THE STRIKE.
The strike at the quarries is ended, for a time, and all of the 972 have returned work with the exception of 25, who are considered the most obstinate. The loss to the quarry will not fall short of \$1,000,000, and a week's strike at the Pennsylvania of \$40,000,000. The company is indirectly more than very heavy. The company has been very unlucky during the month of March in strikes. A large sum that at least one million dollars may be lost. The strike has been retarded by strikes of some of the other companies. Business is almost brought to a standstill on account of it. The Erie company, so far as the strike is concerned, is out ahead.

GENERAL NEWS.
A terrible panic is reported in London. The Erie Railway managers put their heads under the towel at 11, 1890. The public debt statement shows a reduction during March of \$2,189,268. The President has nominated Mrs. Hall as Chief Justice of Colorado. The New Jersey State Senate passed a bill to amend the constitution of the State on March 23, 1891. The blood over its red color to make globules which float in that fluid, and contain in a healthy person, a large amount of iron, which is the basis of the blood. The Prussian Symply supplies the blood with this vital element, and it is a source of strength and vigor to the whole system.
