New goods, new goods, at the Elkhorn Store.

Two weeks from next Thursday is the Fourth of July.

Come early Friday morning and see the great procession.

If you want a good glass of soda-water call at the Drug Store.

Read the new advertisement of Hunt & Burrows in another column.

Six houses were entered by burglars in Fredonia one night last week.

John Martindale has the foundation for his new brick building on Main St, nearly completed.

A coat of paint on the front of Benton & Crandall's Store greatly improves the looks thereof

The Erie Railway Company has prohibited the sale of liquors of any kind on their property and at any of the depots.

If you have got capital that you want to invest in some good business and in a live, growing town, come to Andover.

Benton & Crandall have a full assortment of confectionery and everything to make the little ones happy on show day.

For a smooth, clean shave and nobby hair cut, call at the shop of E. Newsom, at the American Hotel. Extra help for Friday.

"C."—We will publish to our readers next week the review, of an old friend of Horace Greeley, upon his associates.

Remember, that one of the best stocks of hardware in the county is at Porter & Barney's. Call and examine when you are in town.

We invite everybody from far and near to visit our village to-morrow and see a thriving place, one that for business has no equal in this county.

Romeo was a self-made elephant.—He came to this country without a dollar in his trunk, took Greeley's advice, went west, and died last Friday worth $40,000.

Our city 'dad' is doing a good work on our streets in the way of cross-walks and filling up the bad places in the road, and yet there is room for more improvement.

Hunt & Burrows, at the Elkhorn Store have just opened another large stock of Dress Goods of the very latest patterns. Their stock cannot be beat anywhere in the county.

A report is going the rounds that Hon. Boardman Smith has removed Dr. C. P. Carver, Postmaster at Angelica, and appointed in his stead John Gillies, son of Joseph Gillies.

New Sidewalks.—Our enterprising citizen, M. J. Ellis, has built a new sidewalk around his block.

B. C. Brundage has built a new side walk in front of his residence.

Friday will be a good day to pay up your subscription. Our canvassing agent will be on hand that day for the purpose of collecting arrearages, and taking new subscriptions. Don't fail to see him.

In the Green Bay, (Wis.) post-office a notice is pasted up which reads as follows: "Price of 3-cent stamps, 3 cents each; licked and stuck, 5 cents each. The clerk will answer the question, 'Has the mail closed?'"

The Pennsylvania Legislature [illegible]

The Good Templars have changed the hour of meeting from 7 *to* 8 o'clock P. M. Please be "on time."

J. J. Harmon & Son have recieved from the city one of the largest and finest stocks of Dress Goods and Gent's Furnishing Goods ever brought into the market. If you doubt it call and examine for yourselves.

Ching Hunt will call with a good rig at any house within the village limits on show day, and convey persons to and from the ground for 10 cents per head each way. Orders left at the barn or with the driver will recieve prompt attention.

We would call the attention of the public to the simple fact that the place to get your horse-shoeing done is at M. L. Comstock & Son's, Main street, near the railroad. Any kind of repairing you can get done there, and at reasonable prices. Don't forget this.

Only one man in Andover has got grit enough to put on what they call a Greeley hat. We are unable to see any difference in that one worn and what any number of good Republicans are wearing. So the white hat breeze has blown over. What next, Beecher?

The Commencement Exercises of Almond Academy will be held in Academy Hall, Thursday and Friday, June 27th and 28th. The Anniversary Exercises of Irving Society occur Thursday evening at 7 1 2 belock, and the school exercises Friday afternoon at two o'clock.

The following pathetic note was picked up in the streets of Andover:

Dear M—a:—I hope you ain't mad because I didn't laff at you when you taff at me last evening at the post office. I ain't provd, dear M—a, but I have got a bile under my arm, and I can't laff as I used to as heaven is my judge. Yours truly. A—.

The Batavia *Times* says an out-of-town couple applied to one of the drug stores for soda water. "What Syrup?" propounded the clerk. "Syrup—syrup," repeated the bucolic fop, with an incredulous stare, and then leaning forward he impulsively added: "Stranger, money is no object to me to day—you may put sugar in them.

About Game.—You cannot kill wild duck, goose or trout, from May 1st to September 1st; woodcock from February 1st to July 15th; quail from January 1st to October 20th; partridge from January 1st to September 1st; robin, brown thrasher, meadow lark or startling, from January 1st to August 1st, nor catch speckled trout from September 15th to March 12th.

