Facts for Farmers.

A series of experiments, instituted to test the average loss in weight by drying, shown that corn loses one-fifth and wheat one-fourteenth by the process. From this statement that, farmers will make more by selling unshelled corn in the fall at seventy-five cents than the following summer at one dollar a bushel, and that wheat at $1.32 in December, is equal to $1 50 for the same wheat in June following. This estimate is made on the basis of interest at 7 per cent., and takes no account of loss from vermin. These facts are worthy of consideration.

Russian Method of Preserving Fruit.

The method of preserving fruit, quite frequently adopted in Russia, consists of slacking fresh lime by sprinkling it with water and adding a little creosote. The fruit is to be packed in wooden boxes, with a layer of the prepared chalk powder of an inch in depth at the bottom. This layer is to be first covered with a sheet of paper, and upon it the the fruit is to be laid so as not to touch each other. On the first layer of fruit another sheet of paper is placed, with the lime powder sprinkled over it, and a sheet of paper this; upon this another layer of fruit is spread, as before, and the process continued until the box is full. The corners may then be filled with charcoal. I a tight-fitting cover is put on the box, the fruit, it is said, will maintain its freshness for at least a year.—*National Argi.*

Sawing Wood Without a Saw.

Geo. Robinson, M. D., of New York, has invented a mode of sawing and cutting wood without saw or axe, by electricity. The galvanic current when passed over platinum wire in sufficient quantity heats the wire to white heat. This wire thus heated does the work of saw or axe, without any appreciable expenditure of muscular force. By arranging the wires with handles or other means, by which it may be guided, any kind of lumber whether in trees, logs or plank may be cut as desired. The battery need be only of the simplest kind, as quantity not intensity of current is required. A child by this means may fell the largest tree in the forest, divide it into logs, or cut it into boards, without saw or ax. Only think of it! The idea of cutting down a huge pine tree with a wire! Some wiseacre stands up and declares: "I don't believe it. It can't be done," but such should remember that they talked just so when the telegraph was projected. It is only another proof that the impossibilities of to-day are the scientific facts of to-morrow.—*Scientific American.*

Make Home Attractive.

There is one thing I would be glad to see more parents understand, namely that when they spend money judiciously to improve and adorn the house, and the grounds around it, they are in effect paying their children a premium to stay at home, as much as possible, to enjoy it; but that when they spend money unnecessarily in fine clothing and jewelry for those children, they are paying them a premium to spend their time away from home, that is, in those places where they can attract the most attention, and make the most display.

Making Vinegar.

I noticed an inquiry how to make cider vinegar without the use of chemicals or drugs. My way is simply to tear brown paper into strips of eight or ten inches long, and four or five in width; dip them into West India molasses, so that both sides shall be covered. To three gallons of cider I put in six of these and set the jug where it will keep almost milk warm for about ten days. You will have good sharp vinegar that will keep. The paper saturated with the molasses will form a mother, and a piece of it put into sweetened water makes a nice vinegar plant that will grow rapidly, and keep a supply of very good vinegar if kept in a warm place.

The latest case of death from friction-matches has occurred in Crockett County, Tenn., A box of matches fell, undiscovered, into a pot of coffee; three persons partook of the contents, and are all now dead. Friction-match coffee is evidently a dangerous luxury.

The ceremony of laying the corner-stone of the first insane asylum for homœopathic treatment in America has taken place at Middletown, N. Y.

Switzerland has 268 head of cattle to every 1,000 acres, and 557 to every 1,000 inhabitants. In Spain there are only 39 head of cattle to every 2,000 acres.

This Cut Illustrates the manner of Using
DR. PIERCE'S
Fountain Nasal Injector,
OR
DOUCHE.

This instrument is especially designed for the perfect application of
DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried high up and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument the fluid is carried by its own weight (no snuffing, forcing or pumping being required) to the highest portion of the nasal passages, passes into and thoroughly cleanses all the tubes and passages connected therewith, and flows out of the opposite nostril. Its use is pleasant and so simple that a child can understand it. Full and explicit directions accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of "Cold in the Head" by a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucous, purulent, offensive, &c. In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with Dr. Pierce's Nasal Douche, and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, $500 reward for a case he cannot cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents. Douche at 50 cents. By all Druggists, or either will be mailed by proprietor on receipt of 60 cents

Ayer's
Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities or diseases that have lurked in the system for years soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless langnor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

VINEGAR BITTERS
VEGETABLE FREE FROM
RUM WHISKEY ALCOHOL
DR. WALKER'S CALIFORNIA
VINEGAR BITTERS
Vinegar Bitters are not a vile "Fancy Drink," made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Restorer and Invigorator of the System, curing all all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.
No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.
For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.
For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worm, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their extraordinary virtues.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
Grateful thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.
Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely a healthy person upon the face of the earth without a body or system free from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and bilious secretions, the putrid decaying mountain of disease that is rotting away the machinery of life. Expel these humors, and worms, or animalculæ, can not exist. No system of medicine, no vermifuge, no anthelmintic will free the system from worms like VINEGAR BITTERS.
Mechanical Diseases. Persons employed in Painting, Type-setting, Gilding, Metal-polishing, Mercurial Diseases, Lead Colic, and other diseases peculiar to many trades and occupations in life, will find in VINEGAR BITTERS a powerful preservative and remedy. To guard against sickness, take a dose of VINEGAR BITTERS daily, as a preventive.
Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout our country, the Mississippi and tributaries, the Missouri, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and many other localities, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored, grumous matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and purifying the blood.
Scrofula, King's Evil, White Swellings, Tumors, Ulcers, Enlargements, Stiffness of the Joints, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In their worst forms, and under the most aggravated circumstances, if the constitutional powers of life are not entirely destroyed, or the vital organs wasted beyond the point of repair, a few bottles of VINEGAR BITTERS will restore the patient to perfect health.
Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner, by purifying the blood, which is the fountain of life, and by rendering pure the source of the inflammation the tubercular deposits the affected parts receive health, and a permanent cure is effected.
The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.
The Aperient and well-known properties of Dr. WALKER'S VINEGAR BITTERS are the best safe guard in all cases of suppressed and malignant fevers, their balsamic, healing, and soothing properties protect the bowels of the digestive tube. Their bitter properties allay pain in the nervous system, stomach, and bowels, relieve from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influences extend throughout the system. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and in all cases where the biliary ducts are not superior to all remedial agents for the cure of Bilious Fever, Fever and Ague, etc.
Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.
Directions.—Take of the Bitters as prescribed at night from a half to one and one-half wineglassfull. Eat good nourishing food, such as beefsteak, mutton chop, venison, roast beef, and vegetables, and take outdoor exercise. They are composed of purely vegetable ingredients, and contain no spirit.

HALL'S
VEGETABLE SICILIAN
HAIR
RENEWER.
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
