up the old Grant & Colfax flag, their possession of which I informed you in a former article; (it had went back on them and broke down); but they could not raise a cheer for it; poor old flag, it has trailed in the dust.

The only drawback on the pleasure of the day (when the pole was being raised) of an old sore-head in a state of intoxication, with a few conceited spirits, who tried to black-guard and bully up a muss; but the boys were doing a noble work, and had no time or inclination, to get into a row with so noted a sore-head as Col. B., especially when he was in such an enthusiastic condition.

You may depend upon the Hornellville boys doing their whole duty. The Greeley sore-heads were to hold a meeting in the Osborn House (said to be in a bed-room) but "counting noses," they fizzled out, and did not "enthuse." They are losing their enthusiasm, which makes their allies of the Democratic stripe cry Greeley; but still many of them say they are bound to follow him. The old "Bourbons," however, rebel, and go straight for Grant, whose policy they seek and understand. They are forming Grant Committees and Clubs in Virginia, preparatory to stamping the State for Grant. Grant & Wilson are gaining in strength and numbers daily. Added to their old friends they will, by November, have the most formidable array of votes ever marshalled against a large-and-sale, conglomeration of sore-heads, disaffecteds, and cadaverous, hungry rebels and copper-heads, now clamoring for official spoils. The noted demagogue of the F. P. Blair and Andrew Johnson stripe combined, (H. Grant Brown) will be swept with the heaviest of destruction from the face of the political horizon. He is now swinging around the circle, as Andy Johnson and he is part of his time harrying the people in the frenzied, half insane style of A. J., and then lapsing into a comatose state; something like A. J. when he was being inaugurated Vice-President, a few hours sleep will invariably revive him. Let the people take warning; the nation suffered enough from the sites of one demagogue Vice-President, and poor old Horace Greeley will be left, after November, bankrupt in principle, character, and in all probability, financially; all for the probability, of trying to elevate his old enemies to power; whom he declared less than twelve months ago, were "as intensely rebels at heart as ever," and it would not do to give the Government into their hands. More anon.

Yours truly, VOX POPULI. A JOLLY GOOD BOOK. OUR DIGESTION; OR, MY JOLLY FRIEND'S SECRET, by Dio Lewis, A. M., M. B., author of "Our Girls," etc., etc.

It is a real pleasure to get hold of a copy of a plain, practical common-sense book, that bears on its every page as the evident design of its author, the good of his fellow-man (and woman too). Three-fourths of all the sickness and unhappiness in our midst has a weak digestion for its prime cause. This being a self-evident fact, our only wonder is that a book like "Our Digestion" has not been written long ago. Now that it has been done, we are glad it has been so well done, and by a popular, practical and jolly a man as our friend, Dio Lewis. Search the country over, and you cannot find a man better suited for the task. His admirers are numbered by thousands, and all will welcome gladly a new book from his delightful pen. "Our Jolly Friend's Secret" is unfortunately unknown to a great mass of our readers, so we earnestly advise each and every one of them to possess without delay, a copy of this invaluable book. We hope it will quickly take the place of the "Domestic Medicine" as a household book for it will warn you how to do without medicine in most cases. It will teach you how to avoid or conquer biliousness and dyspepsia, and save a world of expense and trouble. It solves the problem of cheap living, and its information and receipts are the result of thirty years' study, by the most eminent and popular writer on health in Am this today.

Having thoroughly examined Dio Lewis' new book, "Our Digestion," I take pleasure in recommending it to all who want a book combining the most practical common sense with intense interest for all classes of readers. If every one, both old and young, in the community would read it, and put into practice its suggestions, I think he would be amply repaid in a richer fund of health and happiness. DANIEL LEWIS, A. B., M. D. Mayne Brundage is the only agent for the above work in Andover, Belmont, Ferrisburgh, and Cuba and would recommend him as worthy of patronage from the citizens of the above places, to whom the work will prove in the highest degree satisfactory and instructive.

Wanted.

A good compositor, in this office immediately. Wellville, we are creditably informed, with all the bowing of the few Greeley office-seekers, will give Grant as large a vote this fall as it did in '68.

There are at present employed upon the canals of the State 670 boats, having an average capacity of 1,225,000 tons and valued at a little over twenty millions of dollars. Of these boats about 4,000 are first class. Their average speed towed by horses is about one and one half miles per hour, and they usually make the trip from Albany to Buffalo in ten days.

At a regular communication of Andover Lodge, No. 558 of F. & A. M., held in their Hall on Monday evening July 15th, A. L. 6879, a Committee was appointed to prepare a suitable preamble and appropriate resolutions, to be recorded in the Minutes of said Lodge, also a copy for the Press, in token of respect to the memory of Dr. A. E. V. Durand, who died July 9th 1872.

WHEREAS The Divine Architect has transferred to a purer and better life, our tried friend and worthy brother, Dr. Durand, in whose decease the community has lost an honored and valued citizen and professional man, the soul's circle a beloved friend and companion, the church a christian and an exemplary member, his family a loving husband and father, the Masonic Fraternity one of its best informed and most esteemed members, and Andover Lodge one of its Charter members and first Past Master; in whom was combined the purity and excellence of the Masonic virtues, Therefore,

Resolved, That this Lodge extend its sympathy and heart felt sorrow, to the widow of our departed brother and to her orphaned children, and we pledge to her and to them a cheerful fulfillment of our Masonic obligations.

Resolved, That the relatives and friends of our brother deceased, have our sympathy and sorrow in their loss and bereavement.

Resolved, That we will ever cherish the memory of our brother gone before, being assured that his name is now on perpetual record in the Celestial Temple, and that he shares its bliss and glory.

Resolved, That we retire our thanks to those brothers and friends who ministered to our brother in his illness and cared for his every necessity.