Serious Accident.—A son of Mr. W. D Sausman, of West Almond, while driving to the cheese factory with milk, on Tuesday last, accidentally dropped one of the lines, and as he reached down near the horses' heels to pick it up, one of the horses kicked him on the head, fracturing the skull, and causing concussion of the brain.—It was feared that his injuries would prove fatal.—*Angelica Rep.*

Read It.—We publish this week on the first page, Senator Wilson's letter of acceptance of the nomination of the Philadelphia Convention for Vice President. It is an eloquent and earnest recital of the principles of the Republican party, and the pledge of the writer to them. He also declares his position on all the new issues of the day. We ask all men to read it carefully.

A terrible affair occurred at Bevier's brewery, Rochester, on Tuesday. The "mash tub," a concern some twenty feet in diameter, filled with boiling liquid, broke through the floors beneath into the cellar, burying five men in the ruins; two of whom have since died. They were injured severely besides being scalded by the boiling mass, of which the tub contained one hundred barrels.

The fruit prospects are uniformly good. Cherries, plums, peaches are looking finely, the trees being full of the young fruit. What is remarkable this year is that the peach has thus far escaped the curl of the leaf, which for many years has been so disastrous to both trees and fruit. Since the rains began the strawberry crop comes forward finely and promises to be abundant.—*Elmira Advertiser.*

Death of Major S. M. Mills.

Major Samuel M. Mills died at the Fassett House yesterday (Tuesday) morning at a quarter to seven o'clock. He was well and favorably known throughout all this section of country as a successful and popular hotel keeper, and as an estimable gentleman and most excellent citizen. He will be buried at Coudersport, Pa., on Thursday next. Brief funeral services will be held at the Fassett House this (Wednesday) morning, at 9 o'clock. Major Mills was 53 years of age, and died, we believe, on his birthday. He leaves a large family and many friends to mourn his loss.—*Post Express.*

We would advise the thousand and one that will come to our beautiful village to morrow to attend one of the greatest combined shows now traveling, to come prepared to do trading also, for we guarantee you that more and better goods can be got here for the money than at any other village in Western N. Y., and that you may know where the bargains are to be had, consult the columns of the Andover Advertiser, where all live business men tell you what they have got.

State S. S. Convention.—The Seventeenth Annual Convention of the New York State Sunday School Convention will be held at Norwith, Chenango county, the 19th, 20th and 21st of June. The people of Norwich extend hospitalities to all Sunday School workers who may be present. The executive committee are effecting arrangements which will make the meeting unsurpassed in value and interest. Many of the best Sunday School men of this and other States have signified their intentions to be present.

The Anniversary exercises of Alfred University and her Literary Societies will occur in the following order:

Monday afternoon, July 1st, Allegonian Lyceum. Evening, Athenean Lyceum.

Tuesday morning, July 2d, Orophilian Lyceum. Afternoon, Alfriedian Lyceum. Evening, Lecture by Elihu Burritt, the "Learned Blacksmith."

On Wednesday, the Alumni of the College will celebrate their Anniversary Season with speeches etc., at the Alumni dinner.

On the 4th the regular Commencement exercises will be held.

Boys and others who take pleasure in robbing birds' nests and killing the old birds, should remember that there is a law punishing such work with a heavy penalty. The law reads as follows; "No person shall at any time kill trap or expose for sale, or have in his possession after the same is killed, any nighthawk, whippoorwill, finch, thrush, lark, sparrow, martin, wren, swallow, woodpecker, dove, bobolink, robin or startling, or any other insectiverous bird, or rob the nests of any wild birds whatever, under a penalty of five dollars for each bird so killed, trapped, or exposed for sale, and for each nest robbed or destroyed."

Country Newspapers.—Few people appreciate the value of the village papers which gather up the news of a county and advocate the interests of a locality. And few understand the amount of ability required to edit such a paper, where one man must be editor, publisher, printer, book-keeper and all. Imagine how much the intelligence of the country would suffer by the blotting out of the country papers, which treat the immediate interests of the people and thus come into immediate contact with their minds.

