a million and a half of communicants.

One hundred and fifty years ago Methodism had neither name nor place among the institutions of the earth; now it has the largest membership of any Christian Church in Christendom not aided by the State.

So far as we can judge, the Republicans are generally satisfied with General Grant's administration, and inclined to renew his lease of power.

If there is not much enthusiasm in his behalf, there is a very general conviction that he is a safe and prudent conservative.—N. Y. Tribune.
