Republican National Nominations.

FOR PRESIDENT.

ULYSSES S. GRANT,

of Illinois.

FOR VICE PRESIDENT,

HENRY WILSON,

of Massachusetts.

Comparing Notes.

The enemies of the present Administration are scattering broadcast over the land wholesale charges of corruption against President Grant and his subordinates in office. The Democratic press teems with slander, Democratic speakers reiterate the falsehoods, and every effort is made that partisan ingenuity can devise to poison the public mind against the Administration of President Grant. Fortunately for the Republican party, the character of the opposition is too well known by the people to make its charges effective. Every school-boy knows the record of the Democratic party. The recent developments made in New York, where over $40,000,000 were plundered from the city treasury by Democratic leaders, show the honest tendencies of the party that is now trying to cover its own rascalities by charging corruption on the party that was instrumental in cutting short its career of wholesale robbery.

Will our *"liberal"* friends and *"illiberal"* enemies make a note of the following statements?

The present Administration has lost a smaller per cent. of its public funds through the dishonesty of officials appointed since March 4, 1869, than any previous Administration.

It has collected a larger per cent. of the public revenue at a smaller per cent. of cost than any Administration since the days of Jackson.

It has brought to punishment a larger per cent. of dishonest officials than any previous Administration.

It is the first Administration that has shown a desire to still further improve the civil service, and has given practical proof of its intention to introduce reform wherever needed by adopting a system which, in time, will bring into the service the very best men of the nation.

What more is needed? The Administration is honest, capable, economical. The most searching investigations have failed to fix a single act of corruption on the President or his chief officials. From the heads of departments to the humblest clerk the rule is official integrity, while dishonesty is the rare exception. If any one is simple-minded enough to believe that the Democratic party can make the Government purer than the most ignorant of the past record of that organization. If reforms are needed some purer party than the one that now sits in judgment on our shortcomings must bring them about. As well might we try to gather figs from the poisonous upas tree as to try to obtain an honest administration of affairs from the Democratic party. The people know this as well a they knew it in 1860, 1864, 1868. They heard the same old charges of corruption raised then as they hear now. They returned their answer in overwhelming majorities in the past, as they will do in the future.

What is Sure to Follow.

Democratic Liberalites grow eloquent over the results which will follow the defeat of President Grant.—"The South will embrace the North, and peace and good will reign everywhere." By what means this "peace and good will" are to be brought about in the South may be judged by the means employed in the past. The Presidential election of 1868 in the State of Louisiana affords a gleam of light on this subject. The Democrats wanted to carry the election. As they could not outvote the Republicans they determined to kill them off. How well they succeeded may be learned from the report of the committee appointed to investigate the affair. We quote:

"The testimony shows that over two thousand persons were killed, wounded and otherwise injured in that state, within a few weeks prior to the Presidential election; that half of the State was overrun by bands; that midnight raids, secret murders and open riots kept the people in almost terror until the Republicans surrendered all claims, and then the election was ratified by the Democracy."

It is strange that men who then stood fast for a stringent Ku-Klux law should now call it unconstitutional. The report is speaking of the riot at the parish of St. Landry says:

"It occurred one of the bloodiest affairs, in which the Ku-Klux succeeded over two hundred Republicans that day. A pile of twenty-three dead bodies was found half burned. The Ku-Klux captured the market them with sledges and clubs, threw them in ditches, and made them, as they called it, 'walk the plank.'"

...from an impartial report. This is "the peace and good will" which would follow the defeat of President Grant, these are the "Liberal" rights which would be allowed the loyal citizen.—The instigators and the actors of these terrible crimes are in favor of Horace Greeley. Why, because Mr. Greeley says we have had enough of the Ku Klux law. This one fact should open the eyes of the people to the full meaning of this desperate combination of "anything to beat Grant." Defeat Grant, and the loyal people of the South are once more at the mercy of the bloodhounds, who only need his defeat to finish their work of blood.—Defeat Grant, and universal gloom will settle over the South, and obscure forever the sunshine of liberty which is just beginning to light up its once desolate fields. Defeat Grant, and civilization is retarded at least a century.

Out For Greeley.