The true country editor understands that his paper thrives by being intensely local; that it is not by learned editorials on tariff and income tax, but by articles in favor of the new railroad, by descriptions of the new factory, by advocacy of the new bridge, that he must succeed. People look in his columns not only for the latest general news, but for a mention of every interesting fact, of every curious matter of gossip in his own county. And thus the paper becomes the reflector of the current events and the public sentiment of his section. Nothing is too small to be itemized if only it is of interest. A country editor advertised the other day that he would insert a list of the names of all the people who had joined the churches in the county in a recent revival. Which showed that he understood his business. He proposed to chronicle every event of interest occurring in his jurisdiction.

Every intelligent family should give a cordial support to the local newspaper. It is one of the great educational influences.—*Newspaper Reporter.*

The Central Park Managerie and Circus.—The admirable show bearing this name arrived in our city yesterday morning, and after parading some of the principal streets. The drizzling rain which fell during the first part of the day did not seem to have the effect of diminishing the attendance at the afternoon performance in any degree. Long before the time appointed for the entertainment to commence the tent was well filled by ladies, gentlemen and children. Before we speak of the circus we desire to give our readers some idea of the managerie attached to the organization. It comprises a very large and select variety of animals, and forms an exellent and instructive exhibition. Upon entering the tents the visitor's eye is arrested by the handsome circle of wagons containing the animals of of all nations. Principal among them is the African Eland, which is the only one on exhibition in America, standing five feet in height, and weighing two thousand pounds. There is a cage containing two little lions, about the size of kitters, and only two months old. These are fed from a bottle every two hours, and attract a great deal of attention, especially from the ladies. The chief feature of the managerie and the one which seems to engage the most attention was a black tiger, the only one in America, which was brought to this country at the cost of two thousand dollars. The cage of monkeys afford a great deal of amusement for the children. The magnificent lion, George Washington, which has graced various exhibitions of this character for the past twelve years, sits in all his glory in one of the cages connected with this show. To inform our readers of the number of animals comprised in this collection would require columns of our paper, therefore we will simply state that the whole affair is both complete and attractive, and will well repay a visit of inspection. Of the circus performance we are prepared to speak only in terms of praise.

The arenic exhibition of the fine troupe is really of great merit and deserves a high meed of praise. The splendid bareback vaulting and riding of M'lle Cordelia, the dashing and daring equestrienne, is by far the best we have seen in this city. Miss Minnie Perry in graceful equestrianism also won great applause. The finished riding of Willie O'Dale received enthusiastic encomiums. The graceful Snow Brothers in their remarkable hat spinning, and the performance of the highly trained ponines elicited great applause. Mr. Perry in his magnificent horseman ship, either on the backs of two or four thoroughbreds, was *par excellent.*

The many other features of the programme numbering some eighteen acts, all served to render the entertainment of the Central Park Circus one of the best ever offered to the patronage of our citizens. Every portion of the exhibition is neatly and promptly done, and no word or action would offend the taste of the most refined or fastidious.—*Buffalo Express.*

Remember that the above show will be here on Friday next, June 21st.

For the Andover Advertiser.

Close of School, &c.

The current term of the Andover Union Graded School will close on Friday the 28th inst. The last week will be devoted entirely to examinations and the closing exercises. We once more appeal to the friends of the school to come and *look at us*, at least. We cannot promise to entertain you very much, for examination means business; however, those who are interested in the success of the school and the progress of the children, can hardly fail to be interested in the examinations. Don't excuse yourselves because you are not in the habit of visiting the school. Now is a good time to commence to cultivate the habit. We would rather have the presence of half a dozen of the patrons of the school than the apologies of the whole district. The Visiting Committee and other members of the Board of Education are expected to be present, and they would be glad to meet as many of the friends of the school there as can make it convenient to be present.

The order of exercises will be about as follows, and is given for the information of those who wish to witness some of the exercises, but cannot be present at them all:

Examination of
1st & 2d Grades, Primary, on Monday.
3rd & 4th " Junior, on Tuesday.
5th, 6th & 7th, sub-Senior, Wed. & Thurs.

Distribution of Grade Certificates, preceded by a Historical discussion and other appropriate exercises, on Friday, P. M. The Historical discussion will consis' of seven short essays by members of the 8th & 9th Grades. Subject—"The Most Important Event Connected with American History," the comparative merits of the essays to be decided by a committee of spectators. The examinations will be partly oral and partly written or printed. Those of Thursday P. M., and Friday will be entirely oral.
