Box, Dr. H. Eddy is slightly injured. He is recovering rapidly.

The ladies are supposed to be all recovered now. About two hundred persons are reported to be in the city to get the names tonight the excitement is so great.

Many suffer rather than take medicine. All who suffer from cough, cold, irritation of the bronchial tubes or tendency to consumption, Wild Cherry is a remedy as agreeable to the system as it is powerful.

Quack Medicines.—We never profited from the great Western Pike remedy, which cured thousands, after various attempts, and a number of nostrums have failed. It is the discovery of Dr. Sillcock, an eminent western physician, and has been endorsed by medical men of all schools. It is a simple, medicinal antiseptic, and is an instrument, politics and medicine, affords instant relief from pain, and is pronounced by the highest authorities to be the best remedy for all ailments.

Fourth, it came into power, fully clothed with the powers of legislation, and it has since failed to redress the wrongs of the people. It has refused to embark upon the path of reform, and it has refused to support the Constitution of the United States.

Seventh, it has put upon the statute book a law unprecedented in its support of the interests, in the act incorporating the Wine and Spirit Traders' Society of the United States, whereby it has given the license to sell and to traffic in the same, and to traffic in the same, and to traffic in the same.