Mr. James C. Sylvis, President of the Labor Union of Pennsylvania, in a letter published in the *Anthracite Monitor*, takes exception to the advice of the Labor *Tribune*, and, in the event of there being no labor Reform candidates to be voted for, the contest being between Grant and Greeley, declares emphatically that he is for Grant." He says:

"What has Greeley ever done for us? Take his financial views, can we endorse them? And yet this is the vital question of our difference from all parties. Vote for Greeley! *never, under any circumstances.* Let him be endorsed at Baltimore. What of that? The Democracy have been the pretended friends of the Labor Reformers, especially for the last five years, and yet, whenever they could do so, they have ignored us with supreme contempt. Now they have a rare chance to show their friendship, and secure a glorious victory by it. Let them come foward and endorse Davis and Parker at Baltimore. We may then pardon their shameful treatment of us in this State, and help them to elect their State ticket. But on no other condition will I vote with them or for them; and more, I hold it to be the duty, in the event of the endorsement at Baltimore of Greeley, and the declination of Davis and Parker and the failure of our party to make other nomications *to vote solidly for GRANT.*"

Stokes.

The Stokes trial has ended, and the jury failed to agree and was discharged. It is reported that they stood seven for murder in the first degree, and the other five for manslaughter in the third degree. What a farce! It is next to impossible in this country now to convict a man of murder.

Stokes was refused bail, and sent back to jail to await a new trial.

Hon. B. H. Hill, of Georgia, recently gave the following among other reasons for supporting Greeley:—There is another reason why I am willing to support the Cincinnati movement if the Baltimore Convention shall order it, and that is this: that Mr Greeley had no expectation of being elected without the Democratic voters, and if Greeley should be elected, that same election will carry into the House of Representatives a majority of Democrats, and when you have got in that body a majority of Democrats, the President is powerless to do harm.

There was no celebration of the Fourth of July in Salt Lake City.—Both Gentiles and Saints felt badly about their late conflicts, and agreed to let Independence Day pass without notice.

Thirty-nine barefoot friars and seven Dominican monks, banished from Guatemala for conspiracy, arrived in San Francisco July 2d.

A body of Cuban revolutionists numbering 1,000, recently attacked a Spanish convoy of 200 men, and defeated it, killing or wounding nearly every man. The convoy had charge of a party of sick soldiers.

The body servants of General Washington having at last all died off, the servants of some of the other early Presidents are beginning to attract attention by departing this life. The latest instance of the kind is that of the death of Sallie Roberts, aged 107, late a servant of James Madison.

Greeley Democrat to an undecided Democrat—As you say, Horace was a Republican, an abolitionist, but he has changed. He's as good a Democrat to-day as I am. *(impressively)* Look at his letter and the platform.

Greeley Republican to wavering Republican—Horace Greeley a Democrat! Bosh! He has never changed a particle, and never will change.—*(with great earnestness)* Look at his letter and the platform.

The Fourth of July was observed by American citizens and others in London, Paris, Stuttgart, Edinburgh, Geneva, and other European cities.

Three persons were killed by lightning in Boston harbor, two in Northampton, Mass., a little girl in York, Me., and a woman was frightened to death by the storm in Philadelphia, all on July 5th.

The master of the schooner James Bliss, which was captured by the Canadian authorities for illegal fishing, and carried off with the American flag, Union down, flying beneath the flag of the Dominion, has written a letter in which he states that he believes this insult was unintentional.

Three United State officers, July 31, kidnapped a young man named Wm. White, a native of Chicago, Ill., in Thorold, Canada. The charge they had against him was Ku-Kluxism, and he was captured by stratagem and blindfolded, and carried off in a covered carriage. When his captors had taken him about four miles they uncovered his face and discovered he was the wrong man. So they set him free.

We hear of an extraordinary performance by a Buddhist priest in China. His ordinary efforts to raise money for the building of a temple having failed, he resorted to a peculiar plan. He shut himself in a box, where he stood up for seven days, without food or drink. At the end of the time he emerged, not much the worse for his privations, and the box was broken up and sold piecemeal to the Chinese, each bit bringing a large price. Subscriptions also poured in upon him. Here is a hint for ladies and others engaged in raising money for churches and societies.

