

amount of manure on clover. There is a temptation to apply the manure in the form of a top dress. But it is better to apply it in the form of a top dress after the clover has been cut and the soil has been plowed. This is the best way to apply it. It is better to apply it in the form of a top dress after the clover has been cut and the soil has been plowed. This is the best way to apply it.

Wheat Injured by Threshing. An important inquiry has been made as to whether machine-threshed wheat is not injured for seed. It is shown that wheat which has been machine-threshed is not injured for seed. It is shown that wheat which has been machine-threshed is not injured for seed.
