Debt.

Somebody once lamented the existence of debt, but yet great national debts was a great national blessing. Although not strictly logical, the influence might be shown, that private debts are lesser national blessings. It is not with the great debt which rests upon us as a people, in a great measure, grew out of a grievous necessity, and should be borne only until the first means of relief are found. So do personal debts often come of taxed; and, while they cannot be properly regarded as beneficial to the debtor, they may, nevertheless, when wisely managed, sometimes lead to good results.

John Johnson is reported as having said that the farmer tilling moist lands can afford to mortgage his farm to procure money with which to effect thorough drainage. No doubt, with proper management, such a farmer might take the debt with profit. It would be but the thorny road to a pleasant attainment. With increased products of his land, with increased profits by his improvement, he would be able to lift his assumed burden, and when due provision is once made for the load, he is thereafter, permanently bettered, and in so much the general good is augmented. He has secured increased production, and when that becomes the equivalent of the debt which it cost, he is richer by the whole amount of the debt at last; perhaps a good deal more for this permanent improvement having given him proceeds wherewith to discharge his obligation, will continue to give profits thereafter to be accumulated or devoted to other good works.

The mistakes of debt are very curious matters to consider. In this case the farmer has never been the real debtor one moment after his borrowed money has been put into the permanent improvement of his land. It is the land that has become the debtor. He sets as an agent to receive and put back to the source from which he obtained the money until the debt is extinguished, when he becomes at once an only creditor to receive on his own account. He has developed a source of income upon which nature grants him unfailing royalty.

But, it will be said, we have supposed a case which is only hypothetically a debt. Very well. Let it be admitted, then, that a man may incur obligations of this kind without impairing his real prosperity; that, in fact, he may be vastly benefited through such means.

As a sort of general principle, it may be set down that money invested in anything which is sure to maintain the real value of the investment is still sound—if it does more, it is profit, whether the cost be borrowed or not.

We might stop here with the hope that we had made a very good showing for debt, but it would be like the trick of an unscrupulous advocate. Debt is like the curse which burdens all our industries, and especially agriculture upon which depends the prosperity of all other industries: There is no other class which, like farmers, must redeem obligations made, whether righteous or otherwise, and therefore none which should be more careful and discreet in making obligation. The worthless leech who makes a debt without regard to his ability to pay, bleeds his merchant or his mechanic who must restore his lost strength from some source. The farmer pays it in one shape or another, in the enhanced cost of his own supplies—in the diminished price of his products, or by the most remote method, in the ultimate support of the leeched victim if he be so badly bled that he cannot recover strength. Agriculture being the base of the whole fabric, takes the shock given anywhere in the structure. It is always a healthy business which pays back with the products of the indebtedness. No shock comes from that. No argument is made to show that farmers are any better or any worse, any more or any less useful than men engaged in any other legitimate pursuits. It is the accident of position which makes them suffer from the debtcollections of others.

Well, what will they do about it? That is precisely the question which is likely to receive an answer through the secret order styled Patrons of Husbandry. If the farmers and their associates engaged in the reformation of trade through this order, meet only that reasonable degree of success which seems well assured, the whole course of trade will be revolutionized. Careful private and public economy is a cardinal principal of the order, tending, of course, to diminished trade, but in no possible sense to curtail any proper enjoyments or pleasures, even though they be luxuries. But while the members of this order intend to have as much music as they need, they have as much music as they need, they make arrangements by which the fiddler looks elsewhere for his pay when it is leave the dance. To be plain, they expect and desire to give just support to the trade and to pay no assessments for failures of promises made by those who buy and recognize the excellence of their commodities and cash payments. Articles of merchandize are worth to the seller just what they cost, but as there are necessary expenses for trade and personal assistance for which no profit arises there is a certain propriety in putting something to cost, when the articles are offered for sale. That is fair and honorable between seller and buyer. But when there is added the cost of these articles with which non-paying purchasers have been supplied, the paying ones have a right to say: "No; they were transactions in which we have had no part, and therefore have incurred no obligations."

And yet it is equally urged sometimes by dealers, that they must charge more to good customers to make up losses by bad ones. The credit system of the country has fostered this dishonest sentiment, besides creating extravagant among the classes who make the credit system. Herein is the spring which has set in motion those absurd and ruinous changes, and which will finally undo trade into ways less [illegible] Just as far as possible [illegible] belonging to these organ[illegible] they go, and when [illegible] beyond these they will [illegible] operating them. [illegible] to the ordinary [illegible] of their business. [illegible] as new ones.

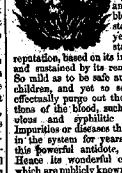
Ayer's Sarsaparilla



Is widely known and one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities or diseases that have lurked in the system for years soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm,** and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Pile, Neuralgia, Heart Disease, Female Weaknesses, Debility,** and **Leucorrhœa,** when they are manifestations of the scrofulous poison.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

It absolutely Purifies the Blood. It speedily corrects all morbid changes in the Blood. It equalizes the circulation of the Blood. It regulates the supply and quality of the blood. It prepares the blood to furnish a proper support to all the vital properties. It enriches the constituents of the blood upon which the vital energy of the system is dependent. It infuses the proper degree of animal heat in the system. It protects from the system the morbid humors which retard the natural functions. It imparts vitality and elasticity to every organ of the body. It corrects all derangements, however violent, which are the first origin of Disease. It promotes the operations of the digestive organs. It improves the appetite and enhances the pleasure of feeding after eating. It perfect digestion, rendering it natural and easy. It acts as a mild and efficacious stimulant. It elevates the standard of all the vital forces. It regulates the nervous fibres and diffuses a calm throughout the nervous system. It destroys all morbid conditions of the mind. It disperses dullness and hungor. It promotes buoyancy or spirit and feeling. It banishes those clogs upon pleasure which produce dumb gloom. It drives away those distressing symptoms which are of happiness. It revives the physical energies by infusing new life and power into the system. It fortifies the system against the dangers of malaria, fluctuations of the temperature, changes in the climate, &c. In short, it prepares the system for the radical change to be wrought in its constitution, and restores it to perfect health and natural vigor.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Hobbie, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during sesasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. Indeed, so for all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood; Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, are liable at any time to fits, and subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scalds, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display unbounded influence in their improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Hobbie, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during sesasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. Indeed, so for all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood; Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, are liable at any time to fits, and subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scalds, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display unbounded influence in their improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

These celebrated Bitters are composed of choice Roots, Herbs, and Barks, among which are Gentian, Sarsaparilla, Wild Cherry, Dandelion, Juniper, and other Tonics, and are so prepared as to retain all their medicinal qualities. They invariably give a prostrating to the following complaints: **Dyspepsia, Jaundice, Liver Complaint, Loss of Appetite, Headache, Bilious Attacks, Remittent and Intermittent Fevers, Ague, Cold Chills, Rheumatism, Summer Complaints, Piles, Kidney Diseases, Female Difficulties, Lassitude, Low Spirits, General Debility,** *and, in fact, everything caused by an impure state of the Blood or deranged condition of Stomach, Liver, or Kidneys. The aged find in the Quaker Bitters a gentle, soothing stimulant, so desirable in their declining years.