Correspondence.

Hornellsville, July 15th, 1872.

DEAR ADVERTISER:—

I am still noting events as they pass. Still there is here, hard by the Greeleyites, "a chil' among them takin' notes, an' faith, he'll print 'em."

Last Wednesday evening was a great time among the unterrified and a few sore-heads in this place. They hoisted a flag inscribed, "Greeley & Brown" (By the by, they, true to their old instincts, stole the Republican flag.) It was left in the care of a man who turned sore-head, and he, like his rebel comrads of New Orleans, appropriated the flag, as they did the mint and contents in 1861; but it is old and delapidated, and as they are not able, or willing, to buy a new one, the Republicans let them take it in peace, and ordered a splendid new one—a flag that is a flag, worthy the noble cause in which we will float it to the breeze.

The Greeleyites burnt a little powder in an old anvil, and the boys fired a few "pop-guns," (Roman candles); and a sore-head great harangued them a while on the eternal Nigger, and "A White Man's Government." "We have been long enough elevating the Nigger; now let us elevate the White man until he is at least the equal of the Nigger." This was the burden of his "piece." I rather guess it would take them a long time to elevate some of them to the equality of a decent Nig!

There is, to my certain knowledge, in the South, a great many white republicans who do need elevating to a cross-beam at the end of a rope, and they will never receive justice until they are elevated. They are now Greeley shriekers, although seven-eighths of all the Greeley Democrats swear the most horrid oaths that they hate Greeley worse than they do the d—l, (their father,) and that it is a bitter pill to swallow. They say the wool sticks in their teeth. You can see that, although they are and always have been noted for hypocracy; yet this last is rather the hardest to manage that they have ever encountered. It is really amusing to hear a bevy of them, when they imbibe the real spirit of Democracy, and get to blowing among themselves. The poor old "chopper" comes in for more cursing than he ever did in all his life before.

We have formed a Grant & Wilson Club. We met first, last Saturday evening, elected Geo. Crane President, and a number of gents Vice-Presidents, and one of the editors of the *Times* Sec. We started with four hundred and fifty names on the minute book last Saturday. It has, or will soon swell to more than double that number, and we vowed solemnly to carry Hornellsville for Grant & Wilson next November; and the best of it is, we can do it, and will do it. We have large accessions to the club from the Democratic ranks; more than will cover the losses by sore-heads, three to one. We work soberly and earnestly. I tell you the Grant Republican party stands firmer and stronger to-day than ever before; it has got clear of its troublesome elements, and is more than filling their places with sterling, honest Democrats.

The shriekers say they will "carry the election by noise and cambist by the rabble." They also appeal to Republicans to vote for Greeley, as he is the father of the Republican party. But many a good old father has forsaken his family and followed off some prostitute. That is exactly what is the matter with Greeley now; he has gone as "Brick Pomeroy" says the Democratic party has gone. The union is an unholy one, and the issue will be either illegitimate, or an abortion.

Yours truly,
VOX POPULI.

Time and enlightened experience have shown that certain substances formerly used and relied on in medical practice, are unnecessary and dangerous; yet some of these substances have found their way into medical compounds. Dr. Walker's California Vinegar Bitters, however, contain nothing injurious, being composed exclusively of vegetable substances from California. For all disorders of the liver, kidneys, bladder, skin and digestive organs and for purifying the blood, they are the most wonderful remedy known. 90

CURES DISEASES OF THE

THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the officials are above pointed for relief, the discoverer believes he has combined as *harmony* more of Nature's most sovereign curative properties, which God has installed into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of Bronchitis, Severe Coughs, and the early stages of Consumption, it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and purifies the blood. By its great and thorough blood purifying properties, it cures all **Humors**, from the worst **Scrofula** to a common **Blotch, Pimple or Eruption.** Mercurial diseases, Mineral Poisons, and their effects are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying, and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish, brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills, alternated with hot flushes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver or "Biliousness."** In many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal. It effects perfect cures, leaving the liver strengthened and healthy. For the cure of **Chronic Constipation** of the bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. PIERCE, M.D., Sole Proprietor, at his Chemical Laboratory, 193 Seneca street, Buffalo, N. Y.
